RAILROAD BANDITS TAKE \$58,000

By Paul Mallon
(Copyright, 1936, by Paul Mallon)
WASHINGTON, April 17.—Army high commanders these days look like the private who was caught with a speck of dust on his gun. Their trouble, as is well known, is political.

They dare not say it aloud, even in an executive session of a congressional committee, but they would like to get further separated from political influence or else borrow Charles McNary's Democratic tactics to tell them how to make adequate excuses for political mistakes.

The turn of two recent events has flustered the whole inner army circle to the core.

Latest embarrassing moment developed when Major General Bolles, commanding the third corps area, ordered out two companies of infantry and a band to whom up a Democratic rally in Baltimore. The Democratic arrangements committee requested the whoopeers for their torchlight parade, in honor of President Roosevelt's speech.

The order offered a wide open mark for Republican Dr. Fletcher to shoot at. He did not miss. His shots screamed, "Hitler and Mussolini methods." Senator Carey followed with an embarrassing letter to War Secretary Dern reminding him that the marine band had been withdrawn from the Woman's Patriotic Council here because the new deal was criticized at that meeting. No plausible answer or excuse was at hand.

The generals called for the regulations books and searched fast. Finally they noted that the federal troops may be called out either for review or as an escort for the president. Mr. Dern quickly announced that the troops were ordered out on the "assumption" that the president would be in the parade. The only trouble with that is he wasn't.

Just prior to that, the high commanders were explaining publicly (and not with entirely straight faces) that General Hagood was restored because the army is short of major generals.

They will tell you on the side the real reason he was restored was political.

ILLINOIS PRIMARY COUNT NEARS END

CHICAGO, April 17.—(AP)—Re-nomination of Gov. Henry Horner by an estimated 155,000 votes and a victory by Col. Frank Knox over Senator William E. Borah of 68,500 votes in the Republican presidential preferential race were indicated today in a nearly complete tabulation of the Illinois primary vote.

A count of 7042 of the states 7426 precincts gave Col. Knox 462,505 to 389,719 for the Idaho senator, an advantage of 72,786. With Sen. Borah leading downstate by an average of 11 votes a precinct, the projected plurality for Col. Knox was 69,465.

SIDE GLANCES

by TRIBUNE REPORTERS
Hap Dunn, when approached for news, stating that the only thing he knew was that he didn't sing at a recent meeting, his failure to do so being by popular request.

Maurey Spats admitting that he had just talked himself out of buying a new spring suit, and expressing admiration for Harry Rosenberg's new alligator suit of recent vintage.

BAGGAGE CLERK FACED BY GUNS OPENS UP SAFE

Bank Shipment of Silver and Bills Is Gained by Smooth Operations of Seven On Erie Railroad

NUTLEY, N. J., April 17.—(AP)—Seven men held up an Erie railroad train at the Walnut street station today and escaped with \$58,000 in silver and bills, being carried from a Paterson bank to the federal reserve in New York, police reported.

The money was in a safe in the baggage car, directly behind the engine. It was in the care of the American Railway Express company.

Newark detectives said the clerk in charge of the money surrendered his revolver when four of the bandits, carrying guns, suddenly confronted him and threatened to kill him unless he opened the safe.

Passengers Unaware.
There were two passenger cars behind the baggage car. They were crowded with commuters and shoppers, but no one in these cars appeared to be in the least concerned.

THEFT OF SEDAN HOYLMAN'S WORK SHERIFF CLAIMS

The sedan of Roscoe Baden, Wilder-ville, Josephine county farmer, was stolen from the garage last night, providing a possible clue to the whereabouts of Raleigh Hoylman, adjudged habitual criminal, who escaped from the county jail last Friday night by slashing and slugging Jailer Harry Ingling into submission.

Sheriff Syd I. Brown holds the theft was a Hoylman "job," and that the Wilder-ville district is territory the fugitive knows. The authorities have been expecting that Hoylman would steal an auto for a getaway, after remaining in hiding for a week.

S. A. Mayhugh, a farm hand of Grants Pass, reported yesterday that a man last Saturday purchased a pair of socks at the Murphy store, and procured a drink of water at a nearby farm house. The sheriff's office investigated this report yesterday.

The storekeeper believed the man was Hoylman, and did not know of Hoylman's escape until Thursday.

OLD AGE PENSION CHECKS SENT OUT

Old age pension checks for April were distributed yesterday to Jackson county beneficiaries by the state relief committee, after being delayed for a fortnight, by non-receipt of federal social security funds. It will be the last payment of old age pensions, as hereafter they will be known as old age assistance awards.

Checks distributed yesterday were for the amounts paid by Jackson county, but between now and May 1, increases will be allotted. The increase will be governed by circumstances and conditions, and after a study by the state relief committee. First consideration, it has been announced, will be given to those persons on the list and after that new applications will be considered.

The state and federal shares of the payments were received yesterday, and the Jackson county share has been in the hands of the committee since April 1, awaiting receipt of the state and federal funds.

Medford-Portland Hop in 70 Minutes

PORTLAND, Ore., April 17.—(AP)—A United Airlines plane clipped nine minutes from the Oakland, Cal., to Portland record. The plane, aided by a tail wind, made the route in 59 hours and 53 minutes. The 242 miles from Medford was covered in an hour and 10 minutes.

Fehl Will Seek Liberation by Habeas Corpus

HOUSE IMPEACHES U. S. JUDGE RITTER ON FINAL BALLOT

WASHINGTON, April 17.—(AP)—Federal Judge Hallett L. Ritter of Florida was convicted by the senate today on a house impeachment charge that he had brought his court into "scandal and disrepute."

The verdict automatically removed the 65-year-old jurist from the bench. Conviction came on the seventh and last ballot, when the vote was 56 for conviction to 28 against, exactly two-thirds of those voting, which was required under the constitution for a conviction.

First Vote Close.
On the first six articles, Ritter was acquitted, although on the first charge—that Ritter allowed an excessive fee of \$75,000 to A. I. Rankin, former law partner, in a receivership case and "corruptly" accepted \$4000 from Rankin afterward—the vote was 55 to 29, needing only one single switch to change the result.

Ritter had sat with arms folded across his chest during the seven roll calls by which senators answered "guilty" or "not guilty."

The last article combined all the previous six in one and charged the actions complained of had brought Ritter's court "into scandal and disrepute."

ARNSPIGER NAMED HEAD OF CHAMBER AT BOARD MEETING

Olen Arnsperger, manager of the Medford and Talent irrigation districts, was this afternoon elected president of the Jackson County Chamber of Commerce for the 1936-37 fiscal year. He succeeds Ben E. Harder, consultant of the First National Bank of Portland, who has just completed two consecutive terms as chamber president.

Other officers elected by the directors at a luncheon-meeting in the Hotel Medford were: vice president, W. P. Isaacs, proprietor of The Trolley; treasurer, George T. Frey, manager of the Medford office of the United States National Bank of Portland; and manager, A. H. Banwell, Mr. Banwell has served as manager for the past three years.

Thirty-two new applicants were approved by the board of directors for membership. This brings to 42 the number applying for membership in the past two weeks. Total membership in the chamber is now around 400, Mr. Banwell said.

The first official act of Mr. Arnsperger as president was to appoint

BARN DESTROYED BY MATCH FIRE

A barn on the Jim Vincent farm off Stewart avenue south of the city was destroyed by fire late yesterday afternoon. About four tons of hay, a trailer, a harrow and other equipment were burned with the barn.

Medford fire department responded to a call and fought the blaze with chemicals, there being no water available. The firemen were successful in confining the blaze to the barn.

Extent of loss has not been estimated. No one was at the Vincent home at the time. Chief Roy Elliott said today his investigation indicated the fire was caused by two children who were playing with matches at the barn.

'ROSY' ROSENBAUM FRACTURES HIP IN ACCIDENTAL FALL

A. S. "Rosy" Rosenbaum was seriously hurt last night in Yreka, Calif., when he slipped and fell, fracturing his hip. The accident occurred about ten o'clock at the Masonic temple in Yreka, where he was attending a chamber of commerce banquet, having driven down alone earlier in the day. Details of his condition are not known, but he is reported getting along as well as could be expected.

He is at present confined in a Yreka hospital and tonight will be taken by train to the Southern Pacific general hospital in San Francisco, where it is expected he will remain for about two months, receiving medical care. A group of Medford friends drove to Yreka last night when news of the accident was received here and made arrangements for his transfer to the San Francisco hospital this evening.

"Rosy," district passenger agent for the Southern Pacific railway, is one of Medford's best known and well-liked citizens, and his many friends here have expressed great concern over his injury.

Appeal Is Sought In DeJonge Case

SALEM, April 17.—(AP)—Attorneys for Dirk DeJonge, serving a seven-year sentence in the state penitentiary for the violation of the Oregon criminal syndicalism law, filed a petition today asking authority of the supreme court to appeal the case to the supreme court of the United States.

The state high court recently upheld the conviction of DeJonge by the Multnomah circuit court and refused a rehearing of the case.

PLAN IS ADOPTED TO SAVE TIMBER ALONG HIGHWAY

Appraisal Starts Monday As Basis for Exchange to Preserve Charm of Scenic Roadway to Crater Lake

Tentative arrangements have been made between the United States forest service and the Rogue River Timber company for the preservation of natural scenic beauty along Crater Lake highway where logging operations have been a threat for years, it was announced today by Karl L. Janouch, forest supervisor.

Consummation of the transaction depends upon reaching what both parties consider an equitable basis of exchange of timber areas. Mr. Janouch stated. Pending completion of present negotiations, the company has agreed to cancel all cutting arrangements and to hold in abeyance a reported sale of a timber area along the highway to the Lewis Brothers Lumber company of Prospect, he said.

An appraisal of the company's holdings along Crater Lake highway will be started Monday, Mr. Janouch stated. Two expert appraisers will come here from the regional forest service office in Portland to make the survey. They will be assisted by Albert Ernst and Reese W. Taylor, rangers of the Rogue River national forest, the supervisor related. It was understood that appraisers for the company would cooperate in the survey.

Month Required.
The appraisal will require at least a month, Mr. Janouch said. The aim of the present negotiations is to reach an equitable basis whereby the company will surrender

KNIGHT ENLARGING PLANT IN MEDFORD

PORTLAND, April 17.—(AP)—The Knight Packing company said today that it hoped to complete an enlargement of its Medford plant within 45 days.

The company has purchased \$5000 worth of new machinery, which will increase its ketchup production capacity from 15 bottles a minute to 40. The addition will require the employment of about four more persons.

The machinery is scheduled to arrive at the plant within 30 days and about two weeks will be required to install it.

Martin Proclaims Oregon Flax Week

SALEM, April 17.—(AP)—Governor Martin today designated the week of April 20 to 26 as "Oregon Flax Week."

His proclamation declared that "civic organizations throughout the state have been requested to call public attention to the advantages of flax as a special crop for farmers in our great Willamette valley."

Abandoned Youth Wins True Home By Trip To Court

PORTLAND, April 17.—(AP)—Unlike a lot of people, a trip to court brought good fortune to 19-year-old George Hahn.

Circuit Judge C. H. Gilbert learned that the youth's life was mostly a series of abandonments, first by his parents and later by his uncle.

The judge decided that what George needed was a "little parental love," so he found a home for the boy in the Hood River district.

"I have a letter from him, and he is happy," said the judge. George invited the judge to come fishing with him, saying he knew where all the "big ones" were.

"I might go one of these days," Gilbert added.

TURKEY OCCUPIES STRATEGIC POINTS OF DARDANELLES

ISTANBUL, Turkey, April 17.—(AP)—Turkish troops today occupied all strategic points in the demilitarized Dardanelles zone.

PARIS, April 17.—(AP)—The Havas (French) news agency correspondent at Istanbul reported today that a Turkish army entered the demilitarized zone of the Dardanelles yesterday.

The alleged military movement (which would be in violation of the Lausanne treaty) was decided upon, said the Havas correspondent, at a meeting Wednesday of President Kamal Ataturk and his cabinet.

F. R. AGAINST PWA EARMARKING PLAN

WASHINGTON, April 17.—(AP)—President Roosevelt expressed disapproval today of suggestions in congress to earmark for the public works administration \$700,000,000 of the \$1,500,000,000 asked by the chief executive for work relief next year.

Asked about the congressional moves at his press conference, Mr. Roosevelt said the works problem was one of putting a certain number of people to work within the year for which the money has been requested—July 1, 1936 to June 30, 1937.

He said if the type of work is changed so that more money is required for completion of the job, then more money would have to be appropriated to provide the jobs for the given number of people.

With \$700,000,000 set aside for PWA projects, the president said the proposed \$1,500,000,000 simply would not put the same number of people to work.

Conclave Opened By Speech Group

EUGENE, Ore., April 17.—(AP)—The two-day convention of the Oregon State speech association opened here today, sessions to continue through Saturday. Visitors and delegates are here from many parts of Oregon, the association taking in teachers of speech in all institutions of higher learning and high schools.

EX-COUNTY JUDGE DISDAINS PAROLE BARRING RETURN

Governor Welcomes Court Test On Attorney General Opinion — Start Legal Action Early Next Week

SALEM, April 17.—(AP)—Earl H. Fehl, Medford prisoner in the state penitentiary, refused a conditional parole proffered him by Governor Martin late yesterday, and his attorneys announced today habeas corpus proceedings for his immediate release would be instituted.

Fehl, former Jackson county judge sentenced to a four-year term for ballot theft, protested the condition of the parole that he not return to Jackson county before expiration of his full sentence in 16 months, nor should he in any way engage in political or civic action in that county.

Wants No Restriction.
His attorneys said the former judge declared he had served his maximum sentence of four years, less 16 months for good behavior, and was entitled to release without restriction in the same manner that prisoners had been released from the state penitentiary since 1923.

ROADWAY TO RIM OF CRATER LAKE OPEN TO PUBLIC

Opening of the rim drive in Crater Lake national park was announced today by David H. Canfield, park superintendent.

"Motorists can now drive to the rim for a view of the lake in its winter finery," Mr. Canfield said. Because of the depth and hardness of the snow that has kept the road closed since the first of the year, the park crew has not yet been able to provide for two-way traffic over the full three-mile drive from headquarters to the lake, Mr. Canfield related. A ranger, however, is on duty to operate a pilot car in both directions for the benefit of visitors, he said. No chains are necessary, he explained, as the cleared part of the road is virtually dry.

"The entrance highways from Medford and Klamath Falls are in good condition and afford motorists a pleasant drive on dry roads through snow cuts that are one to 12 feet deep," the superintendent said. "Special caution must be observed, however, as high banks of snow create many blind curves which under summer conditions are reasonably open."

Snow is 117 inches deep at park headquarters, 97 at Anus Springs and 144 at the rim area, he stated.

Mr. Canfield pointed out there is no restaurant or overnight service available at the park this time of year. He added, however, that park attendants are prepared to offer every possible assistance to visitors and suggested that the present opportunity to see the lake in its winter setting should be embraced without delay. He anticipated a large attendance over the week end.

2 MORE FASCISTS SLAIN IN MADRID

MADRID, April 17.—(AP)—Two more fascists were assassinated and several other persons were reported injured today in scattered clashes as a general strike paralyzed the business activities of Madrid.

Three fascists were killed yesterday. Those killed today were two of five brothers, all of whom were reported to have received death threats recently because of their political activities.

The capital, for the most part, was quiet and deserted, although there were minor clashes in outlying districts.

Income Shares

Maryland funding bid \$19.39; asked \$21.37.
Quarterly income, bid \$1.38; asked \$1.74.

Shown above are the officers of the Jackson County Chamber of Commerce for the 1936-37 year. Elected by the board of directors today are (left to right), W. E. Isaacs, the president, Olen Arnsperger, president, George T. Frey, treasurer, and A. H. Banwell, manager.
