**Medford Misses Plan Spring Weddings**  
 Tradition and sentiment name spring as the fitting time for nuptial rites, and Medford brides this year will present no exception if we are to take present news as an indication of the number of weddings to come.

First of the recent bride-elects to take her vows will be Miss Ethel Skagle, who will become the bride of William Knipps at the home of her mother, Mrs. W. L. Miller, Friday evening in an 8 o'clock ceremony.

Miss Clara Mary Fuson, daughter of Mr. and Mrs. Thomas Fuson, has selected April 19 as the date for her wedding to Russell Delzell Davis of Klamath Falls. The ceremony will be performed at the William Vavter home.

Most recently announced is the coming marriage of Miss Marjorie Ringo, daughter of Mr. and Mrs. H. E. Ringo, to Leonard F. Crothers of Seattle, which will be an event of April 28 or 29. Although this ceremony will take place in Seattle, the announcement, made Sunday afternoon, is of great interest among local circles, both Miss Ringo and Mr. Crothers being known here.

The three brides-elect, all popular among young Medfordites, have been much feted since news of their forthcoming marriages were known, and other affairs are being planned.

## Easter Holiday Signal for Activity

With Easter to be observed in all churches and homes next Sunday and the valley seemingly over its retarded burst of wintry bluster, plans for a period of heightened social activity during the spring weeks are going forward on all sides.

Just at present, the feminine portion of the population is concentrating attention on spring clothes, for clothes make the woman as well as the man, and never are they so dear to her heart as in the spring.

Outside affairs, excursions and picnics will soon begin to take the place of the ordinary type of social events, which are apt to seem a trifle stuffy when contemplated in an atmosphere of blue skies, bright sunshine and mounting temperatures.

Principals among those attracting attention at this time of year are the students who will see the end of their high school days with commencement and baccalaureate exercises. Particularly during the month of May do the sons and daughters claim attention and entertainment, although their elders will not care to be entirely neglected.

**Mrs. Barnes Back From Southern Vacation**  
 Returning to her home here Saturday was Mrs. Ernest Lee Barnes, who has spent the past five weeks vacationing at Tucson, Ariz., famous winter resort.

While in the southwest, Mrs. Barnes made several trips into the interior of Mexico, securing several pieces of Aztec handicrafts, which she expects to add to the furnishings for the new home now being built by Mr. and Mrs. Barnes on Skiskiyou Heights.

## Dance Scheduled For Friday Evening

Announcement is made by the Pocatotas lodge that arrangements are being completed for another in the series of Friday night dances April 10. Guests will be members and their friends.

In charge are Harriet Wilson, Gladys Lawrence and Bud Lawrence. Music will be by Dickey's orchestra.

**Dessert Luncheon Planned for Club**  
 Members of the Mistletoe club will meet tomorrow afternoon at 1:30 at the Girls' Community club house on North Bartlett for a dessert luncheon. Making arrangements for the day are Frances and Joan McConochie, Ora Manning and Mrs. Austin. The occasion is a Pollyanna party.

A fish that walks on land and that drowns if it cannot reach the air has been found in Siam.

## Juveniles Plan Easter Events

Plans for an Easter egg hunt Saturday afternoon from 3 to 5 at the home of Mrs. Ida M. Wilson, director, 7 Chestnut street, were made at the Saturday morning meeting of the Degree of Honor Juvenile club.

Clara Gill presided over the business session in the absence of Katharine Warner, president. Josephine Case was a guest of the club. During the business meeting, Ernest Smith was presented a new cap and Virginia Lovell applied for one.

After the business session, Easter games were played, with Virginia Lovell being awarded a prize. Luncheon was served at noon.

It was announced that all members are urged to be present for the egg hunt Saturday afternoon and that all may bring a guest.

## Mrs. Moffatt Hostess Tomorrow

Among hostesses this week will be Mrs. John Moffatt, who will entertain members of Chapter A. P. E. O. at her home, 104 Florence, tomorrow afternoon. The time has been set for 1:30.

## HIGH SCHOOL BAND TO PLAY FOR ASSEMBLY

In a special assembly program tomorrow morning at 10 o'clock the Medford high school band will play three numbers which have been rehearsed in preparation for participation in the state contest at Corvallis, April 10 and 11. P. Wilson Wait directs the band.

The annual contest is sponsored by Kappa Kappa Psi, national band honor society, and competitors will be bands from high schools throughout the state.

Included on the program tomorrow morning will be Christianson's "Norwegian Rhapsody" and "Dance of the Serpents" by Bocallari. The public is extended a cordial invitation by school officials.

## MAN HELD HERE ALSO FACES SALEM CHARGE

A warrant issued in Salem Justice court for the arrest of George McFlay, alias Ulmer Canaday, on a charge of forgery, has been received here by state police. Canaday is held in the county jail on a charge of violation of the Dyer act in transporting a stolen automobile across a state line.

He is held for the federal grand jury in Portland under bonds of \$2,000. The forgery warrant will be used as a detainer in the event that federal prosecution does not follow, state police said.

## INCOME at 66

... a business man soon to retire discusses a question in which every community is interested

That job is to lower your living costs—and still pay back to the farmer more of each retail food dollar.

No one man can do these things. That's why your Safeway grocer works in a business family.

Safeway buyers, truckers, marketmen and home economists team together to cut needless wastes and handling costs between the farm and you.

This way money is saved. You get better values at your Safeway grocer's. Farmers get a bigger share of the food dollar than they could before the Safeway method was developed.

And your Safeway grocer earns a better income than other men in his line of business... M. L. Bean, Division Manager for Safeway Stores, 239 South East Salmon St., Portland, Oregon.

How much did you spend for food last month? Check up. Then trade at your neighborhood Safeway grocer's for 30 days and compare your total savings!

PROPERTY OWNERS in many neighborhoods are better able to meet their taxes because of rent the Safeway grocers pay.

You and all your neighbors share in the community benefits tax money provides.

Your Safeway grocer earns his success by serving his neighbors well. He works at a job the people want done.

Q. Are you a property owner here, Mr. R. \_\_\_\_\_?

A. Why, yes. I own most of the block where you see that Safeway.

Q. How do you like renting to a chain store?

A. First rate. This Safeway's been successful. My rent comes through like clockwork.

Q. What about your other property?

A. Locations along here are worth more, because the Safeway makes this a lively shopping center. It's easier to rent my other stores. And rents are up.

Q. What about owners of neighboring business property?

A. They like it, too. The Safeway expands our community trading area—draws people here.

Q. Then you're quite satisfied with your chain store tenant?

A. Satisfied! Young man, listen. I'll be 66 next month, ready to retire. It's mighty comforting to feel my savings are secure.

**Each Puff Less Acid**  
**A LIGHT SMOKE**  
 OF RICH, RIPE-BODIED TOBACCO

Over a period of years, certain basic advances have been made in the selection and treatment of cigarette tobaccos for Lucky Strike Cigarettes. They include preliminary analyses of the tobacco selected; use of center leaves; the higher heat treatment of tobacco ("Toasting"); consideration of acid-alkaline balance, with consequent definite improvement in flavor; and controlled uniformity in the finished product.

All these combine to produce a superior cigarette—a modern cigarette, a cigarette made of rich, ripe-bodied tobaccos—A Light Smoke.

Recent chemical tests show\* that other popular brands have an excess of acidity over Lucky Strike of from 53% to 100%.
