Fine Cast in Sparkling Craterian Musical Show

Brilliant songs and top stars of the show make "King of Burlesque" opening tomorrow at the Craterian theater, a royal jubilee of entertainment. Included in the cast are such notables as Warner Baxter, Alice Faye, Jack Oakie, Arline Judge, Mona Barrie, Gregory Ratoff, Dixie Dunbar (a new "hoofing" sensation), Fats Waller, Nick Long, Jr., Kenny Baker (Jack Benny's new find), the Paxton Sisters, Shaw and Lee, Harry "Zooop" Welch and many others.

Rialto's Star

All the wild excitement of a fire at sea forms the background of the early sequences of "Dangerous Waters" starring Jack Holt, which plays at the Rialto theater today and Thursday.

The story is somewhat like that of the ill-fated Morro Castle, but with a highly dramatic plot woven around the passengers and crew.

Holt, portraying the part of a fast-thinking, two-fisted first mate, who rises to the captaincy of the ship upon the death of the master—and, through the sheer power of his arms and brains, succeeds in quelling a mutinous crew and excited passengers.

Others in the cast are Robert Armstrong, Diana Gibson, Grace Bradley and Charlie Murray.

cent transaction tax by which the Townsendites propose to raise funds to pay a pension of \$200 a month to all persons 60 or over.

"There are thousands of those who have sincerely and earnestly worked for and advocated real and constructive programs of human betterment," said Bell.

"We also find our charitarians and quacks who are willing to offer anything, no matter how impossible, or fanatical, or extravagant, so long as it catches the fancy of the public and so long as it means a personal profit and enrichment of themselves," Bell added.

Many Promote Rackets The Missourian said the late years of depression with widespread human want and suffering and unemployment "have been a fertile field in which these quacks and charlatans, these false prophets of social reform have promised a host of schemes and rackets, representing vast sums in unholy profits at the expense of tens of thousands of good and faithful, but deluded followers."

"I want to say I cast no reflection whatsoever on Dr. Townsend as a medical doctor," Bell told the house. "I assume that when he is in physical ill health he was a good doctor, but as a doctor of the ill health of his social structure he is a charlatan and a quack."

Bell added the Townsendites propose to levy a transaction tax to raise the \$24,000,000,000 annually which he said would be necessary to pay the pensions on the basis that about 10,000,000 would be eligible.

Bell estimated a 2 per cent transaction tax would mean at least \$800 in taxes from each family in the United States annually.
