RECOVERY GROWS, U. S. C. OF C. STATES

WASHINGTON, Feb. 8.—(AP)—The Chamber of Commerce of the United States today reported "an excellent basis" has been laid for continued business recovery.
The level of business activity continues to rise," the chamber said in its Washington review, adding that "so far in 1936 there has been no recession."
Coincidentally the commerce department noted retail gains in the week ended Wednesday over the same week last year in most of 31 cities studied.
Severe weather reduced sales, the department said. "But there were many healthy signs in industry," it added, noting that the snow added soil moisture and killed insects to improve farm prospects.

Hal Moe Named As OSC Backfield Coach

CORVALLIS, Ore., Feb. 8.—(AP)—Oregon State college officials announced today Hal Moe, freshman grid mentor, will succeed Larry Walquist as Chicago as backfield coach for the S-Bavers. Walquist's business connections in the mid-west prevent his returning here. Graduate Manager C. A. Laddell said. Lon Stiner continues as head coach. No successor to Moe has been named.

Hillsboro Protest

SALEM, Ore., Feb. 8.—(AP)—The city of Hillsboro, filed with the public utilities department a resolution advising against construction or installation of improvements or alterations to its electrical distribution system by the Portland General Electric company, which would add to its capital value.

Half Deficit Drops

WASHINGTON, Feb. 8.—(AP)—The interstate commerce commission reported today that net income of 149 class one steam railways for the first 11 months of 1935 showed a deficit of \$25,128,292 compared with a deficit of \$39,052,593 for the similar 1934 period.

BORAH HAS BEST CHANCE IN STATE, SNELL'S OPINION

SALEM, Feb. 8.—(AP)—Earl Snell, secretary of state, in commenting upon Senator Borah's presidential possibilities in Oregon declared here today that "as a western man Borah should receive substantial support in Oregon."
Continuing, Snell said: "Borah has many friends in Oregon. As a western man with progressive tendencies and with a long record of activity in behalf of western projects and the display of an unusual grasp of national and international affairs he should receive substantial support in this state."
Charles A. Sprague, Salem publisher and leader in state Republican circles, likewise credited Borah with having good chances in Oregon, despite the Townsend reaction. Sprague said: "Resentment of the Townsend followers will cost Borah many votes in Oregon. However, he is the most widely publicized figure now being considered so I would think his chances of carrying Oregon good."
WASHINGTON, Feb. 8.—(AP)—Senator Borah of Idaho tonight challenged forces against him for the presidential nomination to "come into the open" and declare their preference.
Prompted by objections to him of the former Republican chairman, Simeon Pess of Ohio, the candidate attacked Pess of the Ohio party organization to seek a "favorite son" convention delegation in the buckeye state primaries May 12 as "sham and deception."
"A scheme, or system, which deprives the people of a fair chance to have part in selecting the candidate for president," his statement said, "is a travesty upon popular government, and all platform declarations which may be written with the minds of the voters on November 1."

ETHIOPIS REVOLT QUELLED, AND GIRD FOR NEW ATTACK

DJIBOUTI, French Somaliland, Feb. 8.—Ethiopia's southern defenders reinforced and organized their ranks for action today after quelling a revolt reported reliably to have arisen against Ras Denuf during the current Italian offensive.
The southwestern Sidamo Province army corps, one of Ethiopia's best, broke up and turned back to the hills after the fascist advance started, advised from Addis Ababa said, refusing to obey the orders of Emperor Haile Selassie's son-in-law.
The king of kings himself intervened, however, to satisfy the rebellious troops and to avert a possible disaster.
Ras Denuf, who went from the capital to the southern front to lead a long, slow march against the fascist forces, entrenched at Dolo, before the Italians struck back with the offensive which has carried them 300 miles into southwestern Ethiopia, was left nominally as southern commander-in-chief.
Dejazmach Balcha, veteran Sidamo warrior, was restored by the emperor, however, to the command of the corps Balcha had organized 20 years ago in his own province.

SKI CONDITIONS REPORTED GOOD

Indications yesterday were that the Rogue Snowmen would have perfect weather for their ski practice in Crater Lake national park today.
Radio broadcast from the park yesterday said the weather was clear with conditions for skiing more nearly perfect than at any previous time this year. Snow was 122 inches deep. All park roads and the state highway between Diamond Lake junction and the west entrance, partially blocked last week, were open for two-way traffic, the radio report said.
"All who like good skiing should make an effort to go to the park Sunday," said J. Carlisle Crouch, chief ranger.
The Snowmen invited non-members to join their group for a day of practice. They are to meet at Government Camp in the park at 11 a. m. Kenneth G. Denman will be in charge of the practice events.
At Friday night's meeting of the Snowmen windshield stickers were distributed and a club insignia was adopted. Sam Jennings, president, was in charge of the meeting.

Caustic G. B. Shaw Bubbles Warnings

The 79-year-old playwright George Bernard Shaw, caustically critical of most everything, was full of advice for the United States when he visited Miami, Fla., for a two-day cruise ship stopover. Shaw urged Americans to chuck their "bad constitution" but said they "have a good president." Shaw is shown above on shipboard. Below is his wife, who accompanied him. (Associated Press Photos)

JAPANESE TROOPS NEAR MONGOLIAN BORDER, REPORT

MOSCOW, Feb. 8.—(AP)—The approach of Japanese-Manchoukuo troops to the vicinity of the outer Mongolian border was reported tonight in Soviet dispatches from Ulan Bator.
Truckloads of soldiers and cavalry of an undetermined number have been concentrating two miles from the frontier post of Bulun Derui, the reports said.
The dispatches asserted the Japanese-Manchoukuos fired on the Mongolians from a distance but that there were no casualties.

Unconfirmed Chinese press accounts, a Shanghai dispatch said today, stated that both Soviet and Mongolian armies and Japanese-Manchoukuo ones were moving near the outer Mongolian border.
There has been a long series of border incidents creating tension in that area. The minister of war and other high officials of the outer Mongolian Peoples Republic, whose government is closely modeled along Soviet lines, conferred recently in Moscow with Soviet leaders.
They charged that Japanese militarists have aggressive designs against their country, of which Ulan Bator is the capital.

ROCKET POWERED PLANES TESTED

NEW YORK, Feb. 8.—(AP)—Two rocket airplanes will be launched on a short flight over Greenwood lake Sunday in what Frido Kessler, experimenting stamp collector, says will be the "first practical application" of low-powered rocket travel.
Kessler said tonight that every detail of his three-year laboratory task in preparation for the flights of his 25-foot gliders was complete.
Noted aeronautical engineers and postoffice officials have promised to be present.

Babe Dies in Flames

EDMONTON, Alta., Feb. 8.—(AP)—Caught in a fire which destroyed their home in Granada, 90 miles west of here, an eight-month-old baby was burned to death today, a three-year-old brother died on the way to a hospital and the mother, Mrs. Tony Lecomak, succumbed in a hospital here tonight from burns.

FINAL DECISION WORLD PRAYER DAY DUE COMING WEEK FEBRUARY 28 PLAN 'CO-OP' CANNERY IN 50 COUNTRIES

Whether or not Rogue River valley orchardists will launch a co-operative pear cannery here is to be decided at a meeting of growers in the basement dining room of the Hotel Medford at 1:30 next Saturday.
This announcement was made at a meeting of growers held in the court house auditorium yesterday afternoon under sponsorship of the Fruitgrowers' League, Inc.
A long factual report on the economics of co-operative canneries was read and explained at the meeting by Edward W. Carlton, chairman of the committee appointed last fall to study the proposition. The co-operative cannery idea was conceived as a result of the tactics employed by California commercial canneries in buying Rogue valley fruit.
Cards were distributed to the 60 persons present yesterday for a notation of the pear tonnage the growers are willing to pledge to the projected cannery. These cards are to be returned not later than next Saturday's meeting. These cards and copies of the committee's report may be obtained during the week at the Jackson County Chamber of Commerce.
H. Van Hoenberg was appointed a committee to represent the Fruitgrowers' League in conferring with the Northwest Canners' association. The Rogue River Traffic association is to be asked to name a member to serve with Mr. Van Hoenberg and the two are to choose a third person to make a committee of three. Ray Ward, president of the Fruitgrowers' league, presided over yesterday's meeting.

Due to differences in time in the different countries observing the day, Medford churchpeople retiring on the night of Feb. 27 can visualize the observance of the day beginning in New Zealand, ending some forty hours later on St. Lawrence Island, where two hundred and fifty Eskimos and three white people reside. Here Miss Ann Hanna, the missionary, will call the people to the observance of the day, using the same program used in other lands across the world. The 1934 boat to reach St. Lawrence Island arrived in the latter part of September, and the next one, containing supplies and mail, will not anchor there until May or June, depending on weather conditions.
"KICKERNICK" Undergarments that fit at Ethelwyn B. Huffmann's

EARLY FILING OF TAX RETURNS IS ADVISED

Early preparations of 1935 federal income tax returns was urged yesterday by Eric Gray, deputy collector.
"If everyone waits until the last minute there will be a confused rush and no one will receive the service he should have," said Mr. Gray. "This matter should be taken care of without further delay."
Mr. Gray is now helping tax payers prepare their returns in his office in the federal building. He will be at his office every day through February 19.

Linotyper To Enter Legislative Race

William F. Rector, linotype operator at The Mail Tribune the past nine years, yesterday announced he would file his intention of seeking the Democratic nomination for the legislature.
