SALEM POLICE CHIEF IS INDICTED

News Behind The News
By Paul Mallon
(Copyright, 1935, by Paul Mallon)
CHICAGO, March 15.—The wind is always winder out here and so is politics. There is an ancient belief that the refreshing breeze blows off the lake, while the political situation is generally scented as having come in from the west through the abattoir district. Just now, as usual, both are coming straight up out of the pavements in whirls.
Men behind the bellows are jamming away at their work as lustily as in the old days when Big Bill Thompson used to spear the kings of England nightly, and incidentally, the sweep has even blown Big Bill out of the downtown hotel room in which he has been in retirement for years and brought him forth again as a political figure, if only in favor of an attorney general who will guarantee "clean elections." Imagine that after all these years.
Note—Bill still rides down to the foreign quarters occasionally and calls the men and women voters off the stump for a chat. He always calls them by any first name which happens to be most common in that particular district and he never fails to get a response from more than one of the perpetual stoop sitters. He has friends, but no organization. He probably will not be a figure in presidential politics being interested only in his candidate for "clean elections."

MANY ACCUSED IN GAMBLING PROBE HEADED BY MOODY

Beer Parlor and Pool Hall Operators Indicted, Ordered Arrested—Shocking Situation Held Revealed
SALEM, March 15.—(P)—Frank A. Minto, Salem chief of police, and Orey Coffey, policeman, were under arrest here today following indictments returned by the Marion county grand jury in its investigation of gambling conditions.
The grand jury returned 36 indictments, including many proprietors of beer parlors and pool halls, in its preliminary report to Judge L. H. McMahon, and the immediate arrest of all defendants was ordered.
Minto was indicted on two counts, one for negligence in failing to prosecute gamblers, and one for malfeasance in office. His bail was set at \$2,000. Coffey received three indictments, two the same as those against Minto and one for bribery. His bail was set at \$4,000.
More To Come
The grand jury was continued upon the suggestion of Ralph Moody, special prosecutor assigned from the attorney general's office on the gambling case. He stated other indictments were expected later.

WILD HORSES SHY AT HUGE CROWD; ONLY 6 CAPTURED

Freedom of the wide open spaces and the high hills was enjoyed today by a majority of the wild horses of the Applegate, following the round-up held yesterday at Muddy Gulch in the Buncom district, which resulted in the corralling of six yearling colts. The rest of the Mustang band headed back to the bald hills after catching a glimpse of an expectant and whooping holiday crowd, estimated by state police at 1500.
The tough and somewhat scraggly appearing colts, led into the oak timber corral by a tame mare were jittery with fright, as men, women and children packed against the corral. Cowboys lassoed two of the colts and dragged them into the enclosure.
Three times the range riders, under the supervision of District Forest Ranger Lee Fort, drove the wild horses within a block of the corral, and three times the cries and hubbub of an unexpected crowd frightened the nags, and they raced through the cordon of CCC enrollees and horsemen. It was then decided

LOST CHILD LIVES THROUGH NIGHT OF DUST STORM, COLD

3-Year-Old Colorado Boy Sought by 500 Turns Up Safe 6 Miles From Home After Terrifying Night
TWO BUTTES, Colo., March 15.—(AP)—Three year old Steve Benson walked into a farm house alive today after spending the night low in one of the worst "black blizzards" dust storms ever to strike this area.
More than 500 persons were searching for the boy, expecting to find him smothered or frozen to death, when he reached the farm home of Dewey Peters, six miles from where he disappeared.
"I slept out," he said in childish English. "Saw the cows."
Almost immediately he fell asleep. Doctors examined him and said his condition was "exceptionally good," "considering that he had been in the open for hours in a dust storm that reduced visibility to zero. He was rushed to a hospital at Lamar.
Veteran residents of the southeastern Colorado "dust bowl" were amazed that the child lived through the night. The temperature dropped to below freezing and the boy was clad only in overalls.
"We had not hunted as far as the Peter home because we believed it

Sales Of Red Ink Take Marked Dip As Times Improve

PORTLAND, Ore., March 15.—(AP)—Business is writing less of its financial history in red now, Fred L. Whalen, ink company executive of Cambridge, Mass., said today.
Millions were recorded in red ink during the depression, but now the trend is all the other way, he said.
"The drop in the sales of red ink in the past few months is the most remarkable feature in our trade history," Whalen said. "You can understand that the output of this color increased several hundred per cent during the recent financial unhappiness."
Exports of all colors of inks are improving too, he reported.

FRANKFURT—ON-MAIN, Germany, March 15.—(AP)—Adolf Hitler, making his third speech in the Reichstag election campaign, declared in this formalized Rhineland town tonight that "the world must know that there are not two or three different opinions in Germany but only one."
"The spokesman for Germany represents this unity," said Hitler, referring to himself.

LONDON, March 15.—(AP)—Pierre Etienne Flandin, foreign minister of France, today presented a resolution condemning Germany for violation of the Locarno treaty to the League of Nations council which, earlier, had refused consideration of Reichswehr-er Hitler's peace proposals.
Flandin presented the resolution on behalf of France and Belgium. The resolution stated that Germany had repudiated the Locarno pact between Germany, France and Belgium through an infringement of article 43 of the Versailles treaty. Article 43 provides that no troops shall be sent into the Rhineland.
Discussion of Flandin's resolution was put off until 3:30 tomorrow afternoon.

GOTHAM STRIKERS RETURN TO WORK

More indicative of the gusty swirl of politics is the increasingly painful disagreement of Democratic Mayor Kelly and Democratic Governor Horner. Said Mr. Kelly of Mr. Horner the other day: "As a governor he is a good hand carrier." Said Mr. Horner of Mr. Kelly: "I will carry Booe Kelly's Cook county by 250,000 even if they steal another 250,000." The general consensus of the better judges here is that Governor Horner over-estimated his own ability and under-estimated Mayor Kelly's. All seem to suspect that Horner cannot roll up enough downstate to offset what the efficient Kelly-Nash Chicago roller will roll up against him here.
Note—The Kelly-Nash Roller comes

WORK TO START ON MODEL HOME HERE THIS WEEK

Ground will be broken the latter part of the week for the model home to be built on West Main street as an example of what can be accomplished under the federal housing act.
Contract for the excavation has been let to R. I. Stuart & Sons and about 100 cubic yards of earth are to be removed to make room for the basement.
Plans drawn up by John Boyle of the California Oregon Power company have been approved and from these Frank Clark, architect, is completing the specifications. Oien Arnsperger, chairman of the committee in charge, stated today, Mr. Boyle is a member of the committee.
The model home will be a five-room house of colonial design. It will be a story and a half high, with provision for two additional rooms upstairs. The basement will be completely finished. There will be a central heating plant and all appointments will be modern. Mr. Arnsperger said. It will be situated at the northeast corner of Main and Peach streets.
A meeting of the general committee will be held in the Jackson County Chamber of Commerce at 7:30 Wednesday night with Mr. Arnsperger presiding. It is expected that final financing plans will be perfected at the meeting.

SIDE GLANCES BY TRIBUNE REPORTERS

Col. F. L. Tuohy of Jayville, usually the picture of sartorial perfection, covered with confusion while breakfasting in a downtown nook this morning when he discovered he'd forgotten his tie, a situation the more embarrassing because he received four on his birthday Friday.

LOBBYIST SHARED HOUSE WITH SIX CONGRESSMEN

WASHINGTON, March 15.—(AP)—Testimony that he had entertained many members of congress and shared a house with six of them while working for certain legislation was given to the senate lobby committee today by Robert E. Smith, chairman of the national conference of investors.
Referring to representatives as "the boys," Smith said that western power companies contributed the bulk of \$26,177 contributed to his National Security Holders association from January 1, 1934, to September 30, 1935. He listed \$28,798 of this as going for his own salary and expenses.
The witness related most of his discussions with members of congress concerned reclamation projects. He recalled finding no telegrams in his files concerning the Wheeler-Hayburn public utility holding company bill.
His genial manner vanished momentarily when Senator Schwelienbach (D., Wash.) charged he had practiced deception by asking investors to join his association at \$1 apiece without telling them railroads, power companies and other large interests had put up \$57,000 for it in 1934.
"I object to the word deception," Smith shouted.
"Did you ever tell anyone where the big money was coming from? Did you ever tell any of the fifty congressmen you entertained, or anyone else, where the money for your organization came from?" Schwelienbach demanded.
"No."

OSAGE COUNTY GIRLS MURDERED IN ALBERTA

LETHBRIDGE, Alta., March 15.—(AP)—Royal Canadian Mounted police are working on a double murder-suicide theory in their investigation of the deaths of two sisters and a hired hand on the C. R. Elison farm, 35 miles north of here, Dr. D. B. Fowler, coroner, said today.
The sisters, Alaire Elison, 16, and Lorene Elison, 18, were found by neighbors Saturday shot to death in their burning home while other members of the family were absent from the farm.

SCHOOL CHILDREN INVITED TO VIEW SHAKESPEARE FILM

A special matinee at 10 o'clock for all school children of Jackson county has been announced for Thursday morning at the Craterian theatre for the showing of Warner Bros. "Midsummer Night's Dream." C. R. Bowman and E. H. Hedrick, county and city superintendents of schools, have granted all students in grade and junior and senior high schools, the privilege of being excused from their classes to attend the special showing—the only restriction being that the students must get their tickets at the principal's office in the respective schools.
A special concession to parents and to teachers attending the early morning showing of "Midsummer Night's Dream" has also been made.
This marks the first time Jackson county schools have granted such privileges to the students and it is expected that many hundreds will take advantage of the chance to see the much-discussed film play of the famous Shakespearean fantasy.
The regular reserved seat sale of seats for the matinee and evening performances for the one day only showing, Thursday, starts at the theatre box office today. Early reservations are advised, as the present rate of sale gives every indication of capacity crowds for the two performances.
