# GOVERNOR REOPENS BRUNO CASE

**News Behind The News**  
 By Paul Mallon  
 Copyright, 1936, by Paul Mallon  
 WASHINGTON, Jan. 30.—The whopping year-end business figures handed out officially during the last few days are a little too good. For instance, the federal reserve board has just announced that December industrial production was 103 per cent of normal. That is probably correct, but it may be entirely misleading.

What it means is that the industrial output was 3 per cent greater than the average December of 1923, 1924 and 1925. And the reason is that certain major industries have changed their seasons since then: to wit, automobiles, which in turn draw on steel, glass, textiles.

It does not mean this country has yet reached a planned level of normal production, it is just a seasonal quirk.  
 A more accurate line on things can be obtained from the yearly averages covering all seasons. If you will trace these on the following chart you will find that industrial output for 1935 was 90 per cent of the averages for 1923, 1924 and 1925. That marks four years of progress from the depths of 1932, when industry was down to 64 per cent.  
 There is every expert reason to expect that this year may continue the upward progress, although the industrial production figure will probably ease off for a few months. The reason: declining auto production, with its effect on steel, glass, etc.  
 The seasonal spurge of December will work in reverse during the coming months.  
 All figures in the following chart are based on 1923-1925 as 100, except prices, which are based on 1926. Each thus tends to represent the percentage of normality existing at the times stated.

## FOREST HIGHWAY PROGRAM URGED

PORTLAND, Ore., Jan. 30.—(AP)—A forest highway program calling for the expenditure of \$1,200,000 in the northwest was recommended by the secretary of agriculture, W. H. Oregon projects recommended included: Surfacing 13.5 miles Salmon River highway, grading Willamette highway, grading Santiam and North Santiam highways, grading and clearing Tillamook highway, grading and surfacing Fremont highway, reconstruction and grading Pendleton—John Day Highway, surfacing Weston—Elgin highway.

PORTLAND, Jan. 30.—(AP)—A special dispatch to the Oregonian said Congressman James W. Mott was informed no vessels will be available for Portland's rose festival in June but that a part of the fleet may be dispatched here later in the summer.

## SUGGESTS POLICE SEEK COHORTS IN LINDBERGH CRIME

Repeats View Kidnaping Not Work of One Person—Promises Additional Reasons for Reprieve

TRENTON, N. J., Jan. 30.—(AP)—Gov. Harold G. Hoffman virtually re-opened the investigation of the kidnaping and slaying of Chas. A. Lindbergh, Jr. today. The action was taken two weeks from the day he granted Bruno Richard Hauptmann, convicted murderer of the child, a 30-day reprieve from execution in the electric chair.

In a letter to Col. H. Norman Schwarzkopf, superintendent of the New Jersey state police—the body of men which played an important role in the investigation of the crime and the apprehension of Hauptmann—the governor reiterated his often expressed view that he does not believe the kidnaping was the work of one person alone.

Accompanying the governor's letter to Colonel Schwarzkopf was a list of statements made by various witnesses during the trial, which the governor said indicated belief by them that more than one person was involved in the crime.

The fact that others are implicated does not provide an excuse for Hauptmann, but neither does it excuse any official from doing his full duty in bringing every other participant to the bar of justice.

"The facts I am giving today represent only part of the reasons I felt to justify reprieve. I will at, from time to time, my additional reasons. In the brief I am presenting to the

## BUILDING IN 1936 TO SHOW BIG GAIN

NEW YORK, Jan. 30.—(AP)—Business analysts are convinced that building operations will play a major part in shaping the 1936 industrial curve.

Most of them believe capital expenditures for construction this year will heavily exceed the figures of 1935, and thus help to lift business activity to a considerably higher recovery peak than was registered last year.

For the most part, the construction specialists are talking of gains of 20 to 40 per cent in contract values over the dollar volume of the previous year.

## ITALIANS ADOPT NEW WAR MOVES

By the Associated Press  
 Italy, cabinet voted approval to three new war measures today as an Italian column along the southern Ethiopian front was reported threatened by rear flank troops after a penetrating drive deep into the Wadara region.

## Printers Ponder Proper Picture To Grace Bonus

WASHINGTON, Jan. 30.—(AP)—Government engravers today faced a problem—what president's picture should be printed on the \$8,000,000 bonus bonds?  
 A treasury official intimated that it would not be President Roosevelt's. It is believed it will not be a portrait of Presidents Harding, Coolidge or Hoover. They, like Mr. Roosevelt, vetoed bonus legislation.

Officials of the bureau of engraving and printing contented themselves with saying the portrait would be selected from many engravings of chief executives now "in stock."

## ROOSEVELT ASKS CONGRESS STAND ON CONSERVATION

WASHINGTON, Jan. 30.—(AP)—President Roosevelt recommended today that congress define principles for federal-state co-operation in dealing with soil and food problems originating in "Little Rivers."

In transmitting to the capital a report of the national resources committee entitled "Little Rivers: A study of headwater streams and other little waters; their use and relations to the land," Mr. Roosevelt said in a message:

"The report points out that we can have no effective national policy in those matters, nor in the closely related matter of proper land uses, until we trace this thing water back to its ultimate sources and find means of controlling and using it."

"Our disastrous floods... our major problems of erosion... originate in a small way in a multitude of farms, ranches and pastures. We must have literally a plan which envisages the problem as it is presented in every farm, every pasture, every wood lot, every acre of the public domain."

"The congress could not formulate, nor could the executive carry out the details of such a plan, even though such a procedure were desirable and possible under our form of government."

"We can, however, lay down certain simple principles and devise

## HASTINGS ROASTS DUPONT ATTACKER IN SENATE SPEECH

WASHINGTON, Jan. 30.—(AP)—Senator Hastings (R., Del.) said today that the manufacturer paid \$4,303,988 income tax for 1935 and contributed \$982,473 to charity that year.

Hastings, speaking on the senate floor, assailed as an "infamous slander" the recent attack which Senator Schwellenbach (D., Wash.) made upon DuPont.

The Delaware senator said such a "vicious attack" upon "one of the most distinguished citizens of my state" was a "blot" upon Schwellenbach's record.

Schwellenbach, in the course of a speech denouncing the American Liberty league as controlled by "radicals and crooks," he referred to income tax litigation the government has aimed at DuPont. The government contends a securities transaction between DuPont and John J. Raskob, another Liberty league backer, was not in good faith.

Hastings, implying that DuPont was a victim of government "terrorism" because he backed the Liberty league in its onslaught on the new deal, said:

"This man, who paid more than 4 1/2 millions of dollars as an income tax for 1935; this man, who contributed to charity for that same year but slightly less than a million dollars, or a total of more than 5 1/2 million dollars to his government and to charity, is now held up by the junior senator from Washington as being guilty of as high a degree of criminality as has ever been perpetrated by racketeers who were finally put in the penitentiary."

## CIVIC ORCHESTRA WILL ADMIT BOYS

All young men and women between the ages of 16 and 24 interested in orchestral ensemble work are invited to meet at the Girls' Community club, 222 North Bartlett street, Friday evening at seven-thirty. Those in charge state that no expense is involved, and that this is an excellent opportunity for young musicians to gain experience and practice.

PARIS, Jan. 30.—(AP)—Premier Albert Sarraut today threw in his lot with Great Britain, declaring that nation's "co-operation with France is essential guaranty of the peace of Europe."

In a seven-minute ministerial declaration read to parliament, the premier admitted his main task was to assure "impartial elections," but he promised to try to reduce unemployment, encourage trade, and protect the gold franc in the struggle toward "a happier tomorrow."

The elections to which he referred are those for parliament, coming in April or May.

Even as he spoke, the bank of France announced the withdrawal of another billion francs (about \$67,000,000) in gold from its vaults during the week that the government of former Premier Laval was falling.

## FIND FROZEN BODY OF SELF-SLAYER

BAKER, Ore., Jan. 30.—(AP)—The body of a young man who apparently killed himself with a small calibre rifle some time last week was found by state highway workers near the Baker—Homestead highway two miles east of Baker this morning.

The body is frozen so solidly officers will be unable to determine the exact location of the bullet wound until probably Friday. The barrel of the gun, lying beneath the body, was grasped in the left hand.

Officers estimated the man's age at from 30 to 35 years. He was between 5 feet 10 inches and six feet tall and weighed about 160 pounds. The young man, who had brown hair, wore a new light colored felt hat, black oxford, brown trousers, black slipover sweater, light brown overcoat and black bow tie. Upon the body were found cigarettes, rifle cartridges, \$2.65 and road maps and matches picked up in California and southern Oregon.

## SMITH SEEN ENMESHED IN CELLOPHANE WRAPPER

BOSTON, Jan. 30.—(AP)—Governor James M. Curley, new deal booster, characterizes Al Smith as a man wrapped up in "DuPont cellophane" from which he will find it difficult to extricate himself.

The former governor of New York, Curley said, lost his power in the democratic party when he discarded the brown derby for the tall hat.

## LONDON CAMPAIGN KICKOFF STRESSES NEW DEAL FLAWS

Cheering Kansans Hail Governor As Logical Republican Presidential Nominee—2300 Attend Rally

By O. A. MARTIN  
 Associated Press Staff Writer  
 TOPEKA, Kas., Jan. 30.—(AP)—Gov. Alf M. Landon of Kansas, hailed by Republicans of his own state as "the logical choice" for the presidency, was deluged today with telegraphic comments on his conception of national problems as revealed in an address commemorating the 75th anniversary of the state of Kansas last night.

While the governor, tired from two days of strenuous "Kansas day" activity, rested, his friends handled the incoming mail and telegrams.

TOPEKA, Kas., Jan. 30.—(AP)—Gov. Alf M. Landon decried "political waters" of the New Deal as stumbling blocks to recovery last night while cheering Kansas Republicans hailed him as their party's "logical" presidential nominee.

In his first public analysis of national issues the Kansas governor found flaws in almost every undertaking of the Roosevelt administration.

But he remained silent on the presidential campaign launched in his behalf yesterday.

The address climaxed a "Kansas day" rally in which state Republicans adopted resolutions virtually projecting him into the G. O. P. presidential picture. It was broadcast nationally.

Employment Unrelieved  
 "The clinching proof of the New Deal's failure is that almost as many persons are out of work today as there were when it first set up shop," he told an applauding audience of 2,500.

"The administration has presented no permanent solution of our major problems."

An affable "thank you" was his only acknowledgment to the party workers who greeted him as "the next president."

## GILLETTE GOES TO PEN SATURDAY

Gillette, former secretary of the Eagles' Lodge here, who was sentenced to serve two and one-half years in state prison yesterday upon his plea of guilty to larceny by embezzlement of lodge funds, will be taken to Salem Saturday morning by Deputy Sheriff Glenn Laidley, it was announced by the sheriff's office today.

## HARBOR PROJECT AT PORT ORFORD HELD TOO COSTLY

PORTLAND, Ore., Jan. 30.—(AP)—The harbor at Port Orford does not justify an expenditure for an adequate, fully-developed port, Colonel Thomas M. Robins, division engineer, said in a report to Washington. He estimated a minimum of \$3,000,000 would be necessary.

Col. Robins said a hearing on the project was held last month. Those interested in the improvement have been told they may appeal in writing to the board of engineers in Washington.

Information needed for such an appeal may be obtained upon application to the district engineer in Portland.

Col. Robins said it is possible to provide a fair degree of harbor protection at Port Orford, except during unusually heavy storms, by building a breakwater about 3,700 feet long, extending southeasterly from Nelly point.

"The division engineer said, however, 'the expenditure required for this limited improvement, which will be at least \$3,000,000, is greater than appears warranted at this time in view of the underdeveloped condition of the area tributary to the port and the limited amount of its present and reasonably prospective commerce.'"

## PORTLAND BANDITS GIVEN LIFE TERMS

PORTLAND, Ore., Jan. 30.—(AP)—Life sentences in Oregon state prison were imposed today on James Chispanno, 21, and Robert Cameron, same age, convicted of a series of assaults and robberies here. Each had served previous prison terms.

Police connected the two with at least 40 violent robberies here in which the victims were brutally beaten, and some of them robbed. In passing sentence Circuit Judge J. P. Winter said any person who attempts to rob while armed with a gun "is a potential murderer." He added: "I do not see any cure for the conscience of these men."

There was general rejoicing in the ranks of the republican party, but the rejoicing subsided abruptly at the news of Smith's victory.

Of Smith's American liberty league activities Curley said:

"There was general rejoicing in the ranks of the republican party, but the rejoicing subsided abruptly at the news of Smith's victory."
