## Margaret Lindsay Here Sunday

A new and unique comedy drama, entitled "Personal Maid's Secret," with Margaret Lindsay, Warren Hull, radio and musical comedy star, Anita Louise and Ruth Donnelly in the stellar roles, plays at the Rialto theater Sunday and Monday.

"Personal Maid's Secret" is based on a Saturday Evening Post story by Lillian Day. It is crammed full of hearty chuckles and uproarious

laughter, as well as carrying a glamorous romance and tense dramatic moments. The plot involves a perfectly efficient maid who enters the employ of a struggling couple, and through her adroit manipulation and contacts, boosts them from a humble apartment to a Long Island estate and fortune.

Others in the cast are Arthur Treacher, Frank Alberston, Henry O'Neill and Bonnie Cosby.

here and Klamath Falls but the road was in general use.

**Work Is Halted**  
THE DALLES, Ore., Feb. 7.—(AP)—A driving snowstorm, low temperatures and a sharp wind halted work today on a number of mid-Columbia work and construction projects.

The mercury dipped to 13 degrees last night. An inch or more of snow covered the ground.

**East Haru Hit**  
CHICAGO, Feb. 7.—(AP)—A new torrent of cutting cold raged down both slopes of the Rocky Mountains today as Canada flung open the flood gates of the Arctic again.

Sudden chill stabbed Montana, Idaho, Washington and Wyoming when the frozen wave leaped the border and sped south to both east and west.

The biting blast carried new snows for a midwest just beginning to thaw, and the nation's northwestern icebox saw most cold records shattered.

**44 Below in Minnesota**  
The mercury sank to 44 below zero at Bemidji, Minn. Fresh snow fell and engineers gave up all hope of opening county highways until it thaws.

Temperature drops of 5 to 40 degrees were forecast in the new storm's path.

**Grand Forks, N. D., reported 38 below.** Brookings, S. D., 23 below, a figure that broke all records for continued cold. Huron, S. D., has had 26 days of sub-zero weather.

**Coal Shortage Serious**  
The zero line at 7 a. m. (central standard time) extended from the Canadian border south to the Kansas-Nebraska border and eastward over most of lower Michigan.

Snow fell in many states beginning last night. A low pressure area over Colorado caused flurries from the Dakotas to Illinois, and another low spot off the North Carolina coast whitened the east to New York.

In the south, more rain and some snow heightened fears of recurrence of floods.

Abnormally cold weather continued over most of the nation for the 16th day, and coal shortages grew serious enough to warrant a vote by the United Mine Workers to permit soft coal miners to work on their usual Saturday holiday tomorrow.

**U. S. Auto Ratio, One to 5 Persons World's Highest**

**NEW YORK (UP)**—There is one motor vehicle for every 5.7 persons in the United States, representing the highest per capita car ownership of any nation in the world, according to J. Mack Young, president of the Automobile club of New York, an affiliate of the AAA.

Canada ranks next with one car to every eight persons. Other countries are listed as follows:

England, one car to every 23 persons; France, one to 22 persons; Germany, one to 68 persons; Italy, one to 109 persons.

## Irene Dunne in Craterian Role

What is "the magnificent obsession?" It refers to a magical pattern of living which local theater-goers will have an opportunity to learn when they see "Magnificent Obsession," which opens at the Craterian theater on Sunday, with Irene Dunne and Robert Taylor in the starring roles.

Primarily the story deals with the romance of Miss Dunne, portraying a beautiful young bride,

and Taylor, delineating a wastrel son of a wealthy family.

The proof of the humanity and entertainment quality imbued in the picture lies in the fact that wherever it has been shown, broken box office records attest to its popularity with the above-going public.

The large cast supporting Dunne and Taylor in "Magnificent Obsession" includes Charles Butterworth, Betty Furness, Sara Haden and Ralph Morgan.

**AIRLINER LANDS SAFELY ON FARM**

PORTLAND, Feb. 7.—(AP)—United Airlines announced this morning that its night plane from Portland to Salt Lake City made a safe emergency landing at Twin Bridges, Mont., about 30 miles north of Butte, in a snow storm, shortly after 5 o'clock this morning.

There were no passengers in the plane, which was piloted by Lou

Goldsmith of Portland. He was accompanied by Co-pilot Karl Kaber and Stewardess Nora McCullough.

The landing was made by the light of a parachute flare on a farm field from which the wind has whipped the snow, airline officials here said. The plane was undamaged.

The airship left Portland at 10:30 o'clock last night. East of Pendleton a tall wind pushed the ship along and it traveled 190 miles in 39 minutes. Over Burley, Idaho, the crew radioed it was turning back to Boise because of wind and snow squalls.

The plane circled around through the snowstorm until 5:07 a. m., when the crew spotted a beacon light which revealed the position, and landed.

## HUNT FOR POISONER LACKS DEVELOPMENT

ROSEBURG, Ore., Feb. 7.—(AP)—The investigation into the death of four-year-old Donna Lou Marsters, and the search for the dog poisoner whose deadly bait is believed to have caused the death of the child, have yielded no developments of any importance, Sheriff Percy Webb reported today.

District Attorney Maurice Hallmark, John Warren, special investigator from the state police department, and Deputy Sheriff Clifford Thornton left last night for Portland, and are taking samples of vital organs from the body of the child for further laboratory examination.
