

CHAIRMAN PORTER CITES UTILITY OF PRESIDENT'S BALL

Sale of tickets to the annual President's ball, to be held here January 30, was under way today and an exceptionally large attendance was anticipated by the committee in charge.

Similar balls will be held throughout the nation on January 30, President Roosevelt's birthday, as a means of raising funds to fight poliomyelitis, the crippling disease. Seventy percent of the funds so raised will be retained by the local community, while 30 percent will go to the Warm Springs Foundation.

The dance here will be held at Oriental Gardens.

The ball is of special significance to Medford and Jackson county this year, for infantile paralysis struck in 1935 a number of homes the latter part of 1935. Some of the funds it is understood, will be used in helping to restore health to the local children and youths who were victims of the disease.

Regarding the ball Mayor George W. Porter, general chairman, said: "We expect a real turnout this year because the need for study of infantile paralysis was brought close to home this winter. Every person who has children, and even the young people who know that sometime they may become parents, should certainly attend the dance."

Cole Holmes chairman of the ticket committee, named the following salesmen:

W. W. Allen, G. C. Furnas and H. D. Mann from Rotary club; John C. Kern, Frank Dillard and Max Peirce from Kiwanis; Fred Underwood, A. M. Anderson and Hal Farley from Twenty-Three club; O. H. Bengtson, F. Deak and Ken Anderson from Active club; and Ed Mann and Roy Elliott from the Lions club.

Ashland salesmen are: Guy Applewhite, Hal McNair, G. E. Gunter and C. W. Claus.

Others are E. J. Brown, Applegate; E. A. Hildreth, Butte Falls; Theo. A. Glass, Central Point; Walter Clements, Eagle Point; John Holmer, Prospect; C. W. Martin and H. D. Reed, Gold Hill; F. L. Touville and J. B. Wetterer, Jacksonville; Thomas Stanley, Lake Creek; J. F. Wortman and Robert Furrey, Phoenix; Jay Terrell, Talent; and James Hamilton and Floyd Rippey, Ruth.

Well Groomed Women Gain Employment First

By RUTH COWAN
Associated Press Staff Writer.

CHICAGO, Jan. 23.—(AP)—Male employers appeared increasingly responsible today for the big beauty bills, estimated at \$1,000,000 a day by the Illinois Hairdressers' association.

Most employers were men, it was shown in a survey of personnel directors and employment bureaus on the qualifications required of job applicants.

The University of Chicago's placement bureau reported "the woman who is smart and smart looking has the better chance."

Recently a New York board of examiners refused to license School Teacher Miss Rose Fretstater, weighing 180 pounds, until she reduced to 150 pounds.

Other occupations in which plumpitude was found to count were: Elevator operators in department stores.

Salewomen in specialty shops. Airplane stewardesses. Cashiers, reception clerks and front office help.

Beauty shop operators and cosmetic saleswomen.

Waitresses in the better restaurants—but some restaurateurs, one agency confided, like the girls plumpish.

Even unseen telephone operators and factory girls have better chances, it seems, if they have their hair "just so."

Mrs. E. M. Denell of a college alumni sponsored employment bureau explained, "men have found that women who know they are looking their best are more efficient."

But, she added, "men don't want women who are too good looking. What men really want in their employes is sleek grooming and any woman knows that takes more time, attention and money than just being pretty."

Officers were installed and new members initiated at a dinner dance and meeting of the club at Valentine's cafe Tuesday night. A. H. Benwell, honorary member spoke on the development of southern Oregon and emphasized the part young service clubs can play in promoting this section of the state.

CCC EDUCATIONAL PLANS DISCUSSED BY CAMP LEADERS

CAMP RAND, Jan. 23.—(Spl)—Spring and summer educational work in the CCC camps is being discussed in a series of conferences in the Medford district, under the leadership of Captain William C. Ryan, district welfare officer; Eugene C. Golden, district educational coordinator, and Lieut. Roy Craft, assistant welfare officer, with educational advisers of the 22 camps in the Medford district.

Advisers from eight of these camps will meet in Camp Rand today and Friday. Camps represented and the educational advisers attending are: South Fork, Glenn Metzler; Applegate, Laurence Lewis; Wimer, Donald Mace; Oregon Caves, Albert Malley; Gasquet, Wallace Griffiths; Indian Creek, Leonard Moore; Oak Knoll, Blayne Brewer; Prescott, O. P. West.

All members in CCC camps are being asked to sign a declaration of intention, stating whether they will re-enroll or return to their homes at the close of the current enrollment period which terminates March 31. Enrollees are being informed that, due to probable further reduction in the Civilian Conservation corps, there may be no new enrollments for some time in the future.

Ninth corps area headquarters has called upon district commanders to submit reports to San Francisco showing the number intending to re-enroll. This figure will be used as a basis for planning adjustment in size and location of the CCC camps for the quarter April 1 to June 30, 1936.

Plans will be made on the assumption that all enrollees desiring final discharges at termination of the sixth period will have been separated from the CCC by March 31 and that no new enrollments will be made in the meantime.
