

TOWNSEND CHIEFS ENGAGED IN FEUD AS HEARING NEAR

Monaghan, Bloc Leader in House, Dislikes Way Things Going in Organization—Hates Clements

By HERBERT PLUMMER.
WASHINGTON—Whispers behind the scenes concerning the house investigation of the money-raising and spending activities of the Townsend old age pensioners organization hint of interesting disclosures forced into the open from disgruntled Townsends themselves.

The titular leader of the Townsend bloc in the house—Representative Monaghan of Montana—is far from pleased with the way certain things are going within the organization.

Chairman of the Townsend committee on legislative strategy, the 29-year-old, robust Montana representative, serving his second term in the house, is particularly dissatisfied with the lack of appreciation shown by the national organization for efforts put forth by members of congress to secure enactment of the plan.

Especially is he at odds with R. E. Clements, co-organizer and secretary of the Townsend movement and key figure in the publication of the Townsend Weekly, the official organ of the Townsend movement.

Double-Barreled Feud.
Monaghan makes no secret of his feud with Clements and the reason for it. It's political and personal.

The youthful representative, who will reach his 30th year on March 26, wants to go to the United States senate. Senator Murray, who succeeded the late Tom Walsh, is up for reelection this year and Monaghan is anxious for his seat.

He claims he has the blessing of Dr. Townsend, but that for some reason the Townsend Weekly refuses to come to his support. More than that, Monaghan charges, "an attempt has been made to give the impression that my candidacy for the senate would be harmful to the Townsend cause."

The story is told that Monaghan confronted Clements with such charges at a meeting of Townsend supporters in congress at a private meeting one night in the office of Representative Conroy of Massachusetts. Clements is reported to have told Monaghan flatly that "it might interest you to know we will accept a paid advertisement from your opponent."

Publicity for Scoffers.
He has as a prize exhibit a recent issue of the Townsend Weekly containing the following headlines and stories which occupy almost a whole page:

"Hoover Kept Busy" "Borah Announces" "Landon Starts His Campaign" "Knox Leads."

"How do these men," he demands of Clements, "some of whom have termed the plan visionary" and "great illusions" merit publicity in your columns. I challenge you to justify your actions in that those members of the house who so loyally and fearlessly took the jeers, the jibes and sneers now are being tossed to the oblivion of obscurity, and in many instances being abused."

He has asked Bell of Missouri, chairman of the investigating committee, to call Clements as one of the first witnesses. Although not a member of the committee, he has promised to be on deck when Clements appears.

PLACERVILLE SCHOOL WALKOUT IS AVERTED

PLACERVILLE, Calif., March 6.—(AP)—Principal B. E. Larsen of El Dorado high school, averted a strike of 450 students today, after they had refused to go to their classes out of sympathy with C. W. Olsen, history teacher, who was ousted by the school board on charges of kissing a student.

While the school board was investigating last night charges Olsen had attempted to kiss and caress a 14-year-old girl, he submitted his resignation.

County probation officer Charles Bell also spoke to the boys who called off their strike and returned to their classes.

NUMEROUS SALES APPELATE UNIT EVIDENCE ACTIVITY IN REALTY MARKET TO STAGE PLAYS

Continued activity is apparent in the real estate market, according to the Charles A. Wing agency which reports a number of sales completed in the last ten days.

The C. W. Konkel suburban tract of four acres in Springbrook Orchard tracts has been purchased by Mrs. Elizabeth Wortman who has already taken possession. Mr. Konkel has purchased the property at 414 West Jackson street in which to make his home, and has taken possession.

The Wing Agency also reports sale of the R. H. Dopp property located south of Stewart avenue on South Peach street, commonly known as the Holloway place, to Bryan Hawkins. Mr. Hawkins recently moved here from Klamath Falls to make his home.

The Collins Saylor property on the Jacksonville-Phoenix highway has been sold to L. J. Palmateer. Mr. Palmateer is establishing a fox farm on the place. He is a native Oregonian, having graduated from Oregon Agricultural college approximately 25 years ago. He has since been located in various parts of the United States in government service, but has always had a desire to return and make his home in Oregon. After investigating various parts of the state Mr. Palmateer has decided the Rogue River valley offers better conditions for raising of high grade foxes and has decided to make his future home here.

The Saylor property is rather outstanding in the valley, due to the high development reached on a small acreage, it having a very wide variety of berries and fruits.

HAMILTON, MONT., SCENE OF DISASTROUS BLAZE

HAMILTON, Mont., March 6.—(AP)—Fire Thursday swept the business district of this western Montana town, leveling the Valley Mercantile building and damaging adjacent property and store stocks to the extent, owners estimated, of about \$100,000.

LEGION ENABLES VETERAN TO GIVE ADDED SERVICES

(Contributed)
Often the question is asked—"What is the American Legion, what good is it, what does it accomplish, who are its members?"

The American Legion is an organization of honorably discharged veterans of the World War, whether they served in France or training camp.

Its membership is open to veterans regardless of rank. Rank and cliques are not a part of the Legion. A private during the war, may be commander of the Legion today. The American Legion has a two-fold purpose—for God and Country. In the Legion there are no religious sects... the community, the state and nation, the disabled veteran, his widow and orphans are the concern of the American Legion.

Accomplishments of the Legion are many. It has found jobs for the unemployed, extended financial aid to veterans and their dependents, reached out to succor the distressed in time of disaster. It believes in the principle of good government and enforcement of all laws. It believes in justice for all. The Legion was organized that veterans of the war might continue to give the service to their community that they gave to their country.

Politics and politicians have no standing in the American Legion. Membership in the American Legion cannot be measured in dollars and cents. It can only be measured in

the service of a Legionnaire provides his community and fellow man. The Legion is not militaristic. It believes in an adequate defense. A universal draft act that will call sons of millionaires as well as the poor man to the colors in time of need; to prevent profiteering. We ask nothing more.

We believe that every resident of the United States should be a citizen of the country. To that end Americanism last and always. In the Legion Americanism means but one thing—love of country.

The Legion believes in the protection of our educational institutions so every child may have an adequate education. The American Legion last year alone spent more than \$1,000,000 to help needy children.

Every honorably discharged World War veteran belongs in the American Legion now, to safeguard and transmit to posterity the principles of justice, freedom and democracy; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness. Join Medford post No. 18, American Legion today, and belong to one of the 11,500 posts in the world today. It is your duty to assist in carrying out the principles set forth by the American Legion.

Clifford Daugherty, forger and escaped life-terminer from the Idaho penitentiary, occupied three adjoining "correction" cells in the yard of the prison next to a storeroom. Guards found Poe gone this morning. Investigation revealed a hole in the wall between his cell and the storeroom, and the convict hiding in the room.

Another small hole was found in the wall between Poe's cell and that occupied by Davis.

CAPITOL ARCHITECT TRAVEL FEE ALLOWED

PORTLAND, March 6.—(AP)—Traveling expenses not to exceed \$5,000 in addition to the usual 4 percent fee, will be allowed the winning architect in Oregon's contest for plans for a new \$2,500,000 statehouse.

The capitol reconstruction commission adopted a resolution today approving the expense.

SCHOOL GIRL CRUSHED BY BIG PASSENGER BUS

PORTLAND, March 6.—(AP)—A passenger bus crunched into Lena Ferrara, 14-year-old school girl, today, sending her to a hospital with a mangled abdomen, lacerated face and possibly fractured skull.

E. L. Price, the driver, was charged with reckless driving.

OREGON PRISON BREAK FAILURE

SALEM, March 6.—(AP)—Dupree Poe, life-terminer at the state penitentiary, got only as far as a prison storeroom adjoining his cell, and two unsuspected accomplices failed to get out of their own cells in an attempted break early today, Warden James Lewis reported.

Poe, sentenced for the murder of a Silverton night watchman; Earl Davis, Redmond bank robber, and

THESE FACTS ABOUT BRAN HAVE BEEN PROVED BY TESTS

Supplies Gently Acting "Bulk" to Aid Regular Habits

New and then, in talking with your friends, the subject of bran has come up. So that real facts might replace unsupported opinions, the Kellogg Company has aided for some years research in leading nutrition laboratories.

Studies made on a group of healthy women showed that two tablespoonfuls of bran daily continued to relieve constipation over a period of months. How different from cathartics—where dosage often must be increased.

Another series of tests on men indicated that, with some people, the "bulk" in bran was much more effective than that found in fruits and vegetables.

Further tests showed that Kellogg's ALL-BRAN provided vitamin B and iron as well as "bulk." This "bulk" absorbs moisture, and gently exercises and cleanses the system—the right way to correct constipation.

Serve ALL-BRAN regularly for regularity. Either as a cereal, with milk or cream, or in cooked dishes. It is a natural laxative food. Sold by all grocers. Made by Kellogg in Battle Creek.

FARMER IS FREED ON CHARGE OF MURDER

SALEM, March 6.—A circuit court jury early today freed John Kyle, Broadacre, farmer, of first degree murder charges for the slaying of Hugh Jean Sloan, his neighbor, on January 2.

After deliberating for 10 hours, the jury's verdict was "not guilty." Four verdicts were possible: first degree murder, second degree murder, manslaughter or acquittal.

Throughout the case, Kyle admitted the fatal shooting, but said he killed his "best friend" in self-defense.
