

MAYORS PROPOSE ADDITIONAL COIN FOR WORK RELIEF

\$2,340,000,000 Recommended For Next Fiscal Year—Dole Denounced—Many Projects Remain.

WASHINGTON, March 13.—(AP)—An additional \$2,340,000,000 to continue work relief during the next fiscal year was proposed by President Roosevelt today by the United States conference of mayors.

The mayors' conference, embracing the heads of the 100 largest cities of the country, said it was unanimous in endorsing the policy of work relief as opposed to the dole and likewise unanimous on the necessity for continuing WPA.

Views of Men on Job. The exhaustive survey and report of the mayors' conference was submitted to President Roosevelt by Mayor Fiorella H. Laguardia of New York City as chairman of the conference. He told newsmen "these views are those of the men who are actually on the job and know conditions."

The report was received by the president as he was preparing to conclude his own study of relief needs and submit recommendations to congress for funds for the next year.

"As chief executives of these major cities," said the memorandum of Mayor LaGuardia, "we are of the opinion that any honest and impartial analysis of the work being prosecuted in the important cities of the country will reveal that practically every project represents a useful and, in most cases, a permanent public improvement."

Much Yet to Do. "Certainly, there remain a multitude of additional useful things to be done under future works programs."

And, finally, it is apparent that the city officials of America will never consent to the abandonment of the work principle in giving relief assistance. The dole, based upon idleness and groceries, has no place in our American scheme of society."

The report listed the replies from the 100 cities saying it was the answer of 25,000,000 people to whether the WPA program should be continued. The replies were signed by mayors, city managers, commissioners of public works, and their secretaries in some instances directors of parks and public property.

The cities included Tacoma, Wash., Seattle, Portland, Ore., and Spokane, Wash.

The officials in nearly every case said there were still many projects of a useful nature which could be submitted if the program was continued.

REYNOLDS ESTATE DIVISION RECEIVES COURTS APPROVAL

Child Of Second Wife Gets 25 Per Cent—Daughter Of Second Wife Will Receive 37 1-2 Per Cent.

BALTIMORE, March 13.—(AP)—Circuit Court Judge Eli Frank "ratified and confirmed" today the "family settlement" dividing the estate of the late Zachary Smith Reynolds among his heirs without litigation.

A decree handed down by Judge Frank approved a compromise in North Carolina courts had agreed upon to dispose of the \$25,000,000 estate of the deceased youngest son of the late R. J. Reynolds, who accumulated a fortune in tobacco.

The decree also held that a will executed by Smith Reynolds was ineffective and void. North Carolina attorneys had contended at a hearing before Judge Frank that Reynolds, who died before he was 21, was incapable of making a will.

The compromise ratified by Judge Frank calls for the following division of Smith Reynolds' estate: To Christopher Smith Reynolds, child of his second wife, Mrs. Elizabeth Holman Reynolds, former Broadway "torch" singer, 25 per cent.

To Anne Cannon Reynolds, 2nd, daughter of his first wife, 37 1/2 per cent. To his brother and two sisters, for the purpose of creating charitable trusts, 37 1/2 per cent.

The settlement provides also that Libby Holman Reynolds shall receive \$750,000.

Judge Frank also ratified the state of North Carolina's claim for \$2,000,000 in inheritance taxes.

Smith Reynolds' estate has been estimated variously at from \$25,000,000 to \$30,000,000.

RULES ON CAPITOL DRAWING CONTEST SENT ARCHITECTS

Deadline For Entries April 10—Winner Will Be Chosen By Secret Jury—Announced May 28th.

PORTLAND, Ore., March 13.—(AP)—The program of rules for the architectural competition for Oregon's \$2,500,000 statehouse at Salem went to leading designers throughout the nation today.

The program was mailed by Alton Bassett, secretary for the state capitol reconstruction commission.

Deadline for entries was set April 10 and designs must be in the hands of the clerk of the state supreme court by May 22. The winner, to be chosen by a secret jury of five, will be announced May 28.

No restrictions were placed on the design. Architects were asked to figure on a \$2,500,000 structure, leaving \$500,000 for unforeseen expense.

Winner of the competition will receive the contract for the architectural work, the fee for which will be 6 per cent of the structure's cost, or around \$132,000.

Five runners-up will receive \$1,000 each.

If an out-state architect wins, he is to employ an Oregon associate who would receive one-third of the 6 per cent fee.

The statehouse, for which federal aid was received, will replace the 59-year-old building destroyed by fire a year ago.
