## Lions Arranging Entertainment for Big Auto Show Feb. 7th and 8th

### Allen and Taylor Attend Auto Meet

W. W. Allen and L. C. Taylor, of the Pierce-Allen Motor Co., left today to attend a meeting of the Oregon Automobile Dealers' association which will be held in Portland Tuesday in conjunction with a regional conference of the National Automobile association. Mr. Allen is a vice-president of the state organization. Three nationally known speakers will discuss dealer problems.

The Pierce-Allen Motor Co. unloaded a carload of Dodges last week finished in the sensational new color known as Hunter green. Another carload of Dodges and a carload of Dodge commercial cars is due to arrive this week, according to Mr. Allen.

### J. A. Anstey Urges Careful Check To Reduce Accidents

"Every motorist who is anxious for his own and his family's safety and welfare should, at the earliest opportunity, have his tires, wheels and other equipment on his car carefully inspected for safety before he plans any long trips," says J. A. Anstey, local manager at the Lewis Super Service Station. "This is especially true in the case of tires," says Mr. Anstey. "There are many car owners who do not yet appreciate the strain which is on tires which have any amount of wear.

"For complete safety, drivers should have tires, wheels and brakes examined so that any danger spots may be detected and repaired before an accident occurs."

The Lewis Super Service Station is starting a safety drive. Nationally famous merchandise including Goodrich Safety Silvertown tires with the life-saver golden ply, Goodrich Electro-Pak and other batteries in the Goodrich line, auto accessories and services which include motor overhaul, top work, fender repairs, brake adjustments, wheel alignment, etc. are offered at attractive prices.

Mr. Anstey says: "Of special interest is the 'no money down' offer on our original budget pay plan. This plan, which has been in operation in our store for several months, has proved immensely popular. It makes it possible for the car owner to purchase needed equipment and pay for it out of income while the equipment is being used. This is becoming much more satisfactory than having to make a large outlay of cash at one time."

### Motorist's Fright Leaves Him Blind

ARKANSAS CITY, Kas., Feb. 1.—(AP)—Motorist Lang Phillips saw a child hurled from an automobile to the pavement in front of his car. The sight shocked him into unconsciousness that lasted three days. A resultant nervous collapse left him blind.

The child was not hurt.

### DEALERS TO SHOW LATEST MODELS IN MEDFORD ARMORY

### Tire and Accessory Dealers Also Cooperating—Dancing to Be Feature On Friday and Saturday

Thousands of Southern Oregon spectators are expected to view the outstanding new 1936 automobiles on display at the Lion's Club Auto Show at the Medford Armory Friday and Saturday, February 7 and 8. Music by Whipple's orchestra and a program of varied entertainment will add to the gaiety of the event which is under the general management of Carroll J. Hays.

Proceeds from the Lions Club show will be added to the fund to purchase radios for blind residents of this locality. Nine persons have already been supplied by radios through efforts of local Lions.

### Dealers Cooperate

The following Medford car dealers have arranged to exhibit at the Armory: Walter W. Abbey Inc., Naah, Lafayette, Willys and International trucks, Lang Motor Co., Chrysler, Armstrong and Airflow, Plymouth; Sanderson Motor Co., Studebaker cars and Studebaker trucks; Skinner's Garage, Buick, Pontiac and G. M. C. trucks; J. J. Osenbrugg, Packard and Oldsmobile; Rogue River Chevrolet Inc., Master and Standard Chevrolet; Mead Motor Co., DeSoto and Plymouth.

Young's Car Market, Hudson and Terraplane cars, Young and Farrow Motor Co., Cadillac and LaSalle; Pennington's Garage, Graham and Graham Super Charger, Firestone Tire and Rubber Co. will show a large selection of tires and auto accessories; Littrell Parts Co., auto accessories; Lewis Super Service Station, Goodrich tires and accessories; Western Auto Supply Co., full line of accessories; Burk Tent and Awning Co., exhibit of upholstering, tents and awnings; Commercial Finance Corp., safety campaign booth.

### Dancing in Evening

The Medford fire department under the direction of Roy Elliott will give a life-saving demonstration. Lady Lions will be in charge of concessions for the entertainment of visitors and dancing will be featured both Friday and Saturday evenings from 10:30 to 12:00 o'clock at no additional charge, according to Mr. Hays. The armory will be open on the first day of the auto show from 7:30 p.m. to midnight and Saturday all day until midnight.

Members of committees assisting Mr. Hays in preparations for the big automobile show include the following: Charles Pritchett and Ray Marry, decorations; J. Verne Shangle and Frank Gray, entertainment; Lawrence Pennington and J. F. Hays, advertising; Al Littrell and Ed Mann, finance budget and Earl White, floor plan. The entire club is cooperating to assure the success of the affair, according to the general chairman.

### PONTIAC ECONOMY BREAKS RECORDS

Pontiac was awarded six first places in its price class in the Gilmore Yosemite economy run, according to R. A. Skinner of Skinner's Garage, local Pontiac and Buick dealer.

Mr. Skinner says: "On this 352-mile run Pontiac averaged 33.9 miles per gallon.

"Another important piece of news in the ten years of Pontiac Motor company is the doubling of both sales and production of Pontiac automobiles in 1935 over 1934. Retail sales show a gain of 101.8 per cent.

"Pontiac has established records for production and sales in 1935 that have been exceeded only once since its original announcement ten years ago. Even those figures could have been surpassed if the company had had the increased manufacturing facilities it possesses today. All through the spring months last year dealers were forced to take cancellations of orders or else could not accept them at all because of the inability to make deliveries.

"Now that the plant capacity has been increased to take care of deliveries promptly this spring and our dealer organization improved materially, together with the steadily increasing public acceptance for the product, we believe that Pontiac sales in 1936 will equal or pass the 225,000 point, which will mean an all-time mark.

"Already the company has gotten away to a flying start for this year with record-breaking sales of 1936 cars during the last three months of 1935 as a momentum getter."

## NOW THAT IT COSTS LESS TO BUY A CAR "ON TIME"

Use these Savings to help you get the kind of car you've always wanted

ALL of the mystery and a lot of the expense have gone out of time payments with the new GMAC 6% Time Payment Plan. It's simple as A-B-C. Delivered price, less trade-in, plus insurance, plus 6%—that's about all there is to it. And it not only saves brain-racking—it saves money.

One result is that you can buy a Buick for little if any more than you're used to paying for a car in the lowest-priced class. Two or three dollars more per week puts a big car at your doorstep—maybe less, if you're used to "dressing up" low-priced cars to make them stand out from the crowd.

Why don't you let us show you what your money will buy under this improved plan—and with Buick's new low prices? There's no obligation at all in a demonstration—we get as much fun out of watching your eyes pop as you get out of Buick's thrilling ride. And how are you ever going to know whether you can afford a Buick unless you let us show you in dollars-and-cents terms?

**YOU CAN AFFORD THE NEW BUICK to \$1815 are the list prices at Flint, Mich., subject to change without notice. Standard and special accessories groups on all models at extra cost. All Buick prices include safety glass throughout as standard equipment. Convenient new GMAC 6% TIME PAYMENT PLAN**
