SOCIETY and CLUBS

By Janet Wray Smith

Eastern Visitors Are Honor Guests

Prior to her departure for the south tomorrow, Miss Helen Nowell, of Winchester, Miss., will share honors this evening with Miss Mary Louise Carpenter, of Boston, when Mr. and Mrs. Alfred S. V. Carpenter entertain at their home.

Guests invited to greet the visitors from the east, are Mr. and Mrs. Charles Voorhies, Mr. and Mrs. Leonard Carpenter, Dr. and Mrs. W. W. Aldrich, John Hamill, who is a guest of the Leonard Carpenters and F. Corning Kenly, Jr.

Picnic and Re-Union
At Union Creek Sunday

A group from Medford, Klamath Agency and Sioux City, Iowa, gathered at Union Creek Sunday for a picnic and re-union. Included in the group were Mr. and Mrs. H. G. Wilson, of Medford, Mr. and Mrs. Orville Elliott, Mr and Mrs. Jermark and Miss Holloway, of Klamath Agency, and Mrs. Wm. I. Barcley and daughter Janet, of Sioux City.

Mrs. Barclay and daughter are leaving today for San Francisco, from which city they will continue to Los Angeles to spend a week before returning to their home.

Long Beach Residents
Guests of Wilsons

Mr. and Mrs. Gilbert Downen and son Bobby and Mr. and Mrs. McDonald of Long Beach, Cal., were over night guests last night of Mr. and Mrs. H. G. Wilson. Mr. Downen is a nephew of the Wilsons The Downens are en route to Seattle.

Rogue's Roost
Has Many Visitors

A pouular gathering place for friends of Mr. and Mrs. Nion R. Tucker, is the Rogue river summer place, Rogue's Roost where the Tuckers entertain throughout the summer.

Included among guests on the river now are several who have been valley visitors often. They are Mrs. Ferdinand Thieriot, Mr. and Mrs. Walter Filer and Mrs. Spieker Drum, of Burlingame, and Mr. and Mrs. Joseph O. Tobin, of San Francisco.

Nurses' Group
To Meet Thursday

Oregon State Graduate Nurses' association, District No. 4, will hold a special call meeting to reorganize the nurses' directory, it was announced today.

The meeting is to be held at the home of Mrs. David Reese, 305 Edwards, on Thursday evening at 7:30 o'clock. All nurses are urged to attend.

Farwell Kenly
Returning Home

Farwell Kenly, son of Mr. and Mrs. F. Corning Kenly, is returning home tomorrow from the east, where he attended Hobart college at Geneva, New York. He has been visiting in the east since the close of school. F. Corning Kenly, Jr., is leaving tomorrow evening for San Francisco.

Mrs. Biddle Entertaining
Bridge Club Thursday

Mrs. Wheldon F. Biddle is to be hostess Thursday afternoon to members of her bridge club, entertaining at her home.

TELEPHONE RATES CUT DEEPLY FOR OREGON PATRONS

(Continued from Page One)

from five cents to 70 cents for a three-minute call.

Drop Midnight Bargain

The present night long distance discount, beginning at 8:30 p.m. is moved forward to 7 p.m., and the present midnight discount for station to station calls is eliminated.

Still another feature will apply the night discount rates to week-end calls during the daylight hours of Sunday, with the result that all long-distance calls between 7 p.m. Saturday and 4:30 a.m. Monday will carry the reduced night rate.

Commissioner Frank C. McColloch in expressing gratification over the reduced rates declared:

"I hope that this is only one of several substantial rate reductions which will be secured from Oregon utilities during the present year. I find most of the utilities readily responsive to negotiation as a substitute for expensive litigation, long drawn out hearings and court appeals."

LANDON'S NATIVE TOWN BUSTLES IN PREPARING FOR SATURDAY RETURN

WEST MIDDLESEX, Pa., Aug. 18.—Governor Alf M. Landon would scarcely recognize his native town today with its usually placid, tree-bordered streets alive with cars, its flag-stop railroad depot suddenly turned into a big-town station and his old home glistening white with a new coat of paint.

Preparing to welcome the Republican presidential candidate next Saturda and a crowd which leaders predict will exceed 100,000, the cown of 1.189 inhabitants appeared a bit topsy-turvy.

Citizens and workers bustled about in shirt sleeves, uniformed police stood around with blueprints, studying traffic problems and sightseers got in everybody else's way. G. R. Christley, the crossing watchman declared he hadn't seen so much excitement in all the 25 years he has had the job.

Railroads laid additional side tracks in preparation for the expected two score special trains. A baggage and ticket office and other buildings are under construction nearby.

Gov. Landon left here while a baby but returned for many boyhood summer vacations.

ESTES PARK, Colo., Aug. 18.—(AP)—Republican leaders of five states will confer with Governor Alf Landon during his eastern presidential campaign trip stating Thursday.

E. Ross Bartley, press representative, said today the Republican nominee arranged to meet with party chieftans of Nebraska at Omaha, Aug 21, of Ohio, Pennsylvania and West Virginia at Newcastle, Pa., Aug. 22, and New York at Buffalo Aug. 25.

The Newcastle meeting will take place at a dinner after Landon makes his first speech of the trip at West Middlesex, Pa., his birthplace, the afternoon of Aug. 22.

RICHMAN IN K. C. EN ROUTE LONDON

KANSAS CITY, Aug. 18.—(AP)—After a brief stop here to refuel, Harry Richman, actor and singer, and Dick Merrill, pilot, took off from the municipal airport on a projected non-stop flight to New York today.

The stop here was the second on Richman's proposed "commutation" flight to London. He arrived here from Albuquerque after starting the trip at Los Angeles.

The flight to London from New York, Richman said, probably will be made Saturday morning after the fliers have eaten breakfast. He said they planned to hop to London, eat a meal and start homeward.

The singer said the trip was being made because "it has been my ambition for six years and I'm doing it just for the fun of it."

WALLACE SAYS LANDON WOULD KILL SOIL PLAN

WASHINGTON, Aug. 18.—(AP)—Secretary Wallace said today in a prepared statement that "forces dominating the Landon camp have already determined upon destruction of the soil erosion canservation act."

Referring to a speech last night by John D. M. Hamilton, Republican national chairman, before the New Mexico state Republican convention, Wallace said Hamilton had "disclosed the reactionary and disheartening objective of his party."

Weather

Northern California: Fair tonight and Wednesday; little change in temperature; moderate northwest wind off coast.

Oregon: Fair tonight and Wednesday but morning fogs on coast and in western valleys; moderate northwest wind off coast.

ITALY ROUSED BY FRANCE HELPING LOYALIST FORCES

(Continued from Page One)

play" and give much front page space to the speeches, visits and encouragement by French officials and private citizens toward the loyalists' cause at the same time the French government is negotiating for a neutrality pact.

The first encounter between Italian and French planes in the service of the Spanish combatants was believed to have taken place already between a fast S-81 Italian bomber and two French pursuit planes near the Straits of Gibraltar.

The pursuit planes were understood to have attacked the bomber which returned the fire and was able to get away without casualties on either side.

Italy Sends Fliers

It was learned that a group of Italian aviators recently went by boat to the rebel headquarters of Gen. Francisco Franco.

There they were given German airplanes which had been shipped without pilots, it was understood.

The aviators had been placed in the reserve forces by air authorities so that their presence on Spanish soil might not have any official character.

Dedication Rites For Reese Creek Mission Sunday

(Contributed)

The Reese Creek Gospel Mission will hold its dedication service at 2 p.m. Sunday, August 23, with Captain Durham of the Salvation Army officiating.

Rev. and Mrs. Rolland Rice of the Oriental Missionary society, will also be present and have charge of the morning and evening services. They expect to leave for China about January 1 for missionary work.

There will be an all-day meeting, picnic lunch at noon. Those attending should bring own service.

The Lord has prospered the little band of Christian people in the Reese Creek district, enabling them to erect a mission where undenominational services will be held each Sunday. Sunday school, 10 a.m. Preaching services 11 a.m. and 8 p.m. Young People's meeting at 7:30 p.m. Prayer meeting Wednesday at 8 p.m.

We extend to all a cordial invitation. The mission is about one mile east of the Crater Lake highway on the Butte Falls road.

Come and bring others with you and enjoy the day.

TOURIST BOOKLETS GIVE INFORMATION ON OREGON

SALEM, Aug. 18.—(AP)—The state highway department had ready for distribution today an additional 50,000 tourist booklets, under the title, "Drive Oregon Highways." The first 50,000 copies were exhausted several weeks ago.

The booklets listed the location of all Oregon's noted recreational spots, highways and mileage tables.

Start Flax Plant.

MT. ANGEL, Aug. 18.—(AP)—Wheels in the newly built Mt. Angel co-operative flax plant began turning for the first time in actual deseeding operations yesterday. With the seeds removed the first flax straw in fiber form was placed in tanks for retting, where it will remain for about a week,

DUST BOWL EYED BY COMMITTEE IN RELIEF PROGRAM

(Continued from Page One.)

other members of the committee as they stood in a sun-drenched field to see for themselves. H. H. Finnell, stocky, red-moustached regional federal soil conservator, showed them where four inches of rain had penetrated the fertile lands of the Texas panhandle to a depth of seven feet.

This land grew a good crop of hegari, livestock feed, while nearby fields were burned out.

"This is an example of what soil conservation does," Finnell told the committee.

"Wind blew away three inches of this top soil last year. Co-ntour farming which conserves moisture, preventing it from running off, was practiced this year. There have only been seven inches of rain this year but there is a good crop prospect."

MILK, EGG OUTPUT HIGHER IN OREGON

PORTLAND, Ore., Aug. 18.—(AP)—The U. S. department of agriculture said today milk and egg production in Oregon as of August 1 was higher on an average than on a corresponding date in either of the two preceding years.

The average was computed from the production of milk per cow and the number of eggs laid per 100 hens and pullets.

On August 1, 1934, milk production was 16.8 pounds per cow, in 1935, 17.5 pounds, and this year 18.7 pounds.

The egg production as of August 1, 1934, was 47 per 100 hens and pullets, 47.9 in 1935, and 49.4 in 1936.

None of the five districts into which the state was divided for the survey showed a consistent increase in the two categories since 1934, but district 1, composed of the Willamette valley and northwestern Oregon, showed milk production above 1934 and equal to 1935.

G-MEN SEARCHING FOR ACCOMPLICES

WASHINGTON, Aug. 18.—(AP)—The federal bureau of investigation disclosed today its agents still are tracking down the activities of four notorious criminals even though death and prison doors have closed the government's case against the men themselves.

J. Edgar Hoover, director of the bureau, said the government had yet to finish its investigations in the careers of Thomas Henry Robinson, Jr., and Alvin Karpis, convicted kidnapers, and also of Harry Campbell, member of Karpis' gang, and Raymond Hamilton, an associate of Clyde Barrow.

"Those cases are still open," he said.

The justice department is unwilling to consider those cases closed, Hoover continued, until all persons who knowingly harbored any of the four have been brought to trial.

"Already there have been some convictions," Hoover said, "and we are working toward others."

WHY PUT UP WITH PIMPLES, WRINKLES AND A SALLOW SKIN?

So many women throw their charm and beauty away—look years older than they are—because they neglect common constipation. They forget that badly balanced meals, over a period of years, can change how they look and feel.

Often their menus lack the "bulk" needed for regular habits. Then constipation, the beauty-killer, sets in. Other effects may be headaches, listlessness, sleeplessness.

Get "bulk" back into your meals with a delicious cereal: Kellogg's ALL-BRAN. It absorbs moisture within the body, forms a soft mass, gently cleanses the system.

Just eat two tablespoonfuls daily, either as a cereal or in cooked dishes. ALL-BRAN is *guaranteed*. Try it a week. If not satisfactory, your money will be refunded by the Kellogg Company. Sold by all grocers. Made by Kellogg in Battle Creek.

BROILER TURKEYS BECOME POPULAR

PORTLAND, Aug. 18.—(AP)—Broiler turkeys are rapidly coming to the front in national commerce, market sources said today. A few years ago such offerings were unheard of but now production is such that turkeys are available all the year round, either the old or new crop being available.

Last year was the first time that broiler or young turkeys entered into national commerce with carload business. This year promises to repeat the performance, but on a larger scale, due to the first introduction proving successful.

This year's early turkey crop is not only better and heavier than ever before but total production in the Pacific northwest is much greater than ever before.

Test To Be Held For Naval School

Civil service examination will be held October 17 to establish an eligible list from which an appointment will be made from this district to the U. S. naval academy at Annapolis next year.

Any unmarried man not less than 16 or more than 20 years old may take the examination. Anyone interested is requested to notify Representative James W. Mott, Masonic Building, Salem, not later than September 15.

WASHINGTON, Aug. 18.—(AP)—State totals to be used in computing benefit payments to sugar-beet farmers under the 1936 agricultural conservation program were announced today by the AAA. Payments are to be at 12½ cents per 100 pounds of sugar recoverable, it was said.

ADRIENNE'S

Due to outstanding improvements in engine design

TODAY'S TRUCKS OPERATE 1/3 CHEAPER PER TON MILE

But old fashioned lubricants are actually not suited to these new economical power plants.

EIGHTY HORSEPOWER instead of forty — and for less cost — that's typical of the marvels accomplished by motor truck manufacturers in the last five years.

Light trucks — heavy trucks — Diesels — the cost-sheets of truck operators tell the story of a 33 per cent saving on a ton-mile basis.

What about Oil?

Lubrication cannot now be left to chance. In these new engines, it is a primary factor of operation. Rolling at greater road speeds and with higher revolutions per minute, with finer clearances and marvelous new precisions, the new trucks demand a motor oil equally fine. Old style oils are not adequate.

"RPM" Cuts Depreciation

RPM Motor Oil is a new oil, developed by Standard Oil research engineers, especially to meet the requirements of new motor car and truck engines. One hundred and forty-six different crude oils were tested and analyzed in establishing the specifications for its performance.

RPM MOTOR OIL *unsurpassed*

No motor oil at any price can give you more and better lubrication. 25¢ A QUART
