BUTTE FALLS, Dec. 18.—(Sp.)—Displaying a fast, rangy team Butte Falls scored their fourth consecutive victory by trimming Jacksonville, 34 to 19, on the local floor, Tuesday night.

The B team set the pace for the evening in the preliminary, defeating the Jacksonville B team 21-14. The first half was unusually hard fought, ending 7 all. Tugate, Palmer and Brainard came to life in the second half to run up 11 points and put the game on ice.

In the main game Butte Falls put it over the boys from Jacksonville. Although the first half was hard fought, ending 17-12 in Butte Falls' favor, Abbott ran wild in the last half and chalked up five field goals, making him high point man for the night with 18 points.

The Loggers' main advantage was height, the team averaging 6 feet, 1 inch, and the ball was played far above the miners' heads.

W. Conley, and Tink, forwards, clicked nicely, garnering several goals apiece by fast breaking and accurate shooting. Chambers and A. Conley both turned on the heat in the second half to hold Jacksonville to four field goals.

### WILBUR PRAISES CCC AS ONE GOOD PHASE IN NEW DEAL LINEUP

OGDEN, Utah, Dec. 18.—(AP)—Ray Lyman Wilbur, president of Stanford university and former secretary of the interior under President Hoover, said today as he paused here between trains that he finds at least one good idea in the new deal. It is the CCC which if properly handled, Wilbur believes, may answer the problem of how to train young men who do not go to college.

"The CCC has merits which should be carefully studied," said the educator. "I am a great believer in the open air way of developing young men, and I think the principle of letting the boys get acquainted with natural things is a good idea."

Wilbur, a consistent critic of the new deal, continued, "I don't believe in the government putting all the unemployed to work. The only way the government can get people back to work permanently is to work for things that will encourage business to give unemployed work."

"Government jobs are the wrong way and will lead to national insolvency. This country is still solvent but how long it stays that way depends on how long they continue with their present program."

### DEALER SUED BY TURKEY GROWER

Vida Steele of the Brownboro district has filed suit in circuit court against Corrie Bros. Inc., of San Francisco, produce dealer, for money allegedly due on the sale of 5,827 pounds of turkeys sold to the defendants.

Plaintiff alleges she sold Corrie Bros. on November 18, 1934, Medford, 5,827 pounds of Rogue River valley turkeys, at "the market price in San Francisco." She now alleges that a portion of the turkey purchase was paid her at the rate of 24 cents per pound, when the San Francisco price was 30 cents per pound, to \$241.40.

On a second cause of action, the plaintiff seeks \$132.10, on an assignment of a claim of Mary Bradshaw, for 400 pounds of turkeys. It is alleged that the Bradshaw turkeys were paid for at the rate of 24 cents per pound when the San Francisco market price was 30 cents per pound.

### DIONNE QUINTUPLETS ALL GARBOS ASSERT HERSHOLT OF FILMS

HOLLYWOOD, Cal., Dec. 18.—(AP)—The Dionne quintuplets says Jean Hersholt, are "five Garbos."

The veteran character actor who returned today from ten days of movie making with the famous babies at Callander, Ont., was most enthusiastic about the sisters.

"It was like working with five Garbos," he said.

Healthy, strong, intelligent and charming were some of the adjectives he used in describing the quintuplets.

What amazed him most, he said, was to see them sleeping out of doors in weather 20 below zero.

Hersholt impersonated Dr. Allan Dafoe, the quintuplets' physician, in the picture "The Country Doctor."

"Beyond question, Dr. Dafoe is one of the most unusual men I ever met," the actor said. "The miracle he performed, and the universal interest in it, has passed over him without so much as ruffling the surface. He takes the attitude that it was a job and he thanks his God he was able to do it well. Now, all he is interested in is following through."

### Hostak Reversed Of Technical K.O

SEATTLE, Wash., Dec. 18.—(AP)—Because of a state boxing rule which prohibits a towel to be tossed into the ring, Al Hostak, promising Seattle middleweight, gained only the decision instead of a technical knockout victory over Baby Joe Gans, veteran Los Angeles negro.

In their eight-round battle here last night, Hostak battered Gans to the canvas five times in the first two rounds, the bell saving the negro after the fifth smash. His manager tried to save his boxer by throwing in the towel but the referee kicked it out of the ring and kept the battlers going.
