CHILD KILLED WHEN AUTO DOOR OPENS

News Behind The News
By PAUL MALLON

WASHINGTON, Aug. 19.—It may be amusing, but it seems to be true, nevertheless, that both President Roosevelt and Governor Landon are running their own campaigns.

The Kansas governor is said to be in as close touch with his Chicago headquarters as is his manager, Mr. Hamilton. Mr. Landon makes decisions not only as to what he himself is to do, but concerning details of campaign administration which in the past have usually been left to others. He arbitrates headquarters conflicts, initiates lines of activity there.

The president also is supposed to be making a lot of decisions which are being announced over the signature of Chairman Farley. He receives detailed daily reports, issues detailed orders, and, in general, takes a far stronger hand in the shaping of all campaign activities than is popularly supposed.

There are probably two reasons for this unusual situation. Both candidates have not been tied down with heavy speaking tours as yet; both have as much political intuition as any of their advisers.

Note—Most influential campaign adviser to Mr. Landon is said to be chairman William B. Bell of the finance committee, who is handling a lot more subjects than finance. Also influential is Hill Blackett, Chicago advertising man.

German excitement over Mr. Roosevelt's foreign affairs speech caused not even a grunt of interest among U. S. diplomats. As they saw it, Mr. Roosevelt said nothing new and did not intend to. His speech was a round-up rewrite of what he said in his message to congress last January 3—no more, no less. He just freshened up the old good neighbor doctrine for purposes of the campaign.

(The president's own explanation for making a foreign affairs speech at this time was that he had not made one since last year at San Diego.)

A stizzling tip has been running the rounds that a new U. S. trade understanding with Germany is near. New deal traders say the tip

NO NEWS
PUGET ISLAND, Wash., Aug. 19.—(AP)—This isn't news according to Horace Greeley's old formula, but maybe it's political news: Joe McLaughlin, number one Democrat of Puget Sound, was severely bitten on the fingers by one of the two donkeys he keeps on his peppermint farm. Now Joe is wondering whether an elephant would bite the hand that feeds him.

VACATION JOURNEY ENDS IN TRAGEDY SOUTH OF ASHLAND

Five-Year-Old Daughter of Mr. and Mrs. R. L. Reid of Long Beach, Calif., Victim of Unusual Mishap

Five-year-old Coralle F. Reid of Long Beach, Cal. was fatally injured late yesterday afternoon in an odd automobile accident on Pacific highway seven miles south of Ashland.

Daughter of Mr. and Mrs. R. L. Reid, Coralle was riding with her mother and seven-year-old sister Roberta in the rear of a sedan that was headed on a vacation trip to Longview, Wash. The car was being driven by Mrs. Maxine Hogan. In the front seat with Mrs. Hogan was her mother, Mrs. Ida Tallent, both of Long Beach, Cal.

Mrs. Reid was reclining on the back seat. She had become car sick in the winding ride over the Siskiyou. Roberta was dozing at her side. All the windows were open.

Child Enjoying Trip
Coralie was enjoying the trip to the fullest extent. She was thrilled with the excitement of the ride and with the happy vacation she contemplated in the strange city in the north. She was eager to take note of all the sights along the way so that she might tell her teacher all about the wonderful trip when she started school in the fall.

Coming over the Siskiyou she had noticed some chipmunks playing at the side of the road. The little animals enthrilled her. She stood up in the car better to look for more of the playful chipmunks.

Subconsciously she started to wind

STERILIZATION MEDICS DISMISSED ON COURT'S CLAIM NO CRIME SHOWN

SAN FRANCISCO, Aug. 19.—(AP)—Superior Judge Ragan C. Tuttle today dismissed the case of Drs. Tilton E. Tillman and Samuel G. Boyd, on trial for mayhem for the sterilization of Ann Cooper Hewitt, young heiress.

Judge Tuttle held the prosecution had failed to establish a case against the defendants and declared sterilization is not prohibited under California laws.

Miss Hewitt's mother, Mrs. Marjory Cooper Hewitt, and the young woman's guardians had consented to the operation, Judge Tuttle declared.

"If in giving consent the mother had evil or ulterior motives, such facts were not proven in any degree and there was no proof whatever the defendants were acting in bad faith," the ruling stated.

5 PACKING PLANTS TO TEST LEGALITY OF JOB INSURANCE

Suit was filed this afternoon in circuit court by five southern Oregon packing plants and a grower attacking the constitutionality of the state unemployment compensation law, and directed against the state unemployment commission.

Sections 2-1401 to 2-1416 of the unemployment compensation law are attacked, and a declaratory judgment is sought against them.

The suit is based upon the contention that the changes under the law are passed along to the growers, that the law is discriminatory and that most of the packing house workers coming under the unemployment insurance are transient workers and not residents of Oregon, except during the fruit harvesting season.

The packing plants listed as plaintiffs are the Pinnacle Packing company, Rosenberg Brothers, packers and growers, American Fruit Growers, Inc., the Southern Oregon Sales, Inc., the 401 Orchards, Inc., and Leonard Carpenter, a grower.

Witness Tells Plans to Assassinate Stalin—German GESTAPO Is Charged With Participation in Plot

OSLO, Norway, Aug. 19.—(AP)—The state's attorney decided today to ignore Nazi charges that Leon Trotsky, the Russian exile, has engaged in illegal activities here, but that the charges were not backed by sufficient evidence, the prosecutor ruled.

Trotsky returned today to Hoenefos from a small island on the south coast.

MOSCOW, Aug. 19.—(AP)—Sixteen Moscow Trotsky conspirators pleaded guilty in open court today to Soviet government charges they had plotted to seize power through an organized reign of terror in which Dictator Josef Stalin and other heads of the state would have been killed.

Prosecutors, at the opening of the trial, charged the plot was directly organized by Leon Trotsky, famous bolshevist exile, and that the plotters hoped for international complications which would pave the way for overthrow of the government.

The German GESTAPO (secret police) also was charged with direct participation in the plot.

PRICE DISCRIMINATION TARGET FOR CAMPAIGN BY TRADE COMMISSION

WASHINGTON, Aug. 19.—(AP)—Moving to enforce the far-reaching Robinson-Patman price discrimination law, federal trade commission officials disclosed today they have started a score of investigations of complaints charging violations.

It prohibits manufacturers from giving special discounts to quantity purchasers, and gives the trade commission power to determine the quantity limits on which price reductions may be allowed. It also forbids false advertising allowances and fictitious brokerage fees and provides a maximum penalty of \$5,000 and one year's imprisonment for price discrimination.

The commission is beginning its campaign to enforce the law by considering complaints that its provisions are being violated.

The act, which sponsors said was designed to prevent price discriminations which might lessen competition "substantially," was passed in the last session of congress.

Since its enactment, the commission has received hundreds of queries from the trade organizations, manufacturers, wholesalers and others, asking interpretations of the law or complaining that it is being violated. About one of every 10 letters, officials said, is a complaint against asserted violations.

FRANCO-ITALIAN AGREEMENT NEAR ON SPANISH ROW

Fascist Officials Declare Compromise in Sight—Italy Remains Well Prepared for Eventualities

(Copyright, 1936, by the Associated Press)
SAN SEBASTIAN, Spain, Aug. 19.—(AP)—Fascist officials here today declared that a compromise Franco-Italian agreement on Spanish neutrality was in sight.

Renewed Franco-Italian conversations, an official source said, promised a satisfactory conclusion on neutrality in the bloody civil war, with each side giving in on some points.

Informed circles said the compromise probably would consist of Italy giving up its suggestion for stopping speeches, meeting and newspaper articles favoring one side or the other in France, and agreeing to include in the neutrality accord a prohibition against private individuals exporting arms or money to Spain or volunteering to fight there.

Nevertheless, Italy remained well-prepared for the manifest dangers of the situation, with all air centers along her Tyrrhenian coast notified.

GHOST WALKS FOR JOE AND SHARKEY

NEW YORK, Aug. 19.—(AP)—Joe Louis and Jack Sharkey, victor and victim of last night's heavyweight fight, were paid off today by Promoter Mike Jacobs, Louis receiving \$42,745 and Sharkey \$35,021.

Louis was represented at the payoff by one of his managers, John Roxborough, but the former world titleholder was on hand in person, bearing a cut over his left eye and a puffed face as evidence of his three-round knockout at the hands of the Detroit fighter.

Although Sharkey declined to say he is through with the ring he indicated as much, saying, "like a lot of other foolish fellows I thought I could get the title back after a long layoff."

"We want Schmeling" Roxborough said. "We aren't interested in any one else." That applied a report that Louis might be matched with Al Ettore, Philadelphia heavyweight.

ONE SINNER BUSY AS PASTOR PREACHING

STAUNTON, Va., Aug. 19.—(AP)—One sinner wasn't at the church to hear the Rev. Elmer D. Joy's sermon. While the minister preached a short distance away, a thief stole in to his home and stole a watch and other articles. It was the second such robbery at the parsonage within three months.

BOMBER'S VICTORY OVER OLD SHARKEY FAILS TO IMPRESS

Knockout in Third Round Leaves Crowd Still Lukewarm Toward Louis—Would Fight Uhlman Again

By BOB CAVAGNARO
Associated Press Sports Writer
NEW YORK, Aug. 19.—(AP)—Back in the full glare of the flistic spotlight, Joe Louis and his entourage today were wondering "where do we go from here?"

With a display of the savagery that crushed Primo Carnera and Max Baer, Louis cut down Jack Sharkey of Boston in 1:02 minutes of the third round last night in Yankee Stadium before less than 30,000 spectators.

Louis made good in the same ring where two months ago he was flattened by Max Schmeling in 12 rounds. Crowd Lukewarm.

When he entered the ring he was greeted with a mixture of cheers and boos. After the former world titleholder took the ten count, the crowd still was lukewarm toward the 22-year-old Detroit heavyweight.

The victory did one thing — it launched the erstwhile super-man on the comeback trail. But it left room for plenty of doubt whether Louis is the destructive fistcutter he used to be.

Sharkey didn't help to answer the question uppermost in the minds of boxing fans since Louis' punishing defeat at the hands of Schmeling.

The Brown Bomber had the fight well in hand from the start. He cornered the 33-year-old former champion in the opening second round, blasted him with a stream of lefts and rights and it looked like the fight might end there. Sharkey, crafty ring master, weathered the storm, emerging with a pinked nose.

Sharkey's Eye Cut.
Louis stalked his prey in the second heat, twice dropping Sharkey for counts of nine as he opened a nasty cut over Jack's left eye.

When the bell sent them out for the third round, Louis rushed and nailed Sharkey with a right to the jaw that sent the Bostonian sprawling heading on the canvas, almost outside the ropes.

Sharkey rose at the count of nine and, as if drawn by a magnet, walked into a shower of lefts and rights that ended the fight. The last blow Louis

MAYOR WASHES HANDS OF P-I DIFFICULTIES

SEATTLE, Aug. 19.—(AP)—Mayor John F. Dore "washed his hands" today of the Post-Intelligencer newspaper strike after the newspaper turned down his proposal for a conference or arbitration which the Seattle chapter of the American Newspaper Guild accepted.

"I'm washing my hands of the business," said the mayor. "I don't care now if the P-I never publishes and I think it would be a good thing for the town if it didn't."

The mayor gave out the statement when he had read a letter from W. Vaughn Tanner, resident publisher of the Hearst owned Post-Intelligencer, refusing the offer and telling Dore his first efforts should be directed toward maintaining "law and order."

DALLAS ATTORNEY IS SAFEST AUTO DRIVER

PORTLAND, Aug. 19.—(AP)—The honor of being officially tagged Oregon's safest driver has gone to Robert S. Kresson, Dallas attorney. Secretary of State Earl Snel has named him winner over more than 600 other contestants in a contest sponsored by the Oregon State Motor association.

Kresson has driven 210,000 miles without an accident. His prize is a free-round-trip to New York late this month.

Youth Is Killed Fighting Robber

STOCKTON, Calif., Aug. 19.—(AP)—Edwin Poston, 24-year-old service station attendant, was shot and killed early today when he attempted to wrest a pistol from a robber.

The murder was witnessed by his fiancée, Claudia Morris, 21, and her mother, Mrs. H. E. Morris, who had been sitting with Poston in his automobile in the driveway of his home. The killer fled past one unarmed officer and eluded the entire Stockton police force which hurriedly surrounded the usually quiet residential section.
