

SEATTLE SHRINER TELLS OF PLANS FOR CONVENTION

Details of the west's most colorful pageant, the gathering of Shriners in Seattle July 13, were brought to this city today by Louis S. Cragin, prominent Seattle business man and chairman of the decoration committee for the Shrine session. Effort and money are not being spared by Nile Temple in making the Imperial Shrine session in Seattle this year the most brilliant national convention in the history of the Mystic Shrine, according to Cragin.

"We are delighted with the splendid cooperation given to Seattle and Nile temple by the United States government officials and the navy. A fleet of warships will be sent to the northwest so that Shriners and their families will be given the opportunity to witness their maneuvers and inspect them in Seattle this summer," Mr. Cragin said.

"The great marine pageant on the famous Lake Washington canal will be but one of the many colorful spectacles planned for Nile's guests. Stands are being constructed along this canal to accommodate 30,000 people."

Already 49 Shrine temples have announced their intention to send delegations to Seattle in July. One Pennsylvania temple has already planned five special trains to handle their hundreds of members. Included in these 49 temples is Hillah, of southern Oregon. A special train will carry the Hillah potentate, divan, patrol, hand, drum corps and other members on the pilgrimage to the northwest metropolis.
