GERMAN ULTIMATUMS SERVED ON SPAIN

By Paul Mallon
Copyright, 1936, by Paul Mallon
WASHINGTON, Aug. 20.—The secretive departure of John L. Lewis for Europe left a swirl of important rumors behind.

A ridiculous one has reached here, implying that the rising political-labor leader is trying to escape President Roosevelt, fearing that the president will require him to soft-pedal his steel organization work and his A. F. of L. fight until after election.

Only slightly better is the one that he is slipping off to cook up something with Labor Secretary Perkins, who is meandering around Europe. (They are due to return about the same time, early in September.)

A third is that the New Dealers are trying to negotiate a campaign truce between Mr. Lewis' C. I. O. and Mr. Green's A. F. of L. and prescribed a sea trip for Lewis, so they would be without his disturbing presence.

These are all interesting and exciting, but the dull fact of the matter seems to be that Mr. Lewis is going to Europe mainly for the ride.

The second is almost equally preposterous. Mr. Lewis seldom has had anything to say to Miss Perkins sufficiently important to warrant call fare for the six blocks from his office to hers during the last few years. Nobody here can conceive of anything he might want to say now which would warrant boat fare to Europe.

As to the third rumor, there may be something in it, but not much. It appears to be a half-truth built on a solid foundation.

Those who know the labor situation thoroughly are confident there will be no outstanding development, such as a strike, in connection with the C. I. O. organization drive, before election. They are equally certain that the existing C. I. O. A. F. of L. relationship will continue in the state it now is in, until after the presidential vote are counted.

At the same time, they decline to accept the theory that Mr. Lewis' C. I. O. drive is solely to help Mr. Roosevelt.

SEARCH OF LINER BRINGS BRUSQUE WORD OF WARNING

Hitler Will Hold Socialist Forces Responsible in Future—German Warships Will Take Measures

By WADE WELNER

BERLIN, Aug. 20.—Nazi Germany, in a curt ultimatum to socialist Spain, warned Madrid today that German warship commanders had been commanded to take "all means" to prevent any repetition of such incidents as the reported search of the reich's liner Kamerun on the high seas.

The official German news agency has announced the Kamerun was halted and searched by Spanish government war vessels outside Spanish territorial waters, off Cadiz.

Today's brusque instructions, telegraphed by the Hitler government to the German charge d'affaires in Madrid, ordered him to warn the Spanish government that Germany will hold it responsible for "all consequences" growing out of any similar incident in the future.

The German press, fired to anger by the reported search of a German steamer by Spanish loyalists, saw in the incident a severe blow to European neutrality negotiations.

Seven additional German warships, it was recalled, now are steaming to Spain.

Their original instructions were to deliver other ships on duty in the danger zone since July 26.

The whole situation was viewed with the utmost gravity in diplomatic circles. One non-European diplomat said:

"This transfers the key responsibility from the chancellery in Berlin and from Madrid to the bridge of warships in the danger zone."

HENDAYE, France, Aug. 20.—Counter-attack by militia of besieged Irun today pushed back the menacing fascist rebel column, enabling government loyalists to re-establish defensive positions.

MOBERLY, Mo., Aug. 20.—(AP)—Their patience frayed by two days of fruitless rescue efforts, a grim company of coal miners today threatened to defy officials and force their way down a water-logged, gas-filled air shaft in an attempt to reach four fellow workers, entombed in a collapsed mine tunnel.

Arnold Griffith, chief state mine inspector directing rescue operations at the main shaft, posted a special guard at the abandoned air duct to keep friends of the entombed men from entering.

FASCIST REGIME FOR RUSSIA, AIM OF CONSPIRATORS

Accused Leader of Plot Takes Full Responsibility at Trial—Terrorism Natural Outcome, He Admits

By CHARLES F. NUTTER
(Copyright, 1936, the Associated Press)

MOSCOW, Aug. 20.—(AP)—Gregory Zinovieff, accused maker of a bloody plot against the Soviet regime of Joseph Stalin, testified at his trial today the terrorist conspiracy, if successful, would have put Russia on the road to fascism.

Accepting full guilt for the conspiracy, alleged to have included the intended assassination of Stalin and other high Soviet figures, the famous old bolshevik declared:

"I went all the way from opposition party power to counter-revolution and terrorism and actually fascism."

Earlier, in a dramatic moment of the trial of Zinovieff and 18 others testimony was brought out that an attempt to kill Stalin in 1934 failed because Zinovieff's secretary committed suicide rather than carry out the death orders.

Plot Explained
Zinovieff's admission he had abandoned the principles of Karl Marx in resorting to individual terrorism was made as an explanation of how and why he had plotted to kill Stalin and unseat the government.

However, Zinovieff defended his actions by saying "the evolution of our struggle against the party naturally and inevitably led to terrorism."

Zinovieff confessed he had lied and deceived others for many years, but

POLITICAL CAMPS SPUR ACTIVITIES; LONDON TO EAST

Roosevelt Arranges Further Drought Conferences Before Swing Into Scorched Western Farm Region

WASHINGTON, Aug. 20.—(AP)—Amid a burst of activity among top-flight figures in the major camps of the presidential campaign, Gov. Alf M. Landon turned eastward today in the Republican drive to defeat the New Deal.

While President Roosevelt, at Hyde Park, arranged further drought conferences prior to his swing into the scorched western farm country for a 10-day tour, the Kansas governor set out from his summer ranch at Estes Park, Colo., on a trip to carry him through nine states.

Leaders Keep Up Fire
Leaders of both major parties continued to thrust at opponents.

Speaking before the United Retail Merchants association last night at Hagerston, Md., Col. Frank Knox, Republican vice presidential nominee, declared that "the business of this country can not be run from Washington."

Assailing what he described as "regimentation" and "cracking down," Knox called for "fewer laws and better laws."

In his prepared speech, the Chicago publisher declared:

"Even where regulation is clearly desirable, it is a very vital question whether it is a matter for federal regulation or for local regulation by

Originating in the Vancouver shipyard shortly after midnight, the blaze spread to the adjoining Penner and Hood shipyards, leveled both and destroyed four small buildings, raced over the R. Cliff Sanger outboard motor plant and Marine Exchange, Ltd., building, and then leaped to the nearby ice hockey arena, all of which were destroyed.

LOS ANGELES, Aug. 20.—(AP)—An "unwritten law"—the right of a man to protect his home at all costs—will be used in an effort to free James Henderson, 33-year-old Alpin, Texan, ex-fighter, of a charge of first degree murder, his chief counsel, John L. Fleming, said today.

Henderson appeared in court for trial of a charge that he emptied a six-shooter into the body of James Leroy Patton, 30-year-old beer parlor proprietor.

"I lived up to what I thought was proper, because I married this girl, I agreed to protect her," Henderson was quoted as saying by Chief of Police Charles Dies of Santa Monica.

Testimony at the inquest showed that the Hendersons had been drinking with Patton, and that Patton and Mrs. Henderson, 24-year-old bride, left and went to the latter's home.

Henderson told police he came upon Patton and his wife in the bedroom. Mrs. Henderson said she had been drinking and remembered nothing of what happened.

NO MORE HUSBANDS SAYS SILVER QUEEN
SALT LAKE CITY, Aug. 20.—(AP)—Princess Suzanne Engelshoff, Utah's silver-haired "silver queen," returned for a visit in her old hometown today and said:

"I don't want any more husbands. I've had four and they have all died. 'It isn't because I treated them badly either. They just simply died and that's all there is to it. No man will ever get me to marry again."

A new hospital ward has been constructed for women patients and the men's ward has been remodeled and modernized.

A half dozen county patients now convalescing will be placed in the poor farm wards next week.
