Carole Lombard at Craterian Sunday

Gay comedy and romance form the background for the swift-moving events of "Hands Across the Table," coming Sunday to the Craterian theater with Carole Lombard and Fred MacMurray in the leading roles. A brightly fun fest of a working girl's everyday life, the film pictures the adventures that befall an attractive, ambitious man when she sets out to marry for money, on the theory that a rich husband is worth more than a loving one.

Comedy Stars in Rollicking Rialto Hit

"Miss Pacific Fleet" comes to port Sunday at the Rialto theater with that famous quartet of film comedians, Joan Blondell, Glenda Farrell, Hugh Herbert and Allen Jenkins heading a cast that includes hundreds of gobs and marines. Miss Blondell and Miss Farrell are teamed as a couple of wise-cracking chorus beauties who run a concession at an amusement park on the Pacific coast. They are put out of business through the cane ransing skill of Jenkins.

Jimmy Valentine was granted a \$1,000 permit to remodel his cafe, a permit for a like amount was granted Warner, Wortman & Gore to remodel the building at 307 East Main street, and a permit was issued to Hubbard Brothers to expend \$700 on building an addition to their hardware store.

Much money was spent in the city on repairs such as re-roofing residences, adding new rooms and changing old ones, while several permits were granted for the erection of garages.

With a premium now being placed on desirable furnished houses, a boom in building of that type is foreseen by architects and real estate men for next year. It has been pointed out by real estate agents, and home loan associations that there are practically no desirable houses for rent in the city at this time.

TIGERS WILL PLAY TALENT TONIGHT

Four Medford high school basketball teams go into action tonight at two widely divergent points when the second and third strings under Assistant Coach Ed Kirrley clash with the Butte Falls high school team at Butte Falls, and the first and fourth teams meet the Talent high school at the high school gym here.

The two games will be practice affairs, designed to afford experience to the Medford squads. Coach Bill Bowerman announced today. Confident that his first string will be capable of holding the Talent forces at bay, he declared his intention of practicing carrying the ball into the net, working it in and out, but making little effort to make the basket once the ball is in position. In this way he expects to work twice as much experience into a game which would otherwise be halted by tip-offs after each basket.

The public is invited to see the game here, which starts at 7:30. There will be no admission charge.
