TIGERS PLANNING SIZZLING ATTACK ON ASHLAND NET

With two games out of four already standing against them, the Medford Tigers invade Ashland tomorrow night in an attempt to dump the fast-breaking Grizzlies and move into a tie for the Southern Oregon league honors.

The quick-breaking Ashland attack, hinging on fast moving players and depending for its strength upon the precision with which it is worked, will clash with the ruthless, driving game as expounded by Coach Bill Bowerman of Medford.

The game is expected to be much faster and much closer than was either of the two previous encounters when Ashland ran easily away from the green Medford team.

Coach Bowerman said today that he expects the Grizzlies to be doubly dangerous Friday night because of their defeat last week at the hands of an underdog Grants Pass squad.

A large delegation of students and fans from this city will make the journey to the Granite city, while a student pep rally at the Ashland school will last from 3:30 until game time.

The California team will play a return game here on Friday, February 28.

Starting lineups were: Medford: Laing (11) F, E. Brockway (24) F, Russell JC, Green (2) SC, Hedges G, B. Brockway G, Substitutes: Medford—Young, G, Clark, G; D'Albini, S. C. Yreka—Luddy, F.

UNIVERSITY CURTAILS ATHLETIC ACTIVITIES

EUGENE, Ore., Feb. 20.—(AP)—The first step in curtailment of University of Oregon's spring athletic program was cancellation of a dual track and field meet with Washington State college.

The step was made necessary because of the lack of funds resulting from the defeat of compulsory student fees at the special election last month.

Hugh Rosson, graduate manager, would not say what other retrenchment was intended.

WILL ASK MONEY FOR MINE SURVEY

SALEM, Feb. 20.—(AP)—Governor Martin announced today he would request the sum of \$9000 from the emergency board fund when the board meets here February 27.

Of this amount the state welfare commission will require \$5500 and the balance will go for a mining survey in the state with matched federal funds.

The regular session of the legislature appropriated \$3500 for a mining survey, but the governor said he vetoed the bill at that time.

PALMBERG NEARS NORTHWEST MARK IN CAGE SCORING

SEATTLE, Feb. 20.—(AP)—Wally Palmberg, Oregon State's sharpshooting forward, leading the league with 187 points, was only 40 counters shy of a new northern division Pacific Coast conference scoring record today.

By collecting an average of 10 points in each of the four remaining games on the Beaver schedule, Palmberg can better the mark of 176 established by Bobby Galer of Washington in 1934.

But he will have to get his points against Oregon and the undefeated Washington Huskies. However, the Beaver veteran has already shown he can score against both those outfits, chalking up 23 in two contests against the Webfoet and 24 in the pair against Washington.

Ivar Nelson, Washington State center, with 34 personals against him in 11 games, was the "bad boy" of the circuit. Earl Conkling of Oregon State was next with 33.

The northern division leading scorers included:

PHOENIX, TALENT IN CRUCIAL TILT

With the secondary high school basketball league of the valley already drawing to a close, the Phoenix and Talent high schools clash Friday night for the privilege of representing the southern half of the county in the league playoff.

At the present time, Sams Valley and Butte Falls are in a deadlock for honors in the northern division. The playoff will feature at least two of these four teams.

Early in the season Talent and Phoenix met, the game going to the Phoenix outfit by an easy 42-18 score. Friday's game will be played at Phoenix, with a preliminary between the grade schools of the two towns.

In a driving finish that found the Phoenix lads cracking the score book for 15 digits in the last five minutes, that squad cleaned the Central Point Cheesemakers 31-16 Tuesday night to practically assure them a crack at the league leaders.

ROY PRUITT BOWLS PERFECT GAME AS BIRTHDAY FEATURE

The perfect score! The goal toward which all bowlers yearn! It was rolled yesterday afternoon by way of a birthday celebration, by Roy Pruitt of Medford while shooting a friendly afternoon game with Mrs. Pruitt at the Smoke House alleys.

The twelve pocket hits mark the first time in the history of Medford bowling that a perfect count has been turned in. Bowling first got under way in this city when the old Natatorium alleys were opened in 1912, and since that time many bowlers have come close but Pruitt is the first to crack the top.

With an average of 181, Pruitt is rated as one of the best bowlers in the city. His 300 mark yesterday shattered the court record for single games, previously held by George Eads with 279. High record for three consecutive games is also held by Pruitt, a 745 rolled some time ago.

In his record dash yesterday, he also rolled a 227 and a 199, both excellent scores.

It is interesting to note that not a single perfect game has been rolled in Portland this year, although a Dr. Rough of Klamath Falls slammed one out just last Saturday—and Pruitt was bowling on the next alley at the time!

The local trundler has been heaving the pellets for 18 years, and yesterday was his first perfect tally. He is justly proud of his achievement, and friends are heaping congratulations upon him today.

At the beginning of the season, Al Piche, local hardware dealer, offered a prize of \$25 in merchandise for any perfect score. The merchandise is waiting for Pruitt, he said today.

When Oregon and Oregon State come together with a crash at Eugene Saturday night, Bud and Willie Jones will be at forwards for Oregon, with Patterson at center and Purdy and Bourke at guards. That, at least, is the information conveyed in a dispatch from Oregon State college at Corvallis today.

Corvallis reports on what goes on at Eugene are to be taken with a goodly supply of sodium chloride of course, but it won't be too surprising if the stars of last year's SONS squad are left on the bench through most of the encounter.

The same situation has been encountered by strategists throughout history. That was one of the troubles the boys had back in the good old days when they imported mercenary troops to defend their cities. If they had lots of money they hired troops under a leader known for his ability to fight. If they had even more money, they hired two, or more, such troops, with the result that jealousy sprang up between the leaders and nothing was accomplished by either company.
