May Robson Scores Hit In Interesting Film Rialto Screen
"Three Kids and a Queen" the comedy-drama which opened an engagement at the Rialto theater yesterday, is May Robson at her best. As the wealthy old maid, eccentric, crabbed and yet filled with an acid humor, this bright star registers a subtle and sure transition from lonely defiance to a blustery sort of contentment, only to have this happiest period of her life interrupted when she is kidnapped by gangsters.

Musical Hit on Holly New Year Bill

Irresistible song, crackling comedy and a heart-tugging romance fill the speedy sequences of "Thanks a Million," the bright new musical with a million dollars worth of stars, which comes to the Holly theater tomorrow night, as a New Year's eve midnight show.
With Dick Powell and Ann Dvorak enacting the chief romantic roles, "Thanks a Million" presents Fred Allen, Patsy Kelly, Paul Whiteman and his band with Ramona, Rubinoff, Raymond Walburn and the Yacht Club Boys. They all act real parts in a real story.
The plot of "Thanks a Million" revolves about the grief and comedy a tankward road company encounters under the masterful misdirection of Fred Allen.

Three Musketeers Offer Thrills In Craterian Feature

Spirited thrill action entertainment, the new presentation of Alexandre Dumas' famous masterpiece, "The Three Musketeers," which opened yesterday at the Craterian theater, is a rare treat for those looking for the finest in screen entertainment.

All the swashbuckling color and wallop of the original story—which have excited the interest of people for generations—have been retained, but embellished in a manner that is as up to date as today. Moving speedily, the picture is packed with an air of at-wed-it-point romantic adventure. It bristles with menacing political intrigue which has for its point the honor of a queen, the destiny of a king, and the fate of a nation. There's plenty of love interest, but not too much. Comedy serves to act as a pleasing offset to the basic drama and the thrilling climactic chase is as effectively exciting as the U. S. cavalry riding over the hills to the rescue of the beleaguered pioneers. All in all, a worthy combination of exciting screen entertainment.

The theme is familiar to most. It's the story of D'Artagnan, a boy embarked on a man's business, riding forth to join the king's forces, becoming embroiled with the rascally De Rochfort, joining the Musketeers and immediately getting into a brawl with the trio, Aramis, Athos and Porthos.
D'Artagnan and his one-for-all, all-for-one pals, who are now the best of friends, with sincere admiration for each other, proceed to become the central cogs in an action-packed series of situations to frustrate De Rochfort's treacherous plot to dethrone a dynasty and to confound the priestly master politician, Cardinal Richelieu—and it is the four-some who revenge themselves upon De Rochfort, save the King, Queen and their state in an exciting finish.
