**EDEN PRECINCT, April 17—(Sp.)**—One of the most pleasant social gatherings held at Phoenix Grange in many months was the surprise given Mr. and Mrs. Chas. Pickel, the occasion being the celebrating of their golden wedding anniversary. A very entertaining program of music, games and recitations was given, and after the regular grange session a delightful supper was served. A large wedding cake with miniature bride and groom adorning the top of the cake, made an appropriate centerpiece, while candles and flowers made the beauty of the table complete. Cake and ice cream and coffee was served. A beautiful crystal water set was presented by the grange to the honor guests, also a beautiful vase, by Mrs. Pickel's Polyana of the grange. **WHAT YOU EAT HAS A LOT TO DO WITH HOW YOU FEEL**

Correction of Constipation\* Is Often a Matter of Menus

For years, the medical profession has insisted that proper diet is more effective in promoting health than the indiscriminate use of patent medicines. Today, they are seeing their teachings bear fruit.

For instance, millions of families have learned that common constipation is largely due to insufficient "bulk" in meals. Many of them correct this condition by the regular use of Kellogg's ALL-BRAN.

This delicious cereal supplies generous "bulk" in effective form. Within the body, its "bulk" absorbs moisture, and forms a soft mass. Gently this clears out the intestinal wastes.

Kellogg's ALL-BRAN also supplies vitamin B and contains iron. It may be served as a cereal with milk or cream, or cooked into tempting muffins, breads, etc.

Two tablespoonfuls daily are usually sufficient. Stubborn cases may require ALL-BRAN oftener. If not relieved this way, consult your doctor.

Kellogg's ALL-BRAN is not a "cure-all"—but it does correct common constipation. It is guaranteed by the Kellogg Company. Sold by all grocers. Made by Kellogg in Battle Creek.

**I FINALLY GOT WISE**

Many of our friends had to economize as carefully as we did, and I often wondered how they could afford to use Hills Bros. Coffee. You see, I still thought that a coffee as fine as Hills Bros. was too expensive for our budget. So we kept on trying one coffee after another, but never repeated on any of them.

Finally one day I decided that if my friends could afford Hills Bros. Coffee I could too. So I bought a pound from my grocer, and then I got wise. I found that Hills Bros. Coffee cost practically the same as the coffees we had been buying... but it was miles ahead in flavor. Try it and see for yourself.
