Wortman-Skyrman Nuptials Surprise Friends of Couple

Successfully keeping their plans a secret from friends, Betty Moore Wortman and Harry C. Skyrman, Medford attorney, were married Wednesday afternoon by Judge Earl B. Day at 5 o'clock.

The couple had planned to be married a little later, but changed their plans. They were attended by Miss Nydah Neal and Kenneth Denman. Leaving immediately after, the couple drove to San Francisco for a few days' honeymoon, expecting to return Monday.

Both Mr. and Mrs. Skyrman are well known in Medford, and a large circle of friends will be interested in the announcement of their marriage, which came as a complete surprise to many.

Upon their return to this city, they will be at home at 60 North Peach street.

SOCIAL SECURITY PLAN FOR OREGON SENT TO CAPITAL

(Continued from Page One.)
operative following the defeat of the sales tax measure Jan. 31. The governor's statement indicated it was hoped to have the aged and blind assistance plans in operation by April 1.

Result Long Study
Governor Martin said the program represented "an exhaustive and comprehensive study and research on the part of the state relief administrator . . . and reflected the high type of service that has been rendered by this (relief) committee and its staff to the state of Oregon."

Figures presented at recent sessions of the state committee indicated nearly 10,000 persons more than 70 years of age would receive benefits not to exceed \$30 a month.

The program for the aged and blind comes under the federal social security commission.

Of the \$787,500 quarterly for the aged, counties would pay \$198,873 the state \$198,873 and the federal government the remaining 50 per cent or \$393,750.

Funds to aid the blind would be provided by the state and the federal government on an equal basis.

The crippled children's service and the child welfare survey are under the children's bureau of the United States department of labor. The state and government's share for crippled children would approximate 50 per cent each. Under the proposed program for the five-months' child welfare survey, the state would pay \$300 and the government \$1,900.

The child welfare survey plan was designed to determine the best policies and methods for administration of a child welfare program "which will eliminate overlapping of jurisdiction of the various units now performing this type of service," the governor said.

The state relief committee's social security plan was announced several weeks after the sales tax was defeated and came as a surprise to those who believed Oregon had forfeited its opportunity to obtain match-money from the federal government.
