FOR DIGESTION'S SAKE... SMOKE CAMELS. SCIENTIST, Otis Barton goes down 8000 feet into the ocean depths in the "bathysphere." He says: "Camels make my food taste better and help to digest." FARMER, John Kirby enjoys Camels best of all at meals: "Smoking Camels helps a man digest his dinner better. I get a 'lift' with a Camel." STEEL WORKER, "I have to eat quick," says Harry Fisher, who works high in the air on narrow beams. "A Camel helps my digestion." BILLIARD CHAMP, "I found that smoking Camels is a special pleasure and a real aid to digestion," says the veteran Willie Hopps. AERIALIST, Vera Kimris, star of "Jumbo," says: "Thanks to Camels, I get added enjoyment out of my food. I like Camel's milder flavor." WORLD-SERIES HERO, "Goose" Goslin, says a half-player has to watch digestion like a hawk. He adds: "Smoking Camels stimulates digestion." SPEED KING, The winner of the Indianapolis Classic, Kelly Pettilo, says: "Camels hit the spot and go a long way in keeping my digestion in good shape." Science and everyday experience agree that Camels pleasantly promote good digestion. People in every walk of life get "keyed up." The constant hurry and mental strain—the worry and tension—tend to slow down the flow of digestive fluids. Camels act as a release from this strain on digestion. Scientific experiments definitely confirm the fact that smoking Camels promotes good digestion. Camels restore and increase the natural flow of the digestive fluids. Enjoy Camels... for digestion's sake... for their cheery "lift"... for supreme smoking pleasure. Camels set you right! They never tire your taste or get on your nerves. COSTLIER TOBACCOS Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand.
