

BLOODY BATTLE REDDENS SLOPE OF MT. MARCIAL

Once over the top of the hill, which is crowned by a white stone monastery, the way would be open for a clear insurgent advance on Irua, along a winding mountain road.

BURGOS, Spain, Aug. 28.—(AP)—The rebel high command mapped plans for restoration of the monarchy with military dictatorship today, announced a new bombardment of Madrid and strengthened defenses against a surprise advance on this fascist headquarters by loyalists.

A military dictatorship will be constituted "indefinitely" to "exterminate" all loyalist elements and rule the country "without any parliament whatsoever," high officials of the fascist Junta asserted.

Then, they said, will come a plebiscite to determine upon the restoration of the Bourbon dynasty.

(Former King Alfonso who quit the country in 1931, has been reported considering a flight back to Spain from Austria. His heir presumptive, Prince Juan of the Asturias, some weeks ago was believed to have conferred with rebel chieftains at Burgos. But advice at that time said he was later escorted back across the French border.)

Close collaboration with Germany and Italy, "friendly nations," which fascist leaders said have stood by the army in the present civil war, would be maintained, they declared.

ALICIA ZIEBARTH TAKEN BY DEATH

Alicia Marie Ziebarth, 66, passed away at a local hospital Thursday morning of heart trouble. She was born in Illinois, May 26, 1870 and had been a resident of Medford for the past 15 years. She was a member of Sacred Heart Catholic church.

She leaves one daughter, Mrs. Agnes Scranton of Jacksonville, Ore., and three grand children.

Services will be held at the Sacred Heart Catholic church Saturday at 9:00 a. m. Rev. Father Francis Black officiating. Interment in Medford L. O. O. F. cemetery.

MILTON FREEWATER HAS EVENING EARTHQUAKE

MILTON, Ore., Aug. 28.—(AP)—An earthquake, believed to be the most serious since the shock last July, sent Milton-Freewater citizens scurrying from their homes about 8:39 o'clock last night.

No damage was done by the quake which was also felt though less severely, in Wells Wells.

STATE PLANNERS SEE WATER NEED OF ROGUE VALLEY

Keeping qualities they command an exceptionally high price, he said. Some idea of the prospect for this product can be noted from figures cited, which showed that production as high as 900 sacks to the acre is possible and that the market price of \$1.30 per sack can be obtained.

The yield of tomatoes on irrigated land here averages 14 1/2 tons per acre, compared with the national average of 8 1/2 tons, Mr. Gates emphasized. The tomatoes not only command a premium in the open market but are excellent for canning purposes, he declared. A market for from 350,000 to 500,000 cases could be constantly maintained, he stated.

Water Need Cited Jackson county has an area of potential farm land estimated at 300,000 acres, but due to lack of water, only approximately 70,000 acres are under cultivation, Mr. Gates said.

Food control was held an important key to irrigation development by Mr. Gates and by Ormond R. Bean, chairman of the state planning board, who also spoke briefly at the luncheon. Not only would flood control development aid in mitigating actual damages from high water but it would conserve the winter flood waters for use for irrigation in the dry season, it was pointed out.

CALIFORNIA COURT BALKS TAX REPEAL

SAN FRANCISCO, Aug. 28.—(UP)—The California state supreme court in a split decision today killed the proposed constitutional amendment which would have repealed the state sales tax and substituted a "single tax" on land values for state revenue raising.

The court issued a writ of mandate ordering Secretary of State Frank C. Jordan not to place the proposed initiative on the November general election ballot.

The decision represented a victory for the State Congress of Parents and Teachers which had pleaded the proposed amendment, if adopted, would cut heavily into school revenues.

PINIONED TERRIER FIGHTS EAGLE OFF

VICTORIA, B. C., Aug. 28.—(UP)—A little Boston terrier, caught by his harness in bushes of a mountain side without food for nearly five days, successfully battled off a circling eagle until help arrived today.

The game but weakened dog was rescued from its plight by a waitress from a Malahat mountain refreshment stand, 12 miles north of Victoria, when she was attracted to the scene by the flapping and screaming of a large eagle.

Beating away the bird with towels, she rescued the dog.

The terrier jumped out of the automobile of Mr. and Mrs. J. J. Darrington of Hollywood, Calif., at the resort last Saturday.

They could find no trace of the dog. The animal will be shipped to his owners as soon as he has recovered sufficiently.

AUTOMOBILE DEATHS SHOWING INCREASE; WORST YET TO COME

CHICAGO, Aug. 28.—(UP)—With the worst season of street slaughter yet to come, the National Safety Council reported tonight that July was the third consecutive month and the fourth month of 1936 in which automobile accident deaths exceeded those in corresponding period of 1935.

W. H. Cameron, managing director of the council, found the trend "alarming because we have yet to pass through those months which in former years produced the largest numbers of traffic accident deaths."

During 1935, he pointed out, the first six months recorded 13,890 traffic fatalities whereas 21,110 such deaths occurred during the year's closing half.

ONTARIO, Ore., Aug. 28.—(AP)—Coyotes are making raids on ranchers' turkeys in the Owyhee section of

more than in the same month last year. In the first seven months of this year 18,450 persons have been killed thus, two percent below the corresponding figure for 1935, a year in which motor deaths reached an all time high of 37,000.

W. H. Cameron, managing director of the council, found the trend "alarming because we have yet to pass through those months which in former years produced the largest numbers of traffic accident deaths."

During 1935, he pointed out, the first six months recorded 13,890 traffic fatalities whereas 21,110 such deaths occurred during the year's closing half.

ONTARIO, Ore., Aug. 28.—(AP)—Coyotes are making raids on ranchers' turkeys in the Owyhee section of

Malheur county reports said today. Twenty-two have been captured recently. Closing time for Too Late to Classify Age is 1:30 p. m.

Refresh Yourself This week end we offer you a delicious cake made from a new recipe. It is just the type of cake for summer weather and it has the refreshing flavor of two fruits...

Fresh Lemon Cake A fine two-layer cake which contains the pleasing flavor of fresh lemons. Creamy icing made with the juice of fresh limes tops this new cake.

Saturday Special 49c

Fluhrer's Also: A complete selection of cookies, rolls and sandwich bread for your week end lunches.

MURDER, SUICIDE Found In Shack

YANCOUVER, Wash., Aug. 28.—(AP)—R. E. Brady, chief deputy sheriff, said today the bodies of Anton Kepner, about 40, and Mrs. Dagny Alstad, Portland, Ore., 42, were found in a shack near here, apparently the victims of murder and suicide.

Brady said it appeared that Kepner had slain Mrs. Alstad with a shotgun and blown the right side of his head off by pulling the trigger with his foot. Brady said he was informed Kepner had been infatuated with Mrs. Alstad.

Boost Fair Price SALEM, Ore., Aug. 28.—(UP)—Admission to the state fair, September 7-13, was boosted today to 50 cents double that of last year. Fair officials said twice as many attractions would be offered.

Preston Foster has an interest in tooth powder concern.

Seek County Aid County planning commissions throughout the state will be asked to cooperate with the state planning board in making out a long-time program for public works projects, the board decided at its regular monthly session held here this morning.

Information and figures on projects that the board thought should be erected within the next six years will be included. The project has been requested by President Roosevelt and the National Resources committee. It was pointed out.

Favor Mining Bureau The board also voted to submit to Governor Martin a report by the advisory committee on geology and mining on the need for the establishment of a state bureau of mining and geology. The report contains a proposed enabling act which sets forth in detail the organization of such a bureau.

Members of the advisory committee who prepared the report and proposed act are G. F. McDougall, mining engineer of Portland, chairman; J. H. Betchell and Dr. Edwin T. Hodge, of Oregon State college; Dr. Warren D. Smith, University of Oregon; and H. P. Byrom, research engineer. The work of the committee was warmly commended by members of the planning board.

Meeting Continues The regular meeting of the board will be continued this evening, following a public meeting this afternoon. Board members present are Ormond R. Bean, Portland, chairman; C. J. Buck, Jamieson Parker, Portland; J. W. Biggs, Burns; Edward W. Miller, Marshfield; Dr. P. A. Parsons, Eugene; Leonard Carpenter, Medford; and V. B. Stanberry, Portland, planning consultant.

Following the Hotel Medford luncheon-meeting of the state board, county planning commission and others interested, a public meeting was held at the county courthouse. Representatives of the state board and local citizens discussed irrigation projects, mineral development and land use. County Judge Earl B. Day presided at the two public meetings.

The Great Southern desert of Arabia, about 300,000 square miles, was crossed for the first time by a non-Moslem in 1930-31.
