BEERY, FILM STAR AND FAMILY HERE ON FISHING TRIP

Wallace Beery, vacationing screen star bound for a few days' fishing in the Rogue river, spent a few hours in the city yesterday...

WALLACE BEERY The actor-comedian, noted for a long and outstanding screen career, declined to mention any definite destination on the river, stating only that they were not visiting friends and were uncertain as to the exact length of their stay...

Blonde Mrs. Beery introduced attractive Carol Ann, whose place in her parent's affections has been much publicized. The little girl remained a much interested but silent spectator during the interview. Beery himself was very tanned and looked in excellent health.

The party is traveling in a specially built motor car containing four doors on each side which will accommodate a number of persons and a large amount of fishing and vacation accoutrements. Repairs were being made to the machine during their stop here and it was not known whether or not this would necessitate a longer stay in Medford before going on to the river...

Their automobile is a twelve passenger type which has been especially constructed for outfitting trips. Mr. Beery and party spent the day in fishing for the Rainbow of Diamond Lake, and good luck was reorted. Little Carol Ann Beery was the most noticeable little person in camp while she was here.

The Beerys have been on an extended outing and fishing trip throughout the western states.

Prisoner Gives Blood to Save Gold Hill Lady... Mrs. Imogene Melton of Gold Hill owed her life yesterday to a youth in Jackson county jail who gave a quart of his blood to pull her through a crisis.

Mrs. Melton, taken to Sacred Heart hospital for treatment, was found to be dangerously close to death Friday night because of an acute anemic condition. A blood transfusion was urgently needed but no donors could be found.

A call was sent to the county jail for volunteers. Three prisoners in the bull-pen and two trustees immediately offered their blood. The trustees were Weldon Stapley of Eugene and Albert Cowan of Jacksonville, both youthful prisoners.

Stapley and Cowan were taken by Harry Ingling, Jailer, to the hospital where they were kept under guard. Sheriff Fred I. Brown having granted permission for their removal.

Stapley, larger of the two youths, was selected for the transfusion. He gave a quart of his blood. The operation was performed by Dr. LeRoy C. Jensen.

After the operation the two prisoners were taken back to jail. Both said they would be ready in case another transfusion was found necessary. They received no remuneration for their services.

Stapley has pleaded guilty to receiving someone stolen calf meat and is awaiting sentence. Cowan is accused of assaulting George Hilton, marshal of Jacksonville, and is awaiting action by the grand jury.

Mrs. Melton was reported considerably improved yesterday though still in grave condition.
