Little Jack Horner Say in a Corner After eating a large piece of pie he stuck in his thumb, and pulled out a tum, (which he always kept in his vest pocket for just such emergencies)

Why Millions Carry Tums! Millions now know the smart thing is to carry a roll of Tums, always. Heartburn, gas, and other symptoms of acid indigestion have a habit of occurring at unexpected times. You don't have to stretch your stomach with harsh alkalis which physicians have long warned may make the tendency toward acid indigestion worse. Tums, a real scientific advancement, contains no acids or other alkalis. It's a wonderful acid that simply neutralizes stomach acidity, the balance passing out of the body inert. Pleasantest taste in candy. Only 10¢. Put a roll in your pocket now.

Flush Out 15 Miles of Kidney Tubes Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help in purifying the blood and keep you healthy. Kidneys should empty 3 times a day and so get rid of more than 30 pounds of waste. If you have trouble with too frequent bladder passages with scanty amount, or pain burning and discomfort, the 15 MILES of kidney tubes may need flushing out. This danger signal may be the beginning of nagging, itching, or stinging, swelling, puffiness under the eyes and distress.

Don't wait. Ask your druggist for DOAN'S PILLS, used successfully by millions for over 45 years. They give happy relief and will help to flush out the 15 MILES of kidney tubes. Get DOAN'S PILLS.

YOUNG BOURBONS TO PRESENT PLAY

Plans for presenting a one-act play on the New Deal will be perfected at a special meeting of the Young Democrats club of Jackson county at headquarters on West Main street at 8 o'clock tonight. Cast for the play will be selected and time and place for presentation decided. The skit will be directed by its author, Mrs. Edward Kelly, now visiting here at the home of her husband's parents, Col. and Mrs. E. E. Kelly. The playlet was produced recently in Portland, where Mrs. Kelly resides, and was considered so successful that it is now being presented by Democratic clubs in all parts of the country.

Jack Murray, new president of the Young Democrats club, will preside for the first time at tonight's meeting.

AUXILIARY TO STAGE MINSTRELS TONIGHT

LEAP YEAR DANCE AT EAGLES HALL FRIDAY

A novel leap year dance will be conducted by Crater Lakeerie 2093 Fraternal Order of Eagles, tomorrow night. It was announced this morning by John Hyde, chairman of the entertainment committee.

The dance will commence at 8 o'clock, following regular meetings of the lodge and the auxiliary, and Dymnes orchestra will supply the music.

"No man will be allowed to ask for a dance," stated Hyde, "as this will be the ladies prerogative tomorrow. Any man asking a lady for a dance will be fined." he continued.

Hyde further pointed out that it will be four years before the ladies will have this opportunity again, and hoped that the dance will be the biggest the Eagles have staged in a long time.

George Arliss Coming in Hobo Role

The suave, the debonair George Arliss, as plain hobo! His tailor was told to take a vacation! His... well you get the idea here being conveyed, that for a picture with Arliss as a hobo, nothing more was needed but the seedy duds of a gentleman of the road... one of those happy go-lucky wights who prefer to be on the go, taking potluck where they find it... making a night of it in someone's barn, and either relishing a hand-out or cooking up a mess of somebody's eggs... somebody's spuds... somebody's provender.

In Roxy Comedy

Wheeler and Woolsey are at the Roxy tonight today and tomorrow in "The Rainmakers," with Dorothy Lee back with the boys again, romancing with Bert Wheeler while he does his best to queer Woolsey's weather-making.

On Rialto Bill

You never can tell about tomorrow's weather, and you never can tell what that surprising man, "Brog-Em-Back-Alive" Frank Buck, will do next. Now he's back again—this time from the jungle of the Malay Peninsula and northern India—and he has brought an interesting and thrilling movie record of his adventures. The picture is "Fang and Claw," which starts a three day run at the Rialto theater today.

This film should appeal to men, women and children alike with its many hair-bread escapes and the exciting capture of various rare animals. Frank Buck shows and tells you in his own words just how he outwits and captures birds, animals and reptiles, from the gorgeously beautiful bird of paradise to the great Bengal tiger.
