AUTOMOBILE MAKERS ENJOY PROSPERITY AS BUYING TREND HOLDS

DETROIT, Mich., Dec. 11.—(AP)—The Automobile Manufacturers' association reported today that the income of automotive workers during 1935 will be 30 per cent higher than in 1934.

The hourly wage rate averages 70 cents above 1934 and 6.5 per cent higher than in 1929. The average for all manufacturing industries is 57 cents an hour, the association said.

The report pointed out, however, that because of efforts to spread employment annual incomes are not as high as in 1929. Offsetting this in part is a decline of 20 per cent in living costs.

Employment in the industry, excluding parts plants, averaged 289,562 last year and 320,484, a gain of 10.7, this year.

The total 1934 payroll was \$322,079,000, and in 1935 it was estimated at \$411,694,000.

WILL ROGERS MEMORIAL FUND Local Committee at Medford

To the Editor of The Mail Tribune: Wishing to have a part in perpetuating the memory of one of our most beloved and useful citizens, I enclose herewith my contribution to the Will Rogers Memorial Fund. I understand that this gift will be added to others from Medford and will go without any deductions whatsoever to the National Fund to be expended, also without any deduction, as the Memorial Committee may determine.

BIG FUND SOUGHT FOR MODERNIZING MEDFORD AIRPORT

(Continued From Page One.)

Aviation has been developing so rapidly, government officials pointed out, that many airports are fast becoming obsolete and a huge fund has been earmarked for airport development so that commercial aviation in this country will not be handicapped by lack of modern facilities. Rated as an intermediate commercial airport, the Medford plant is in line for an allocation of the funds and it is the aim of the men now in Portland to present the city's case to Mr. Doolin so that the local airport will not be neglected.

Under a small WPA grant, the gravel runways are now being extended and two warming-up aprons and a new border of lights are to be installed, but when this work is completed, the airport officials say, will still fall to meet the department of commerce standards.

Mr. Doolin is supervising engineer for all airports west of the Rocky mountains. He has the authority to recommend what airports should be developed and how much should be allotted for the work.

Before leaving by train for Portland last night, Mr. Scheffel emphasized that the present mission has nothing to do with the proposed army air base for the north coast. Mr. Doolin being concerned only with commercial airports.

WILL'S PRESENTS TO HIDE IDENTITY NOW SWELL FUND

Two of the contributions to the Will Rogers memorial fund in Detroit were made with money which the cowboy philosopher himself supplied. The story is brought to light by Garnet Warfel in the Detroit News.

Madeline Spears, assistant treasurer of the Fox theater in Detroit, was selling tickets on one side of the box office window one day in October, 1934. On the other side of the window was Ann McNabb.

Up walked a man with his coat collar turned high. He placed his admission fee on the sill, but didn't look up. However, the half-look Miss Spears got of the man was enough to convince her it was Will Rogers. His own picture, "Judge Priest," was then showing at the theater.

"I wouldn't buy a ticket if I were you," Miss Spears told Will. "You won't care for the leading man."

Spears, amazed, looked up and flashing his famous grin said: "Oh, gee will. Now look here. Hush your mouth."

Whereupon he pushed two one-dollar bills through the window, nodding that one bill was for Miss McNabb and indicating that the girls were not to let his presence be known.

The girls didn't tell, and have kept the dollar bills as souvenirs ever since. But early in the memorial fund campaign, they turned the same bill over to the Detroit memorial committee.

STATE UNTOUCHED BY HOLC DECISION

SALEM, Ore., Dec. 11.—(AP)—Invalidating a section of the home owners' loan corporation act by an opinion of the supreme court of the United States will have no effect upon the conversion of Oregon's savings and loan companies into federal associations, Corporation Commissioner Charles H. Carey said after a preliminary study of the newspaper reports.

Carey stated the opinion, which held the section could not be interpreted as authorizing state building and loan associations to acquire federal charters against a state's wishes, referred to the Wisconsin status only, affirming the supreme court of that state.

Oregon's legislature, in the second special session of 1933 had expressly provided for such conversions. Oregon's law was specifically amplified, he said, to overcome the objections raised in the Wisconsin case.

GIRL IN ASHLAND SICK WITH POLIO

Virginia Cary, 6, daughter of Mr. and Mrs. Roy Cary of 176 Van Ness street, Ashland, was reported ill Tuesday with infantile paralysis.

The girl, pupil of the Washington school, was sick for two weeks with measles, but symptoms of poliomyelitis developed Sunday, Dr. F. O. Swendenburg, attending physician, said.

This is the first case of infantile paralysis reported in Ashland. There have been no new cases of the disease in Medford or other parts of the county in more than two weeks.

11 Reported Dead In Airplane Crash

TATSFELD, Kent, Dec. 11.—(AP)—Ten persons were reported killed today in the crash of a passenger plane from Brussels to London.

The airliner left Brussels carrying a pilot, radio operator, steward and seven passengers.

The crash occurred in a high wind and rain.

More Pollution Suits Promised

ASTORIA, Ore., Dec. 11.—(AP)—Suits against cities claimed to be polluted by the Columbia and Willamette rivers between Astoria and Eugene will be filed within a week, Arvid Mattson, secretary of the Columbia River Fishermen's Protective association, said here. Mattson also said packers offered "financial and moral support" to the union's efforts to halt pollution.
