

SCOUTS RECEIVE MERIT AWARDS IN COURT OF HONOR

Last night's Boy Scout court of honor was the most interesting session ever held in Medford, according to reports of scouts and scouters who attended.

Five outstanding traditions are the goal of every Scout troop and a gold seal is attached to the citation certificate for each of the traditions achieved: scout trained citizenry; brotherhood; service; good appearance and adventure.

The following troops have earned the citation certificates with from one to five of the seals: Troop 15, Medford, for high adventure, service and scout trained citizenry; Troop 23, Grants Pass, for high adventure and service; Troop 25 of Hill for high adventure and brotherhood; Troop 18, of Eagle Point, for high adventure.

"Every troop still has the opportunity to achieve this outstanding citation if they will uphold the traditions of scouting," announced Irving P. Bentley, scout executive who acted as clerk of the court of honor last evening with Don Newbury presiding as court judge.

Newbury was assisted by scouters of the district including Larry Schade, council president; Richard E. McElhose, council commissioner; Col. W. H. Paine, district commissioner; L. D. Jones, council camping committee chairman; A. Woodrich, Eagle Point, troop committee chairman and acting scoutmaster; Lloyd E. Hamilton, troop 8, Medford, assistant scoutmaster; Jack Heyland, troop 8, scoutmaster; Seth Hurland, council health and safety committee chairman and Medford vice-chairman and Gerald Latham of the board of review.

Irvine Millgate, scoutmaster, troop 2 of Roseburg, who has 17 merit badges and is Eagle rank, gave a very interesting talk on "Astronomy," which is just one of the 101 possible fields covered by merit badges in the scouting program.

Awards were as follows: Second class: Troop 35, Jacksonville, George Edna. Second Class Merit Badges: Troop 18, Eagle Point, Chester Robinson, basketry; troop 35, Jacksonville, George Edna, pathfinding; Anell Gunter, pathfinding; John Salisbury, pathfinding.

First Class: Troop 18, Eagle Point, Herbert Pruetz. First Class Merit Badges: Troop 7, Medford, Alvin Wimer, public health, first aid, carpentry; Donald Wimer, public health, first aid; Troop 8, Medford, Chris Barker, pathfinding; George Edna, pathfinding; Anell Gunter, pathfinding; John Salisbury, pathfinding; Larry Schade, Jr., reptile study; Troop 16, Medford, Raymond Miller, bird study; Willis Pratt, bird study, public health.

Troop 35, Jacksonville, Byron Baches, firemanship; Joe Bache, public health, pathfinding; Carol Lewis, woodworking. Special Awards: Citations to troops 8, 16, 18 of the Medford district for upholding the traditions of scouting.

GIBSON WILL SPEAK TO SALVATIONISTS TONIGHT Reverend Oscar G. Gibson, pastor of the Main street Methodist church of this city, is to be the speaker at a special young people's meeting to be held at the Salvation Army, 236 North Bartlett street, at 8 o'clock this evening.

Reverend Gibson will speak from the subject: "He Went Away." The service is open to the public and all young people are specially invited to be present.

Club Invites Many For Dance Saturday

Invitations are being extended all retired officers of the army and navy, officers of the national guard, reserve officers, technical agency personnel, members of the Officers' club and their civilian friends by the committee in charge of this Saturday evening at the Hotel Medford.

Those in charge state that although written invitations are being sent, it is not possible to contact all officers, but that the invitation is extended to all.

The Officers' club is host each month at these affairs, this one being the fourth in the series. Dancing will start at nine o'clock. Arrangements are being made by Capt. Albert T. Anderson, Lieut. Roy Craft and Lieut. Robert W. King.

Couple Married In Home Ceremony Married Sunday were Kattie Adair and J. J. Ray, both of this city, at the home of his daughter, Mrs. Inez Cook, on Kenwood avenue. The ceremony was performed at two o'clock by Rev. Oscar G. Gibson.

Twenty-one relatives and close friends were guests at the ceremony and wedding dinner which followed. Out-of-town guests included Mrs. Rose Yarbrough and daughter Dorothy and Mr. Daniels, all of Coquille. Mrs. Ray was formerly of Coquille, coming to this city to make her home several weeks ago.

Mission Society To Meet Tomorrow Principal topic for the program to be presented tomorrow before the meeting of the Adult Missionary society of the First Christian church at 2 o'clock in the church will be Porto Rico.

The program, which is expected to be of particular interest, has been prepared by Mrs. Walter Kindred and her group. Mrs. Julia Gregory's group will have charge of the social hour. All members and friends are extended a cordial invitation.

Masonic Paper Lauds Medford as offering ideal place to live The March issue of the Masonic Analyst, the Masonic paper for Oregon, published at Portland and circulated throughout the northwest, contains a story of more than a page, headed "Medford, Queen of Jackson County, Oregon." This is the first of a series of articles on the towns and cities of Oregon containing Masonic lodges.

In describing the beauties and wealth of the "Queen of Jackson County," the Analyst says: "Medford offers a place of residence that many have seen only in their dreams." After reviewing the many attractions and advantages of the Rogue River country, the Analyst devotes considerable space to the history of Masonry in Medford, and among other things calls attention to the fact that of the 23 mayors of Medford since 1885, half of them have been Masons. It states further that "Medford also furnished a grand master of the Grand Lodge of Oregon in the person of Ezra M. Wilson, who was serving his second term as mayor and who resigned in the middle of his term in 1934 in order to give his entire time to the Masons of the state."

One of the interesting features is the fact that 98 percent of the population of Jackson county are American born. Considerable space is devoted to the churches, schools, hospitals, clubs and social organizations of Medford, and the pear crop is not forgotten.

MONTGOMERY WARD HOLD CONTEST FOR BOY WOODWORKERS A contest which will challenge the creative ability and manual dexterity of Medford boys, 19 years old and younger, was announced Saturday by H. L. Brown, Montgomery Ward store manager here. The contest started on February 29 and closes April 4.

Any type of product of the woodworker's art may be submitted provided that it is the work exclusively of the one boy and that it is made during the period of the contest. The store manager announced that he expected all types of entries from wooden bowls to bedsteads and that the type of the article will make no difference in determining the prizes which will be awarded on the basis of workmanship.

The first prize, according to the store manager, will be a \$12.95 Power Kraft Lathe and second prize is a \$4.95 Power Kraft Lathe. Winners will be selected by a committee of three competent judges which will be announced later. Entry blanks will be available at the Ward store, 117 South Central, and all boys are invited to call at the store for blanks and any information about the contest.

Winning articles will be displayed in the window of the Ward store after the announcement of winners on April 13, but will remain the exclusive property of the boys who made them.

The store manager, knowing from experience in selling woodworking tools that fathers are often as interested as boys in woodworking projects, stated that parents may give advice and may watch their sons' efforts all they like as long as they do not participate in the actual work.

CHICAGO, March 2.—(AP-USA)—Pear auction: One car Washington arrived; none on track; 1 car sold. No Oregon quotations.

NEW YORK, March 2.—(AP-USA)—Pear auction: Seventeen cars arrived; 8 Oregon, 1 Washington unloaded; 11 on track.

Oregon D'Anjou: 10,241 boxes extra fancy \$1.90@2.55, average \$2.20; 2,967 fancy \$1.85@2.40, average \$2.17.

F. R. ASKS LEVIES ON UNDISTRIBUTED COMPANY PROFITS

(Continued from Page One.)

ent exemption of dividends from the normal (4 per cent) tax on individual incomes.

On Capitol Hill, hostility developed among Democrats of the house ways and means committee which will write the legislation.

"I don't think that the taxing of corporate surpluses is the proper thing," said Representative Thompson (D. Ill.).

"I believe it would have a very adverse effect on business that should very shortly begin to absorb some of the unemployment."

The committee was to assemble at 2:30 p. m. to consider procedure on the tax program.

Representative Mapes (R. Mich.) predicted there would be no tax law this session — that congress would "fuss over it" and then go home.

Promise Careful Study The only reaction of Chairman Doughton (D. N. C.) of the ways and means committee was: "We are going to take it and study it carefully."

Representative Treadway (R. Mass.), ranking minority member of the committee, repeated that he still favored reducing expenditures instead of increasing taxes.

"I think the suggestion of taxing undivided corporation income is very dangerous," he added.

Asked whether the tax proposal would add emphasis to a drive for repeal of a provision of the Revenue Act of 1926, Representative Patman (D. Tex.) replied: "I imagine it might. It is likely to stir up interest."

Senator Barkley of Kentucky, Democratic member of the senate finance committee which would handle any tax bill sent over by the house said:

"Nobody relishes taxes in an election year, but this program certainly will contribute toward a balancing of the budget when we get relief off our shoulders."

Barkley said an average tax of about 33 1-3 percent on undistributed corporate earnings, with a scale of from 25 to 40 percent had been suggested. He added that consideration would be given to exemptions of such amounts as required for depletion reserves and debt retirement.

The Kentuckian said the "windfall" tax might be in the form of a requirement that processors who receive refunds of taxes which he did not pass on to the consumer in the first place would include the refunds in his income for taxation purposes.

Derling Mother, they have laid you Where the flowers all around you grow. And in the stillness of the night, The moonbeams on them will softly play.

At times, when I am weeping, I will come and sit among them, And your voice I will hear saying, "Come again, but do not weep."

The birds will sing at twilight, Their songs so sweet and low, While the clouds go floating, Through the sky so soft and blue.

Derling Mother, I will not grieve; I know you are softly resting, Where the angels are gathering around you, In that Beautiful Land of Rest.

And as our earthly work is finished, We will cross that dark and silent river, To enter into a Land of Sunshine, And there we will meet you, Mother.

WINDOW GLASS—We sell window glass and will replace your broken windows reasonably. Trowbridge Cabinet Works.

THESE FACTS ABOUT BRAN HAVE BEEN PROVED BY TESTS Supplies Gently Acting "Bulk" to Aid Regular Habits

Now and then, in talking with your friends, the subject of bran has come up. So that real facts might replace unsupported opinions, the Kellogg Company has aided for some years research in leading nutrition laboratories.

Studies made on a group of healthy women showed that two table-spoonfuls of bran daily continued to relieve constipation over a period of months. How different from cathartics—where dosage often must be increased.

Another series of tests on men indicated that, with some people, the "bulk" in bran was much more effective than that found in fruits and vegetables.

Further tests showed that Kellogg's ALL-BRAN provided vitamin B and iron as well as "bulk." This "bulk" absorbs moisture, and gently exercises and cleanses the system—the right way to correct constipation.

GOOD GARDENING

11. What to Plant

The city man should not attempt to grow more than 10 or 12 vegetables, at the outside, in the garden. Some important food crops like potatoes, peas and sweet corn take too much space for many small urban plots, but should be included as fine old standards wherever possible.

The essential idea is to keep every foot of space occupied and to have a succession of plantings of some vegetables to assure continuous supply. Many gardeners go in for lettuce and radishes too heavily; it's quite possible to grow them in the rows between plants or hill of other crops.

Beginners are advised by the experts not to attempt too much variety.

Plans for a season of gay social activities will be outlined at a regular meeting of the Young Democratic club of Jackson county at 8:30 Thursday evening in headquarters at 133 West Main street. It was announced today by Jack Murray, president.

The club meeting will be preceded at 7:30 by a conference of the executive committee which comprises all the officers and committee chairmen, Mr. Murray said.

Additional committee chairmanship appointments announced today by Mr. Murray included Jeanne Fabric, finance; and E. G. Narregan, program and social.

Miss Fabric, who also heads the membership committee, has been busy all week enrolling new members. She invited anyone interested in the club's activities to attend Thursday's meeting.

The cast selected to present a one-act play in the near future will rehearse again at 8:30 tonight at the Medford Domestic Laundry company, 30 North Riverside avenue. Mrs. Edward C. Kelly, author of the play now here on a visit, will direct.

Comment on the Day's News

By FRANK JENKINS

There is still doubt as to what is happening in Japan. This dispatch from London is an example: "A Reuters (British news agency) dispatch from Shanghai today said private advices from Chinese sources there declared Japanese troops had revolted in the huge industrial city

Propaganda Use Told Rotarians by U-O Students

"The Influence of Propaganda Upon Public Opinion" was the subject of a brief, interesting discussion presented by University of Oregon students at today's meeting of the Medford Rotary club. Fred Bales of Portland and Avery Combs of Marshfield were the only students heard owing to the fact that limited time for the Rotary luncheon made it impossible for all members of the Oregon symposium speakers to take part.

The group, headed by Professor W. A. Dahlberg, are making numerous public appearances in southern Oregon. The subject of propaganda was introduced by Fred Bales who pointed out that this "art of making up the other fellow's mind" has been employed since the time of the cave man. He stressed propaganda activities in all countries in war time also emphasizing the fact that it has become a vital peace-time problem.

He urged a more critical public attitude toward propaganda, explaining that it is employed to make up the public mind through the process of suggestion rather than reason. The media used in spreading propaganda were also mentioned by this speaker.

"Propaganda teaches people what to think while education teaches the public how to think," Bales pointed out.

The extent to which nations resorted to propaganda during the world war was mentioned by Avery Combs, the second speaker. "There is no such thing as good and bad propaganda," Combs said. "If we get the habit of accepting the good, we are apt to accept the bad without employing reason."

Combs concluded his arguments with a brief outline of propaganda as employed by Germany, Italy and Russia in their present-day problems.

Two splendid solos were presented by Fred Bales, accompanied by Mrs. Dahlberg at the piano. Prof. Dahlberg introduced the student speakers at the luncheon.

GAY SOCIAL SEASON TO BE MAPPED OUT BY YOUNG BOURBONS

Plans for a season of gay social activities will be outlined at a regular meeting of the Young Democratic club of Jackson county at 8:30 Thursday evening in headquarters at 133 West Main street. It was announced today by Jack Murray, president.

The club meeting will be preceded at 7:30 by a conference of the executive committee which comprises all the officers and committee chairmen, Mr. Murray said.

Serve ALL-BRAN regularly for regularity. Either as a cereal, with milk or cream, or in cooked dishes. It is a natural laxative food. Sold by all grocers. Made by Kellogg in Battle Creek.

Constipation due to insufficient "bulk."

Meteorological Report

March 3, 1936 Forecasts Medford and vicinity: Fair tonight and Wednesday; normal temperature. Oregon: Fair tonight and Wednesday but cloudy near coast; normal temperature.

So about all we can do, for a while yet, is to keep our fingers crossed, believe nothing, and wait for more reliable information.

That's ALWAYS the case when centers get their fingers on the news.

THE interstate commerce commission, by a five-to-four decision, orders a reduction in basic passenger fares on the railroads from 3.6 cents per mile to 2 cents.

The theory is that by reducing the
