EXPECT RUSH OF CANDIDATES FOR CONGRESS SEATS

SALEM, March 7.—(AP)—Only five candidates for the four seats in the national congress were filed with the secretary of state today, but at least a dozen others were expected to place their names on the list before the deadline three weeks from Monday.

No filings were recorded to date for the two state offices—state treasurer and attorney general—but the present officials announced they again would enter the campaign. The three justices of the state supreme court whose terms expire this year have filed for re-election on the non-partisan ballot. No other state offices will be voted upon.

Four of the congressional candidates are Townsendites and their slogans indicate full support of the Townsend old age pension plan. No candidate has filed for the United States senate to succeed Charles L. McNary, but the senior senator will file before March 30 for re-election on the Republican ticket, while Willis Mahoney, Klamath Falls Democrat, will seek election on the Townsend platform. Mahoney was defeated for the Democratic nomination for governor by General Martin.

Of those who filed for representatives in congress, Cortis D. Stringer, state senator, is the only one who did not unqualifiedly endorse the Townsend plan. He is seeking the Democratic nomination from the first district to succeed James W. Mott, Republican.

In the second district, now represented by Walter Pierce, Democrat, three candidates have filed: Clarence B. Phillips, Republican of Burns; C. D. Nickelsen, Republican of Hood River; and V. S. Howard, Democrat of Madras.

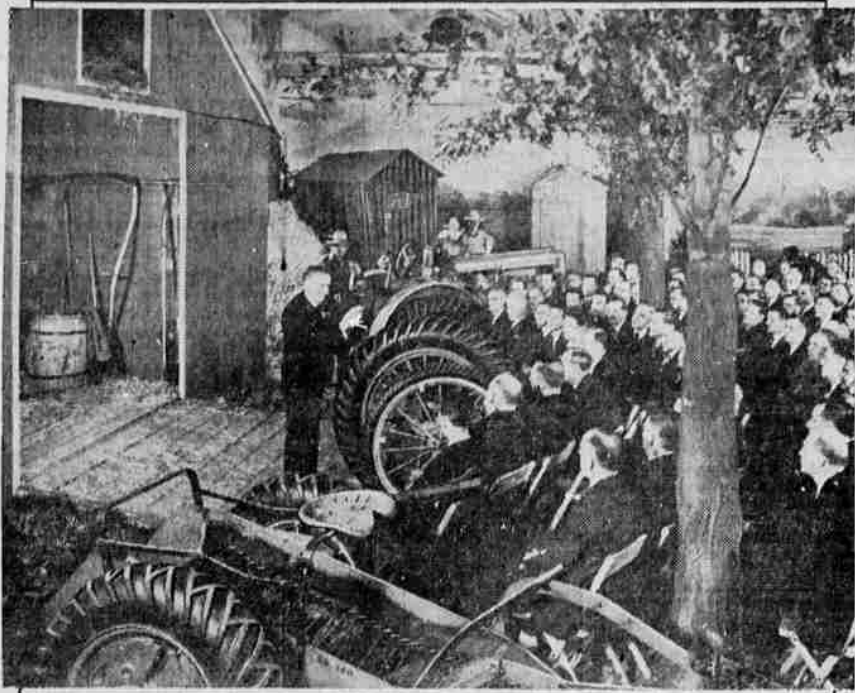

Walter Whitbeck, Democrat of Portland, filed for congress from the third district, to succeed William Kewell, Republican.

TUGWELL SPEECH PUT ON PAR WITH COMMUNIST TALK

WASHINGTON, March 7.—(AP)—Republicans and Democrats whacked at each other today in the aftermath of the tempest stirred by a communist's radio speech.

Going on the air to reply to a talk Thursday night by Earl Browder, secretary of the communist party in America, Representative Fish (R., N. Y.) raised the question whether there was "much difference" between the opinions of Browder and Rexford G. Tugwell, prominent new dealer.

On hearing that, Representative Dingell (D., Mich.) assailed Fish and said the new deal saved the country from communism and revolution.

The Browder talk over Columbia broadcasting system itself raised a storm of controversy and yesterday brought from Bernard MacPadden, publisher, a demand that William Paley resign as president of the radio company. Paley has declared his company's policy is to allot time to all parties for the discussion of public issues.

Fish declared there was no reason for keeping communist speakers off the air "when the radicals, socialists and near-communists of the new deal brain trust can get as much time as they want."

He said Tugwell, under secretary of agriculture, recently made an "inflammatory speech at Los Angeles."

In which "he denounced the capitalist system and urged that we go away with 'sterile morality of individualism'."

Mill Wages In Oregon Best In Ten Years

PORTLAND, March 7.—(AP)—Wages paid in sawmills and logging camps in the Douglas fir regions of western Oregon and Washington, when measured by the cost of living, are higher than at any time in 10 years, the West Coast Lumbermen's association said today.

Using the June, 1929, purchasing power as 100 per cent, the association found that the present dollar in terms of wages is worth \$1.185 and the 62.5 cent wage of October, 1925, represented a real wage of 74.66 cents, "probably the highest real wage ever paid by our industry."

KNOX, ROOSEVELT FAVORITES IN NEW HAMPSHIRE VOTE

CONCORD, N. H., March 7.—(AP)—New Hampshire, first state to elect delegates to the 1936 national political conventions, will make its selections next Tuesday with President Roosevelt and Col. Frank Knox favored for the presidential nominations by a majority of the Democratic and Republican candidates.

Colonel Knox, Chicago newspaper publisher and co-publisher of the Union-Leader at Manchester, where he maintains a home, is the first choice of a majority of the aspirants for places on the Republican delegation, although none is officially pledged to him.

Gov. Alf Landon of Kansas is the unofficial second choice of several. President Roosevelt has the support of all but a scattered few on the Democratic ballot and is assured of a majority of the delegation, regardless of who the winners may be in Tuesday's contests.

New Hampshire law permits, but does not require, candidates to pledge themselves to anyone whom they favor for the presidential nomination.
