

4-H CLUB HEADS ELECT OFFICERS FOR COMING YEAR

Regular meeting of the county 4-H club leaders association was held in the Oregon State college extension office at the court house Monday night.

Officers elected for the ensuing year were: Richard Joy, Ashland, president; Wallace Ragsdale, Lake Creek, vice-president; Miss Marjorie Flak, Medford, secretary; Aubrey Sanders, Medford, treasurer.

Both Mr. Joy and Miss Flak are club members, having won many honors in 4-H club work. Mr. Joy said: "It is all too often that people in a community fail to recognize the real value and true spirit of 4-H club work. Where this community spirit and co-operation is lacking, the work is soon done. We must remember that work, recreation and the correct use of leisure time are the essentials of club work."

J. E. Albaugh, county club agent of Jackson county, gave a brief outline of the program to be carried out in the county this year. He stressed importance of a good leaders' organization and close cooperation of parents and parent-teacher associations in 4-H club work.

In conclusion the leaders discussed with Mrs. Mabel Mack, home demonstration agent, and Mr. Albaugh the 4-H club program of their individual clubs.

Those attending the meeting were Messrs. Paul Smith, Medford; Floyd Charley, Brownboro; Richard Joy, Ashland; E. B. Poyer, Ashland; Wallace Ragsdale, Lake Creek; Lyle Lindley, Medford; Aubrey Sanders, Medford; C. F. Smith, Central Point; Mesdames Larkin Grubb, Ashland; Florence A. Tucker, Ashland; R. G. Hunsley, L. D. Davis, Table Rock; Dorothy Ragsdale, Lake Creek; Fred Reich, Medford; Mrs. C. F. Smith, Central Point; Mrs. Lucille Lamper, Ashland; Lucille Milligan, Brownboro; Doris Hitchcock, Ashland; Marjorie Flak, Medford; and the following club members: Olive Etna Monroe, and Mary Ester Davis of Table Rock.

THICK CLOUDS TURN ARMY FLYERS BACK TO MEDFORD FIELD

The five army air corps officers who arrived here from Seattle last Thursday took off from Municipal airport at 9:25 this morning but returned at noon because of unfavorable weather over Sacramento valley, California.

The aviators are piloting new Boeing pursuit planes from Seattle to their base at Selfridge field near Detroit, Mich. They are flying via Hamilton field and Rockwell field, near San Diego, where the ships will be checked.

The officers are Lieut. Col. Ralph Royce, Maj. E. J. House, Maj. F. C. Nelson, Maj. G. P. Tourtelot and Capt. E. O'Donnell.

Weather conditions were fairly favorable when they took off but immediately after their departure cloud formations became thicker and lower so that when they reached the Sacramento valley they found themselves above a solid layer that shut off all view of the ground. Not having facilities for blind landing, they were forced to turn back.

With their five comrades who arrived from Seattle Sunday, the men this afternoon were remaining at the airport, ready to take off the moment a favorable weather report was received. The meteorological bureau, however, held little hope for better conditions to the south today.

STRICT DEADLINE SET FOR LICENSE ON DOGS HUMANE SOCIETY TOLD

The Humane society has just learned that there will be no grace period extended beyond March 1 for failure to secure Oregon state dog licenses. The penalty after March 1 will be the amount of the license fee plus court costs. It is understood that in connection with this year's license there will be no recourse to jury trials, etc., to avoid payment of license.

It is pointed out that this license was created for the benefit of farmers suffering sheep losses through ranges of dogs. Incorporated cities receive 80 percent of this license to handle their municipal dog problems.

Payment of the dog license in Jackson county last year enabled the county dog control board to increase the compensation on sheep losses 33 1/3 percent.

Licenses are a benefit to the farmer and a necessity to the city resident and as a consequence the payment of same cannot be avoided, the Jackson County Humane society said today. The Humane society suggests that in order to avoid needless expense, all dog owners secure their licenses before March 1. The license is due, whether dogs are permitted to run at large or kept within confines of the owner's property.

NOTE OF THANKS SENT BY MOTHER OF BABY MEDFORD

About three months ago the Mail Tribune published a story about a Chicago mother who named her newborn baby "Medford", after this city. The name was found by chance on a Guy Conner pear wrapper.

The story was picked up and published by newspapers all over the country and radio commentators mentioned the novel method of naming a baby. Mr. Conner sent a gift box of pears to the parents, Mr. and Mrs. P. Feldman.

Today the Jackson County Chamber of Commerce was in receipt of the following letter from Mrs. Feldman:

"Your kindness and generosity toward my son Medford, who I know, will never regret and forever appreciate being named after your very beautiful city, are beyond words of thanks and gratitude.

"Your wonderful present of the delicious case of pears will long be remembered, certainly never forgotten. It has been practically our topic of conversation for days.

"It is very heart warming to know that my son, when only two weeks old, was already internationally known. Thanks to such a fine body of men and to such a fine pear grower as Mr. Guy Conner.

"May we take this opportunity to thank the gentlemen of the press of your city for the many pleasant paragraphs printed in their newspaper about our Medford.

"I am having a picture taken of the baby when he is three months old, and you will be one of the first to receive a print of the child whom I know you will feel justified in his carrying the name of your city.

"Should we ever go west for a trip our first stop will be your picturesque town.

"Again kindly accept Mr. Feldman's and my own appreciation with our best wishes."

MERCURY CLIMBS AS SUN PEERS THROUGH

Temperatures climbed rapidly after the sun peered through the clouds this morning, giving the atmosphere a warm touch of spring. By noon the mercury was up to 49 degrees as against 46 at the same hour yesterday, though it had to rise from a minimum that was four degrees below yesterday's lowest mark of 41.

Official forecast was for unsettled conditions tonight, partly cloudy tomorrow, not much change in temperatures.

Wall St. Report

New York, Feb. 18.—(AP)—

A whirlwind finish sent the stock market higher today, after lagging utilities had dragged it down most of the session.

Grains of 1 to 2 points were frequent, and some of the outstanding issues were around 3 points better, completely wiping out losses registered after the supreme court TVA decision.

Transfers approximated 3,300,000 shares, and the closing tone was firm with the exception of power securities.

Initial hesitancy of the list was overcome gradually, and the lagging utilities were left far behind by other shares.

Small stocks followed higher in a power way, cutting their extreme losses of the day by slight margins. They were, however, still losers.

Mixed trends were in evidence in foreign exchanges and commodities. Bonds, with the exception of utilities, were improved.

Today's closing prices for 32 selected stocks follow:
