

FISHING IS BETTER AS WATER CLEARS, SURVEY DISCLOSES

The following recreational bulletin was issued today by Karl L. Janouch, supervisor of the Rogue River national forest:

"The warm weather and melting snow have maintained a general high level of water in all streams during the past week. Some fish have been caught, but in general fishing has been only fair. In the middle fork of the Applegate below Elliott creek and the Little Applegate the water is muddy. However, tributaries, particularly Carberry creek, are clear and should be fair.

"In Evans, Trail and Elk creeks steelhead are reported to be running. Those streams are fairly clear. The main Rogue river is high and cloudy. Two salmon were caught below the Savage Rapids dam Wednesday. The run is expected to increase considerably by Sunday. Conditions remain about the same in the upper branches of the Rogue with the water high but fairly clear. In Big Butte the water is still cloudy but clearing. The smaller branches of Big Butte are clear. Little Butte creek has continued high during the week but has dropped some during the past few days.

"Lake conditions remain about the same. Squaw lakes are open but the other lakes are frozen over except Fish lake, in which a small area of open water was reported near the outlet. The snow has been melting very rapidly at Fish lake and, according to last reports, there was only an average of two feet of snow remaining. No catches have been reported as taken on flies. Night crawlers and eggs will probably be essential during the week end.

"Road conditions have improved somewhat but no new territory has been opened up by the melting snows. In the Applegate territory all roads, with the exception of those at the higher elevations which are closed by snow, are in good condition. Last week the Evans creek road was reported open to the mouth of Salt creek. It has been learned since that the state has closed this road at the CCC camp at the mouth of the west fork of Evans creek and no travel by cars is possible above that point. The Butte Falls-Lake of the Woods road is closed by snow seven miles this side of Fish lake. The several parties who have hiked into the lake state that it requires approximately three hours to make the trip over the snow.

"Spring flowers, particularly the lamb tongue and the red flowering currants, are making their appearance in the lower elevations. "In spite of the time of year, fires will spread quite rapidly, and the same care should be taken as during the summer. It is also suggested that an axe, shovel and bucket be added to your equipment now."

HILARIOUS NIGHT PROMISED PUBLIC AT ELKS FROLIC

Plans for one of the biggest parties ever held in the Medford Elks' temple were completed at the regular lodge session last night, when final details were arranged for the Days of '49 and Frolic, to be held Saturday evening for the purpose of raising money for the lodge band.

Details call for a dance, entertainment of all kinds, games and bowling, and P. C. Bigham will bark at a hot-dog stand so that no one need starve during the festivities.

A cash prize of \$10 has been offered for the best 49-er costume, with Oweny Patton as the presiding judge, assisted by Gus Newberry and R. G. Brown. The costumes are expected to promote hilarity at the party.

The band money realized by the frolic will go toward sending the lodge horn players to the national B. P. O. E. convention in Los Angeles. With that purpose in mind, the committee in charge is anticipating one of the largest and most successful frolics ever promoted by the Medford Elks.

The public is invited.

SOLINSKY RELEASE DUE LATE IN MAY

E. C. (Count) Solinsky, former superintendent of Crater Lake National Park, sentenced to two years in the McNeil's island federal prison on conviction of mishandling park funds, is scheduled for release late in May, friends in this city have been advised. Solinsky is eligible for release, with good behavior deduction.

Friends also said that two applications for parole filed by Solinsky had been denied.

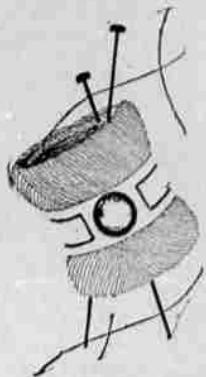

Solinsky was found guilty by a federal court jury in Portland.

It is understood that Solinsky, upon release, will make his home in San Francisco, and has been offered employment by a California concern as a timber appraiser.

PORTLAND PEDESTRIAN KILLED BY AUTOMOBILE

PORTLAND, April 17.—(AP)—A series of accidents took the life of one man today and sent eight other persons to hospitals.

W. A. Allingham, 50, was run down by an automobile and killed. Police reports named Rudolph Foss as the driver. He was charged with manslaughter.
