"Piccadilly Jim" Coming Thursday

An all-star cast of comedy favorites, and advance reports are hailing it as the dapper young star's most entertaining part.

Wodehouse's widely-read story shows Montgomery as a young caricaturist who unwittingly lampoons the family of the girl he loves, in a series of cartoons that amuse the world. The ensuing complications provide the vein of humor which has made the author one of the literary favorites of both America and the continent.

BLACK CHANNEL SALE POSTPONED

The sheriff's sale of the Black Channel mine, located on Footh Creek, and owned by F. A. Bates, scheduled for this morning, was postponed for one week, upon motion of Attorney Porter J. Neff, attorney for plaintiffs in the action.

Attorney Neff said, "a postponement might result in the presentation of a substantial bid for the property."

The sheriff's sale has been ordered under a mortgage foreclosure procedure for approximately \$6000 on judgments awarded to Walter Robinson and Peter F. Lund.

The litigation is highly involved, and has occupied Jackson county courts for the past three years.

UNITED AIR LINES TO INSTALL RADIO BEAM

A radio landing beam of its own is to be installed at Medford municipal airport by United Air Lines, probably this fall, it was learned here today.

The new beam will enable pilots accurately to find the landing field. Pilots at present use the beam owned and operated by the federal government.

William Lawrence, travelling radio technician for the company, made a survey for the new beam Monday. He said it would be situated on the field just west of the administration building.

STRANG UNDERGOES OPERATION ON KNEE

William Strang's right leg was encased today in a cast following an operation on the patella which was split in two a week ago last Saturday night when he rode his bicycle into the rear of a parked car. The little finger of his right hand which was almost completely severed will be saved, it was stated today.

The high school student and son of Mr. and Mrs. Fred L. Strang of 416 South Central avenue will probably be confined to the Community hospital for another fortnight. His leg will be kept in the cast for ten days, it was stated.

SEND PHOTOS OF PAIR TO UP-STATE POLICE

State police have forwarded pictures of Harold Foughty and Harvey "Buff" Martin, Longview, Washington, youths accused of creating a reign of terror in Phoenix last Friday night, to Portland and Eugene authorities for possible identification in connection with similar raids in that area.

Streetcar and service station hold-ups in the Portland region, and the robbery of a beer parlor and restaurant in Eugene will be particularly checked, and the victims asked to identify the two youths held here under \$10,000 bail for action of the next grand jury.
