

### WHIPPING AWAITS 5 PRISONERS WHO PLANNED ESCAPE

CANON CITY, Colo., Aug. 25.—(AP)—Warden Roy Best said today he had frustrated a plot today of five prisoners in the Colorado prison who planned to escape by kidnapping him and holding him hostage.

Best and a squad of guards confiscated two .380 automatics and 100 rounds of ammunition in a new building being constructed in the prison yard. The five convicts were placed in solitary confinement.

"We received information three weeks ago that these men would attempt their escape Sunday," Best said. "We located the guns and ammunition and then watched them carefully. Three times they moved them on us, but we knew all the time where the guns and ammunition were. We were just waiting for them to start something."

"The plot was to grab me and hold me in one of the buildings as a hostage while the convicts demanded their freedom. I believe even if the plot had not been disclosed there would not have been any great amount of damage, such as occurred in the Colorado prison riot of 1929, but somebody might have been killed."

Eight guards and five convicts were killed in the 1929 riot.

"These men are going to be in solitary from now on," Best said.

"We got them with the goods. They don't have to confess. We got them red handed."

"They probably will ride the old gray mare. She's got her tail up and tailin' to go."

He referred to the "wooden horse" in the prison yard where mutinous convicts are whipped. It has been Best's practice to wield the leather whip himself.

### VOTERS OF 3 STATES PICK PRIMARY CHOICE AS COUNTRY WATCHES

SAN FRANCISCO, Aug. 25.—(AP)—The Townsend old age pension movement men's test of ballots in the state of its origin today as California nominates party candidates for congress as a primary election.

Townsend-endorsed candidates are seeking nominations in the 20 congressional districts, with E. J. Margott, state manager for the pension organization, predicting victories in at least 13.

The endorsements cut across party lines and in some instances fall to incumbents who, observers consider, are certain of nomination because of strong backing by their regular political organizations.

Primary in three states today commanded national attention. In Mississippi the veteran Senator Pat Harrison, after a campaign in which he stood on his record as a New Deal supporter, contested with former Governor Bennett Connor for the Democratic senatorial nomination, equivalent to election.

In South Carolina there is a clear-cut fight between Senator James P. Byrnes, administration stalwart, and two New Deal critics—Thomas P. Stoney, former mayor of Charleston, and Col. William C. Harless, a retired marine—for the Democratic senatorial nomination, also tantamount to election in the state.

In California the old age pension movement had a ballot test in the state of its origin.

burning wing of the one time royal palace of La Grangia lit up the silent plain of Segovia, an official report asserted.

Artillery crews hidden on a road 6,000 feet high along the Guadarrama Sierra ridge from Navacerrada to El Pajaral passed rest after unleashing a veritable tornado of shells on the rebel town of San Il Defonso, nesting around the magnificent palace built by sombre King Philip V nearly two hundred years ago.

### 'ROSY' TO LEAVE HOSPITAL SOON

A. S. Rosenbaum, Southern Pacific railroad division passenger agent who has been confined to the company hospital at Oakland for the past several months recovering from a broken hip sustained in a fall at Treks, will be released on or about September 1, letters to friends here indicate.

"Rosy," as he is affectionately known by thousands of southern Oregon friends, was to have exchanged his crutches for a cane yesterday. He said that walking on a hip that has been dormant for four months, even with the assistance of a cane, was going to be difficult, but that the doctors have told him that will be the only way to strengthen the joint.

He reports that San Francisco and Oakland are preparing for the opening of the big trans-bay bridge to auto traffic soon, but that the Golden Gate bridge, which links the city with the Redwood highway to the north, will not be opened to any kind of traffic for some time.

He is not a year's strength when he will be allowed to return to Medford.

### GERMAN ARMY BOOST SEEN BY RUSSIA AS PREPARING FOR WAR

BERLIN, Aug. 25.—(AP)—Germany will have an army of between 700,000 and 800,000 men, the propaganda ministry announced today, as soon as October recruits are called to the colors.

The 1914 class now completing its year of training will be sent another year, it was announced. Men belonging to older classes or who volunteered for services will be relieved.

Germany's present fighting strength has been estimated at 500,000 and upwards.

MOSCOW, Aug. 25.—(AP)—Germany's decree increasing compulsory military training periods, the authoritative newspaper Pravda asserted today, "is a serious measure proving how intensively Germany prepares for war."

PARIS, Aug. 25.—(AP)—The French press today estimated that Reichsfuehrer Hitler's establishment of two-year military service would give Germany an army twice as large as that of France.

Newspapers figured that the reich army in 1937 would total 1,200,000 men, compared to France's 604,000.

### EASTERNERS GET FINE STRING OF ROGUE FISH

Glenn Woolridge, professional river guide of Grants Pass now employed at Casey's camp on the Rogue, came to town this afternoon to display a batch of cutthroats and steelhead caught in a few hours this morning by two eastern angling enthusiasts.

There were 10 fish in the string, the combined weight being 90-odd pounds. Fishing in the vicinity of the camp is excellent and the camp is filled with anglers, most of them from California, Mr. Woolridge said.

### BAY SPAN SCENES SHOWN TO KIWANIS

Sound motion pictures of the Golden Gate bridge in San Francisco were shown at yesterday's weekly luncheon-meeting of the Kiwanis club in the Hotel Medford.

The pictures showed the construction of the bridge, its mechanism and all details, giving a complete insight into the entire structure. A companion film carried a commentary explaining engineering features and the mechanics of construction.

The picture was exhibited through the courtesy of Carol I. Hays and the Associated Oil company, of which he is local manager.

Visiting Kiwanians were Dean R. D. Bingham of Las Vegas, Nev., and Tom Mitchell of Klamath Falls. Dr. C. H. Paske presided.

### J'VILLE, TALENT SCHOOL JOBS LET

Contracts have been let and work started this week on two Jackson county school improvements. Both will be completed by October 1.

The Jacksonville school board awarded a contract for building of two more rooms, to R. I. Stuart and Sons, and work has started. The improvement will provide additional space for classes and teachers' rest rooms. The cost will be \$2,000.

D. R. Smith has been granted the contract for construction of an addition to the Talent school gymnasium to cost \$2,300. The addition will be 20 by 15 feet, and will provide a stage, boys' and girls' rest-rooms, with a basement for the installation of a heating plant.

Frank C. Clark was the designing architect for both jobs.

### Reese Creek

REESE CREEK, Aug. 25.—(Sp.)—We enjoyed a good Sunday school Sunday morning and a good crowd was in attendance. A. J. Anderson, missionary from Central America, had charge of the services in the evening. The young people gave their time to him, and during this period he displayed some very beautiful souvenirs made by the native Central American Indians, depicting birds and domestic fowls of vivid hues. Mr. Anderson brought a splendid message, telling why Paul was not ashamed of the Lord's gospel. He is a very learned man, and well versed in the work. He is on a year's furlough. He and Mrs. Anderson and two little daughters, Virginia and Lenore, left yesterday for New York, where he will enter school for some time. He will return again before they leave for Central America.

The W. C. T. U. will meet August 27 at the school house. All members and friends are asked to be present. There will be election of new officers.

A few ladies of the community gave a shower and welcoming party to Mrs. J. S. Grace August 19. Those present were Mrs. Charles Humphrey, Mrs. Wilfred Jack, Mrs. Wilson Gardner, Mrs. Marie Jack and two sons, Mrs. Ralph Merritt and two children, Mrs. Harry Powell, Mrs. O. P. Rusko and Mrs. W. R. Lamb.

Mrs. Ella McCormick, county W. C. T. U. president, is visiting for a while at the home of Mr. and Mrs. Charles Cummons.

Mrs. and Mrs. Edward Cowden attended grange August 18.

Mrs. Betty Fien recently sold her place to Mr. Green of Los Angeles, who has taken possession. Mr. and Mrs. Gehrig, who had charge of the place, moved to Eagle Point on August 18.

Mr. and Mrs. Charles Humphrey will begin tomorrow to erect a new house. O. L. Bellows has the contract.

Charles Cummons and Thos. Sheron have returned from near Medford, where they were picking pears.

Mrs. Wilfred Jack and family, their car loaded with a fine birthday dinner, went to where Wilfred Jack is stationed on the Eagle Point irrigation project and helped him celebrate the day.

Mr. and Mrs. Albert Hanscome and daughter, Genevieve, of near Medford, and Mrs. L. Matthews and daughter, Mary Jane, of Central Point, were visiting at the W. H. Lamb home Sunday.

The ladies of the W. C. T. U. held a quilting party at Mrs. Harry Powell's August 18. A covered dish luncheon was served at noon. The quilts will be sent to the children's home at Corvallis. Those present for the day were Mrs. Agnes Moffitt, Mrs. Ella McCormick, Mrs. Charles Cummons, Mrs. C. H. Rusko, Mrs. Vera Pusko, Mrs. Mary Brouse, Mrs. Homer Martin and Stanley, Mrs. Ralph Merritt, Janet and Jimmy, Mrs. Frank Thomas, Mr. Foster, Mr. Cummons, Francis, Lots and John Broack, Miriam Cummons and Mrs. W. R. Lamb.

Mrs. Jim King had as guests from Washington her daughter, Mrs. Terry, and daughter and son, for several days last week.

Mrs. Scott Boyer has returned from a visit to relatives and friends at Portland. Mr. and Mrs. Boyer moved August 22 to the place formerly owned by the late Mr. Case, they having sold their place last spring.

W. R. Lamb and granddaughter, Edna Lamb, returned August 20 from a six-day trip to Huckleberry mountain. They brought home 40 gallons of the delicious berries and report a fine crop of berries and many people there to pick them.

In traveling over Jackson county it is wonderful to view the fine crops of fruits, grain, hay, gardens filled with all kinds of garden truck and flowers, stacks of fine alfalfa hay and the large corn fields all remind one that soon we will all say, "The frost is on the pumpkin and the fodder's in the shock," and be thankful we live in good old Oregon.

Card of Thanks.

We wish to thank our friends and relatives for their beautiful floral offerings and sympathy in our recent bereavement.—Mr. and Mrs. R. B. Smith, Ruby Searing, Wilda Crawford.

### MYSTERY OF SUICIDE NOTE IS CLEARED UP

The mysterious "suicide" note found in a pair of white duck trousers near the edge of an irrigation canal in the Talent district Sunday morning, was yesterday solved by state police.

The note was written in the Talent high school class room last year as a joke, and kept as a keep-sake by a 14-year-old Talent girl, who had forgotten it was in the pocket of the slacks.

While a group of young people were swimming in the canal Saturday several boys thought it would be an excellent joke to hide the trousers, forcing the girl to walk home in her swimming suit and sweater.

SALT LAKE CITY, Aug. 25.—(UP)—When Charles Ebert of Havre, Mont., stretched out on the courthouse lawn for a nap after a strenuous drive, two hitchhikers who had been riding with him disappeared with his car.

### HOMEMADE AIR COOLER FREEZES WATER PIPES

EAST ST. LOUIS, Ill., Aug. 25.—(UP)—Plumber Eddie McEvilly was incredulous today when Urban Gates reported that water pipes in his home had frozen. Investigating, McEvilly found that Gates had filled his furnace with 400 pounds of ice in an effort to affect a home made cooling system. The ice froze a water pipe extending through the furnace.

### TOOTHPICK IN TUMMY FOUND BY SURGEONS

PITTSBURGH, Aug. 25.—(UP)—Doctors operated on Charles E. Rickabaugh today to inspect his appendix, because he had complained of a pain in his side for two weeks. But the surgeons found that the pain was caused by a regulation dinner table toothpick, which had worked its way into the region of the appendix.
