

HILTON RECOVERS FROM HEAD INJURY

George Hilton, city marshal of Jacksonville, has recovered from the effects of a blow on the head, allegedly administered by Albert Cowan, during a Saturday night altercation in the pioneer town. Hilton resumed his official duties this week. Cowan, charged with assault with a dangerous weapon, awaits action of the next grand jury.

The state police have investigated a report of a witness who asserted saw Cowan hit Hilton with an auto crank, and, reported to the district attorney they were unable to find confirmation.

Hilton, in a statement, informed the authorities he saw nothing in Cowan's hands.

The state at the preliminary hearing, contended Cowan had hit Hilton with a heavy salt cellar, while protesting against removal from a Jacksonville resort. The defense contended Hilton had been hit by a fist, and hit his head on a curb.

Hilton sustained a fractured skull, and for several days was regarded as in a serious condition.

THIRD SPRAY FOR MOTHS IS ADVISED

Third cover spray for control of second brood codling moth worms on apples should be completed on August 20, according to G. B. Cordy, assistant county agent and L. G. Guntner, entomologist at the Southern Oregon Experiment Station.

Use three pounds of powdered arsenate of lead to 100 gallons of water. Oil should not be used this late in the season.

A moderate second brood flight is continuing and it is expected that egg laying will continue for some time. If these late hatching worms are to be controlled, this spray is essential and should be thoroughly applied. This cover should protect the fruit until picking time.

GOLF FANS ASKED TO DEMONSTRATION

The public is invited to the Rogue Valley Golf course tomorrow afternoon to witness a demonstration of the Acushnet golf ball driving machine which clouts the pellets for 450 yards with comparative ease.

Also on display will be a machine which makes chip shots dead to the pin from 150 yards and a gullotine that slices the balls in two so that their internal works may be examined. An X-ray machine will also be available. This machine is used in examining balls for perfect balance and inspecting construction details.

Golfers from all of southern Oregon have been invited, and the committee in charge is expecting a good gallery for the demonstrations.

FISHERMEN WOULD BAR VOTE ON USE OF NETS

SALEM, Aug. 11.—(P)—A suit for an injunction filed in circuit court here yesterday sought to prevent the secretary of state from placing on the November election ballot the initiative measure forbidding the use of seines and fixed appliances for fishing in the Columbia river.

The complaint charged false and fraudulent verification of the signatures on the petitions filed to place the bill on the ballot.

Circuit Judge L. H. McMahan set September 4 as the date for hearing on the issuance of a temporary injunction during the pendency of the suit.

The complaint was signed by W. S. U'ren of Portland and Attorneys Galoway and Krier of The Dalles.

Olympic Results For Yesterday

By the Associated Press
Swimming
Rita Mastenbroek, Holland, set Olympic record of 1:05.9 in winning women's 100 meters free-style, John Macdonis, Jack Medina and Ralph Flanagan all qualified for 400 meters free-style semi-finals as Shumpert Uto, Japan, set Olympic mark of 4:45.5; Japanese 800 meter relay team established new Olympic standard of 3:56; Dick Degener, Marshall Wayne and Al Greene first, second and fourth at end of first half of springboard diving competition.

Point scores (unofficial 10-5-4-3-2-1 basis):
Men: Japan 12, Hungary 10, Germany 4, United States 1.

DEMOCRATS PLAN RALLY ON MONDAY

A Democratic rally with principal state candidates as speakers will be held here next Monday night, it was announced today by J. R. Marshall, chairman of the Jackson county central committee.

Among the speakers who will address the meeting are Mayor Willis Mahoney, of Klamath Falls, candidate for United States senator; Representative Walter Pierce, candidate for re-election to the national house; E. W. Kirkpatrick, candidate for congress from this district; U. S. Burr, candidate for state treasurer; Claude McCulloch, chairman of the state central committee, and Moore Hamilton and James Stevens, both Medford residents and candidates for the state assembly.

Place of the rally has been tentatively set as Democratic headquarters, 133 West Main street, but an effort is being made to procure a larger hall.

USED CAR PRICES PROVE THIS FACT.

PLYMOUTH STANDS UP BEST... IN VALUE, PERFORMANCE, LOOKS

Of "All Three" Plymouth Commands Highest Prices for Year-old Models—is Most in Demand!

WHEN NEW, "All Three" low-priced cars cost about the same. But it's different after they've been driven a year or more... and are offered as used cars:

Plymouth models command top prices, are most in demand. Dealers everywhere confirm this... declare it costs less to recondition year-old Plymouths. The reason is, Plymouth is built and engineered to take it... to give long, trouble-free performance.

Great engineering gives Plymouth an uncommonly quiet, simple, 6-cylinder "L-head" engine... with the tremendous power of highest compression (6.7 to 1) using ordinary gas... the economy of calibrated ignition... full-length water jackets and directional circulation. Plymouth owners report 18 to 24 miles per gallon... lowest oil and upkeep costs of any low-priced car.

Most important of all... safety! Plymouth is still the only one of "All Three" with both a Safety-Steel Body and double-action Hydraulic Brakes.

This is not a used car ad. But these facts about used cars prove: Plymouth stands up best. So be sure to compare "All Three" before you buy a new car. And be sure to drive the big, smart Plymouth. See your De Soto, Chrysler or Dodge dealer. PLYMOUTH DIVISION OF CHRYSLER CORPORATION.

EASY TO BUY—\$25 a month buys a new Plymouth. Commercial Credit Co. offers through all De Soto, Chrysler and Dodge dealers low, easy-to-buy terms.

\$510 AND UP. LIST AT FACTORY. DETROIT SPECIAL EQUIPMENT EXTRA

PLYMOUTH BRINGS highest used car prices... is in biggest demand... according to dealers.

ONLY PLYMOUTH OF "ALL THREE" HAS BOTH SAFETY-STEEL BODY DOUBLE-ACTION HYDRAULIC BRAKES

Plymouth's body is Safety-Steel, like a modern railroad coach. Bolted horizontally and vertically to car frame, gives safest construction.

Double-action Hydraulic Brakes don't depend on jolky, wrapping action (left) but exert equal pressure to each brakeshoe (right).

DE SOTO, CHRYSLER AND DODGE DEALERS

PLYMOUTH BUILDS GREAT CARS
