Medford people were confronted with a variety of places to go New Year's eve, most of them solving the difficulty by stopping at all the town's big affairs sometime during the evening.

The dinner dance at the Hotel Medford proved to be very popular, with the guests dancing until 2 o'clock. Green and red-colored cellophane in unusual designs made the hotel dining room one of the most beautiful in the city. 142 guests dancing to the music of an eight-piece orchestra during the evening.

PIE? YOU, SI? SURE-I USE TUMS NOW!

SIMPLE SIMON MET A PHEMAM AND ORDERED THREE OR FOUR, HE NOW EATS TUMS WHEN HEARTBURN COMES... DON'T SUFFER ANY MORE!

Stop SAYING "NO" TO FAVORITE FOODS

It isn't only pie that disagrees with some people. Many say that even milk gives them a puffy stomach. The very best food may bring on acid indigestion, sour stomach, gas, heartburn. Millions have found that Tums quickly relieve acid indigestion. March 3 or 4 after meals or whenever smoking, lousy eating, last night's party, or some other cause brings on acid indigestion. Tums contain no harsh alkalis, which physicians have said may increase the tendency toward acid indigestion. Instead an antacid which neutralizes stomach acid, but never over-alkalizes the stomach or blood. You'll like their minty taste. Only 10c.

TUMS FOR THE TUMMY

TUMS ARE AN ANTICID... NOT LAXATIVE

"I have my new plates, but have been too busy to put them on."

In each instance the autoists were requested to return home and place them on before traveling the highways.

Many of the autoists stopped this morning reported they were on their way to the sheriff's office to get temporary stickers and were allowed to proceed.

EAST SIDERS ROUT WESTERN COHORTS IN GOLF CIVIL WAR

J. VERNE SHANGLE

The "Mexicans" from the east side of the village, as they were affectionately called by their brethren from across the tracks, yesterday made a raid across the border of the Rogue Valley golf course and nabbed the Shirley Temple cup by a routing 49 1/2-37 1/2 victory over the west. A leaden-hued sky and intermittent drizzles of rain kept many of the golfers huddled about the fire, only 29 matches being played, so many of the combatants were re-paired upon their arrival at the links.

The feature match of the day was between J. Verne Shangle, stubby photographer, and Tod Porter, one of the ace golfers of the club. First matched against Hubert Bentley, Porter was finally matched against Shangle when Bentley failed to show, and the photographer came through in surprising style, winning 2 and 1. Porter had a 39 going out, three down to Shangle.

Humors are rife today that Coach Gene Thorndike of the West, who marshaled his forces with such enthusiasm, would be recalled from his lofty position after dropping his match to Glen Jackson, 3-0. George Hunt, one of the West's leaders, is in the same boat, dropping his match with Major Morris by the same vote.

Match scores follow, with the East playing in the first bracket:

R. B. Hammond (3), T. W. Miles (0), G. A. Orr (2), Lee Watson (1), Jack Reynolds (1), Dave Wilcox (2), H. A. Thierolf (3), A. S. Rosenbaum (0), Leonard Carpenter (2 1/2), Lyle Wilcox (1 1/2), Arthur Laing (1 1/2), Ivan Harrington (1 1/2), Mark Miller (1), Gordon Green (2), W. Pruitt (1 1/2), O. A. Eden (1 1/2), Major Morris (3), George Hunt (0).

CONVICT STERILIZATION PASSES 150 MARK AT SAN QUENTIN PRISON

SAN QUENTIN PRISON, Cal. (UP)—More than 150 convicts in San Quentin prison have voluntarily submitted to sterilization operations, Dr. Leo Stanley, prison physician, has reported to the board of prison directors.

The convicts began to volunteer for the operation, Dr. Stanley said, soon after Attorney General U. S. Webb ruled last September that such operations were legal if desired by the prisoner.

Most of those operated upon, Dr. Stanley reported, explained their desire to avoid fatherhood was due to an aversion to "bringing children into the world with the stigma upon them that their father was an ex-convict."

Americans constituted 85 per cent of those submitting to the operation; Mexicans, 8 per cent.

Only 3 per cent of those sterilized were convicted of sex crimes. The majority, 62 per cent, were men convicted of crimes against property, such as robbery and theft.

Half of the men operated upon were unmarried; 35 per cent married; 11 per cent divorced, and 2 per cent separated from their wives prior to entering prison.

What happened when Ted Hopkins smashed up...

The ambulance men pried him out from behind the splintered wheel of his car.

At the hospital the doctors said Ted Hopkins could be back at his job within two months.

But 25-year old Ted Hopkins was the chief support of his parents, and hospitals cost money.

That's why, the day after the accident, Ted's boss talked with Mrs. Hopkins.

Within twenty-four hours a loan was arranged to cover Ted's hospital bills. It came from funds accumulated through the Safeway Employees' Association.

Ted Hopkins' salary was continued for two weeks. Accident benefit payments were made until Ted started earning again.

These payments came from insurance which Safeway carries for all employees without cost to them.
