Hoylman demanded a preliminary hearing which was set for this afternoon.

17,660 ON COUNTY VOTING REGISTRY

Total registration in Jackson county for the special election January 31, is 17,660, according to figures compiled by the county clerk's office. This is 1,094 less than in 1934, when the registration was 18,664. The decrease is attributed to cancellation of registration cards following the general election in 1932, when the registration passed the 19,000 mark, due to the influx of transient voters and voters from nearby counties.

PUNISHMENT BY GOD CAN BE AVERTED IS WEATHERFORDS WORD

Speaking Sunday evening from the Church of the Nazarene pulpit on "God's Love a Barriade to the Perishing," Fred M. Weatherford, pastor-angelist, used as his text, John 3:16: "For God so loved the world, that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life." A part of the speaker's message follows: "The Greek word 'apollumi' in the text is translated 'perish,' meaning 'ruined,' 'lost.' To perish is the eternal conscious blight of every unbeliever. 'The sinner's discomfort in eternity is but the effect of God's unalterable law. If God be the punisher, the punishment must be just. If the punishment imposed is just, then the sinner could have averted it. He could have done otherwise. 'Whenever there is the presentation of an issue involving choice, in all matters referring to redemption, man has the ability of choosing the opposite from the choice he makes. God offers no power of compulsion over him. 'God has, with great clarity, however, defined His laws with unmistakable will defined assurance of reward to the obedient and suffering with incalculable existence to the offender of His laws. 'If man is lost it will be because

NEW HOME OWNERS RECEIVE PROTECTION ASSERTS FHA CHIEF

NEW YORK, Jan. 14.—(AP) Speaking to a nation-wide radio forum on home building today, Stewart McDonald, federal housing administrator, outlined the steps taken by FHA for the protection of the prospective home owner. Each purchaser, he said, is given investment advice, assuring him of his investment in and continued ownership of the property. "He is protected from hidden and excessive charges," McDonald explained. "He is assured that the methods of construction and the materials employed meet, at least, the minimum property standards required by the administrator. "No greater need exists in the country than that for new homes—homes that are soundly built, well designed and adequately equipped to give a satisfactory and happy life to the fathers and mothers of today, and to the children who will be the home makers of tomorrow."

see there are many angles to the law."

It was then that Carle agreed to conform to the law, with the remark: "I guess there has been enough talking about this."

Carle has built a "box" on the back of his auto, which placed it under the pick-up classification. He said he did not care to change the car to its old status as "the box is mighty convenient."

"I still protest the law, and think it is unjust," declared Carle, after the agreement.

The court and district attorney both assured him that was his privilege, and he should take it up with the legislature, where the law was passed.

Carle, according to the statement of the state police, was halted on January 2, at the junction of the Grater Lake highway and the Lake Creek road. The pick-up law was explained to him.

"He asked me a number of questions which I did not like very much," the state trooper said, in stating the facts. "He asked me if I thought it was an unjust law. I then decided it was a matter for the courts to settle. I gave him a ticket. This seemed to upset him and I took the ticket back, upon his promise to apply for a pick-up license. He did not do so, so he was cited into court."

made public photostat copies of two manuscript letters, one signed "J. F. C." and the other "Dr. John F. Condon," with the comment: "These letters are particularly significant in that they reveal the peculiar workings of the man's mind."

It has been Gov. Hoffman's contention that Dr. Condon, now on a southern cruise, should be questioned further with the idea of his adding clarification to the Lindbergh case.

Attorney-General Wilentz's statement that he understood the governor planned to relieve Hauptmann was made to the members of the legislative appropriations committee. He said that if the reprieve were granted, he would appear before the committee Monday and ask for additional funds with which to resist defense efforts to save Hauptmann. He said such money would be necessary because the defense had engaged new "and costly" counsel.

NEW FARM RELIEF PLAN SEEN SOON

WASHINGTON, Jan. 14.—(AP)—Senator Robinson of Arkansas, the Democratic leader, predicted after a luncheon with President Roosevelt today that a new farm program to replace AAA would be ready for congressional consideration by the end of the week.

He declined to express an opinion as to what the program would be. "It is felt that within a few days, probably by the end of the week, a draft of legislation relating to the AAA will be completed and ready for submission," he said.

"Work on the draft is in progress. I will not attempt to announce its provisions."

He said he was not informed whether the president would submit a special message to congress.

RASKOB SAYS INCOME TAX POLITICAL CLUB

WASHINGTON, Jan. 14.—(AP)—John J. Raskob's accusation that "high administration officials" are using income tax litigation as a political weapon emphasized today the bitterness between the new deal and certain conservatives, both Democrat and Republican.

"Tyranny and cheap politics" was the answer the former Democratic national chairman hurled last night at a government brief, charging that he and Pierre S. DuPont of Delaware agreed to create fictitious losses through security sales to one another in 1929.

TRANSIENT CAMP ORDERED CLOSED

SALEM, Jan. 14.—(AP)—The Roosevelt transient camp at Roseburg will be closed because no funds are available for continuance of the project, Elmer R. Goudy, state relief administrator, today informed Governor Martin.

Goudy, who stopped here on his way to Roseburg to take action on the matter, informed the governor that the state law does not permit use of any funds for transient relief, and that he had no alternative but to close the camp.

Goudy declared the matter presented a serious problem, since none of those at the camp had residences or homes to which they can be sent. "It will have to be a matter for the local community, a situation which is regrettable, but one in which the state is powerless to handle."
