

POLITICIANS OPEN WEEK OF ACTIVITY ON BROAD FRONT

Major Addresses and Primary Voting Included in Program—Landon Talks at Chautauqua Tonight

WASHINGTON, Aug. 24.—(AP)—A week of activity of vast import to many election campaigners opened today on a broad front.

Major addresses and primary voting for national and state offices filled the week's political bill.

While President Roosevelt traveled back to the capital from Hyde Park before starting out on his tour of the drought states, which he has said will not be of a political nature, his Republican opponent, Gov. Alf Landon, moved on to Chautauqua, N. Y., for the second address of his eastern campaign to defeat the New Deal.

Primaries Important Primaries tomorrow in Mississippi and South Carolina commanded national attention. In Mississippi Senator Harrison, chairman of the finance committee and a staunch New Dealer, seeks a fourth term nomination. He is opposed by the combined forces of former Governor Bennett Conner, who seeks his seat, and Senator Bilbo.

In South Carolina Senator Byrnes, another administration stalwart, is opposed for renomination by Thomas F. Sloney, former mayor of Charleston, and Col. William C. Harlee, former marine officer. Byrnes campaigned on his record and that of the New Deal, while his opponents, saying they had no criticism of President Roosevelt, spoke against what they termed "radical elements" in the party.

Nominations also will be made tomorrow in California for the national house and the state legislature. Delaware Republicans on Thursday will make a senatorial nomination and, despite Senator Hastings' announcement that he will not run again, there has been talk of drafting him.

Landon To Buffalo After his Chautauqua address to-night, Gov. Landon will go on to Buffalo for conferences tomorrow with state Republican leaders. Col. Frank Knox, his running mate, will resume his campaign work Friday at Hampton Beach, N. H., and in the days following will enter other New England states.

In the fast-moving campaign activities the announcement of Senator Couzens (R-Mich.) that he would support President Roosevelt for re-election, brought swift reaction.

Couzens is a candidate for re-nomination. His opponent, former Governor Wilbur M. Brucker, said Couzens' stand "will have the immediate effect of solidifying all those forces in opposition to the New Deal."

Senator Vandenberg (R-Mich.) declared that he disagreed "with my distinguished colleague's conclusions" but "I commend him for his usual candor."

Townsendites at a rally in Columbus, O., yesterday heard the Rev. Gerald L. K. Smith say that a world war was being generated in Europe and that "the brain trust administration now in power under Mr. Roosevelt will attempt to throw us on the side of Russia."

SIN IS RESIDENT OF HUMAN FLESH ASSERTS PASTOR Fred M. Weatherford spoke from the Church of the Nazarene pulpits Sunday night, using as his topic, "What is it that Makes a Man Live Like the Devil, and Die Like a Fool?" His message, in brief, follows:

"To show the cause for man's behavior I want to establish his identity with the devil. Some people are embarrassed to be identified with him, but their conduct betrays their identity.

"We have heard considerable of recent years about behavioristic psychology, a scientific study of why people act as they do. The best text for such a study is the Bible. Jesus identifying humanity with the devil, in explanation of why they act so.

"I call to mind six cases which were evidenced in Medford within the past six months, representing three men whose deaths were self-administered. Who was responsible for this? I think of three others who were criminally involved. Who was responsible for their acts? It cannot be charged to good influences. The devil bribes some people by the route of ill-gained profits; he allures others with parcels labeled 'pleasure,' but which should be correctly marked 'lust.'

"What makes a man act like the devil? It is devil-possession in the human heart. Sin is resident in the flesh. It is also condemned by God in the flesh, but the refreshing truth comes from the fact that man in the flesh may be freed from sin."

prevent interference with English shipping off revolt-torn Spain after quick action by his majesty's navy settled one dangerous incident.

The 32,000-ton battle cruiser, Repulse, and two destroyers, their decks cleared for action, speed to aid the English merchantman Gizeh Zetjon when she was halted and boarded by officers of a Spanish government cruiser off Melilla, Spanish Morocco.

The commander of the destroyer Codrington, responding to a wireless appeal from the Gizeh Zetjon, boarded the Spanish cruiser, Miguel de Cervantes and the Spaniards apologized, apparently settling the highly-dangerous matter.

The merchant ship was allowed to proceed to Melilla, which is in the hands of Spanish insurgents, to discharge its cargo. Owners of the ship said it carried no munitions.

(Copyright, 1936, by the Associated Press) BERLIN, Aug. 24.—Germany agreed today to declare an embargo on arms and airplane shipments to Spain, it was officially announced.

Baron Konstantin von Neurath, foreign minister, informed Andrei Francisc-Poncet, French ambassador, that Germany would decree an embargo effective immediately without awaiting outcome of the dispute over a confiscated German airplane assertedly seized by the Spanish loyalist government.

The government expressed the hope that France and other governments participating in the neutrality negotiations will also refrain as they have not already done so—take steps to carry out effectively the neutrality measures agreed upon.

WASHINGTON, Aug. 24.—(AP)—The Spanish government today formally obligated itself to reimburse American property holders whose property may be seized during the civil strife in Spain.

In a note replying tentatively to American representation on the subject, the Madrid foreign office advised the American embassy there as follows:

MOBILIZATION OF STORM TROOPERS EXCITES VIENNA

'State of Alarm' Order Creates Tension — Anti-Nazi Putsch Rumored As Cause for Troop Activity

VIENNA, Aug. 24.—(AP)—Vienna seethed today with reports, some of them apparently well-established, that police and Chancellor Kurt Schuschnigg's semi-military organization, the Catholic storm troops, had been ordered to maintain a state of alarm.

Adding to the tension was the transfer of 200 soldiers through the inner city to the district containing government buildings. Immediate reasons for the reported move were not apparent, although it was rumored a putsch was feared from anti-Nazi elements such as those which last week rallied behind Major Emil Fey, former vice chancellor.

These persons presented a petition, containing 35,000 signatures of members of the Heimwehr, asking Prince Ernest von Starhemberg to make Fey again the head of that private army in Vienna—a post he quit last autumn.

An accord of "friendship and peace," announced by Austria and Germany last month, has been followed by obvious suspicion and dispersion in this country, leaders of various Austrian factions expressing fears that Italy and Germany had "taken Austria into camp."

VIENNA, Aug. 24.—(AP)—Chancellor Adolf Hitler gave his support today, it was asserted here, to a proposed tri-partite parley of Germany, Austria and Hungary, to plan an anti-Bolshevik drive.

The conference, to be held possibly in September and to embrace the entire mid-European situation, was advanced by Hungary. (By Bolsheviks, the middle Europeans mean the communists in Russia who, they believe, desire to overthrow "capitalistic" governments elsewhere.)
