SAMPLE BALLOTS AVAILABLE NOW IN SPECIAL ELECTION

Sample ballots for the special state election Friday, January 31, when the electorate will vote upon four measures, were received today by the county clerk from the printer. The sample ballots will be distributed to the various precincts and any citizen desiring a copy may obtain same by calling at the county clerk's office.

A sales tax to provide funds for payment of old age pensions, student fees at institutions of higher education, change of the primary election date from May to September, and a measure providing changes in the pay of legislative members, are listed on the ballot.

City of Medford voters will have a separate ballot for voting on the question of civil service for the fire department.

The interest in the special election to date is lukewarm, with no indication it will become heated. There is no burning issue, and no oratory. Even the sales tax measure, generally a hot topic, is dormant.

Polling places for the special election have been selected by the sheriff and county clerk. They are practically the same as at the 1934 election. Selection of election precinct officers is now underway and will contain several changes.

Years later, Mr. Banwell was with a contingent of New Zealand troops when they were inspected by the Prince of Wales, who now becomes monarch of the British empire. With a few selected guardsmen Mr. Banwell had lunch with the prince.

Test Of The Best Topic Tonight At Free Methodist

The revival at the Free Methodist church, West Tenth and Ivy streets, is in full swing. Last night, Rev. M. E. Lewis, the engineer-evangelist, spoke on the "New Deal of Religion." He said in part: "The slogan 'new deal' is a political shibboleth with a commercial rating. Its policy of recovery in the economical sense deals with five cardinal points, circulation of more money; reduction of overhead; give better value rather than reduce wages; advertise more, and more research work."

The evangelist proceeded to give these five prerequisites a gospel application to fit the needs of the church recovery. He emphasized the essential of a greater spiritual circulation of the Holy Ghost.

Tonight Mr. Lewis speaks on "The Test of the Best."

Here's Swift and Direct Action to Relieve That Cold

Modern External Treatment Helps End Colds Without Constant "Dosing" to Upset Digestion.

JUST RUB ON AT BEDTIME

Two generations of mothers have proved Vicks VapoRub the most effective treatment for children's colds. VapoRub is external—and safe. Its use avoids the risks of constant internal "dosing" which so often upset digestion and appetite, thus lowering body resistance when most needed.

Just rubbed on throat and chest at bedtime, VapoRub starts to work immediately—two ways at once: 1. By stimulation through the skin like a poultice or plaster— 2. By inhalation of its penetrating medicated vapors released by body heat and breathed in direct to inflamed air-passages.

Continuing through the night, this powerful poultice-vapor action loosens phlegm— soothes irritated membranes—eases difficult breathing— stops weak congestion.

A Practical Guide for Mothers Each year, more and more families are being aided to fewer colds and shorter colds by Vicks Plan for Better Control of Colds. Vicks Plan has been clinically tested by practicing physicians, and further proved in everyday home use by millions. Full details of the Plan in each package of Vicks VapoRub.

WINDOW PEEPERS GIVEN 60 DAYS IN COUNTY BASTILE

Harold Bingman, 20, and Norman Rosenberger, 18, local youths, charged with disorderly conduct, were each sentenced to serve sixty days in the county jail this morning, by Justice of the Peace William B. Coleman. The youths entered pleas of guilty to peeping into a window last Friday night at the home of W. H. Ellenburg, sergeant of state police.

"Your attitude while in the county jail will determine the length of time you stay there," the court told the youths. "If I see fit after a period of time, I may grant you paroles. It is for the best interest of the public that you be punished as a warning to others."

The court cited the recent petty crime wave in this city. The district attorney's office reported that in the past month, a half dozen complaints of "peepers and prowlers" had been received.

"I can appreciate the feelings of a father in this state," said the court. "It is a wonder you were not shot down when you ran."

Bingman admitted he took to his heels, when he saw Sergeant Ellenburg appear.

Both youths denied, and it was not brought out at the hearing, that either had offered any resistance, as reported when arrested. It was also brought out that Rosenberger had been in no previous trouble, and that Bingman had been in city court on a minor charge that was dismissed.

THIS NATURAL FOOD GENTLY REGULATES YOUR SYSTEM

Furnishes Needed "Bulk" for Regular Habits

Your doctor will tell you that keeping healthy depends far more on proper diet than on drugs, that common constipation is usually due to insufficient "bulk" in meals, and that patent medicines give you only temporary relief.

Kellogg's All-Bran supplies gently acting "bulk" which corrects the cause of common constipation. This "bulk" takes up moisture, forming a soft mass which helps to cleanse the system.

All-Bran gives your body the regular internal exercise it needs to prevent sluggishness. All-Bran also furnishes vitamin B and iron.

Studies on normal men and women have shown that this delicious cereal is perfectly satisfactory. Serve All-Bran regularly for regularity, with milk or cream—or use in cooking.

Two tablespoonfuls daily are usually sufficient. Consult your doctor if you do not gain relief this way. All-Bran is much more effective than part-bran products.

Get All-Bran at your grocer's. Made by Kellogg in Battle Creek.
