

HOME EXTENSION WILL START FALL WORK ON FRIDAY

Home extension units of Jackson county will start their fall work in home economic extension projects this month under the direction of Mabel C. Mack, county home demonstration agent.

The first district meeting is scheduled at Talent city hall, next Friday, Sept. 4, at 1:30 p. m., for Talent, Ashland and Bellevue units. The project selected for September entitled "Taking Inventory of Ourself" is one unit of the child development and parent education project. The discussion next Friday will be led by Mrs. Maude M. Morse, extension specialist in parent education and child development. The subject promises to be a very interesting and instructive one. Mrs. Morse says, "to gain happiness we need to know what we want and to learn how to get it; but first we must come to know ourselves." Overstreet in the book entitled "About Ourself," says, "The difficulty with most of us is that we suffer from the familiarity which breeds a dulled awareness. Ourselves we have with us always, and in consequence we know least about ourselves."

Every homemaker in the county is extended an invitation to attend the nearest district meeting and participate in this study. Meetings will be held in the following districts: Medford, Applegate, Lake Creek, Wimer, Tual, Valleyview, Howard, and Sams Valley. Watch for a later announcement of dates and meeting places. Home extension units are planning these programs to be fall "Rally Days" and hope to enroll many new members for the adult extension projects for the year.

Local arrangements for the meeting at Talent next Friday are being made by Mrs. L. C. Williams, chairman of the Talent unit and Mrs. Ada Andrews, vice-chairman of Bellevue unit.

DEBUSK'S ASSISTANT WILL CARRY ON WORK

EUGENE Ore., Sept. 3.—(AP)—Dr. Elizabeth M. Montgomery, who worked under the late Dr. B. W. Debusk,

founder of a nationally famous clinic for atypical children at the University of Oregon, will carry on his work, Dr. J. R. Jewell, dean of the school of education, said today. Dr. Debusk died last July. Dr. Montgomery was his first assistant and was prominent in his work of going to the source of reading difficulties among children and applying correctives.

AUTO ACCIDENT TO NEXT GRAND JURY

The auto accident last April 26, on the North Pacific highway, in which Ruth Riggs sustained severe injuries in a collision between a small auto driven by Roland Tremains and a Rogue River Meat company truck driven by W. T. Lehman, will be placed before the coming session of the grand jury, District Attorney George A. Codding said today. The small auto telescoped and seared by flames, in the crash, was placed on a platform at the Chamber of Commerce as an exhibit in the "Let's Quit Killing" campaign, last spring. The grand jury is scheduled to convene the fourth Monday in October, when a new term of the circuit court will start. Owing to the lack of criminal cases to justify the expense, the grand jury has not been convened for close to six months, county officials explain.

ORGANIZING IS BEGUN FOR ROOSEVELT CLUB

Fred Kelly and Jeanne Fabrick today began the work of organizing a Roosevelt for President club in Jackson county. Appointed by Carl Donough of Bend, state head of the organization, Mr. Kelly is director of the men's and Mrs. Fabrick of the women's divisions here. Both local directors were today preparing a list of organizers to assist in formation of a large club unit in Jackson county. They planned to have the list of organizers completed by Saturday. Anyone desiring to serve may consult them at Democratic headquarters, 217 West Main street.

AMERICAN FLIERS LAND SAFELY AT BRITISH AIRPORT

(Continued from Page One)

and 40 minutes after their takeoff from Floyd Bennett field, Brooklyn, yesterday afternoon. The first word they were over Ireland came at 1:17 p. m. (7:17 a. m. eastern standard time) from Dingle Bay, on the southwestern tip of the Shannon isle.

A thousand worried spectators had waited under heavy skies at Croydun for some sign of the plane, which ran into hard rains at the eastern end of its journey. Finally, a telephone in the airport communications office jangled. It was Richman, calling from Lwynnelyn.

Reached at this tiny village, later, Richman declared: "The plane ran beautifully. "We didn't see the Atlantic for more than an hour at a time."

Kept Plane High. "All the way we flew at about 11,000 feet.

"Everything went according to plans up to the end, except— "Half way across the plane went into a steep nose dive. We both were thrown out of our seats. "That certainly was a scare. "We had to struggle hard for a minute or two to regain control. It seemed an age before we did."

He disclosed "the reason you didn't hear us when we got near England

CIVIL SERVICE BOARD CALLS EXAMINATIONS

United States civil service commission today announced the following competitive examinations:

- Director of education, \$6,500 a year, bureau of Indian affairs.
- Aeronautical engineers, various grades, \$2,600 to \$4,899 a year.
- Agricultural aides, various grades, \$1,280 to \$2,000 a year, soil conservation service.
- Public health nursing consultants, various grades, \$2,600 to \$4,600 a year, and public health nursing assistant, \$2,000 a year.

Detailed information regarding the examinations may be procured at Medford postoffice from Earl H. York, secretary of the local civil service board.

SARAH J. MYNATT TAKEN BY DEATH

Sarah J. Mynatt, wife of W. B. Mynatt, passed away early this morning at their home on the Butte Falls road near Crater Lake highway. She had been in failing health for the last three years.

Mrs. Mynatt was born in Lane county, Oregon April 18, 1869. At the age of 19, she was married at Prineville, Oregon to Mr. Mynatt. The family came to Jackson county from the John Day country twenty-six years ago.

She leaves besides her husband, two sons, Joe and Lawrence Mynatt and one brother, U. O. Hale of Seattle. Funeral services will be held at the Conger chapel, at 2:30 Saturday with Rev. Powell officiating. Interment will be in the Antioch cemetery.

CORVALLIS, Sept. 3.—(P)—Approval of the largest WPA project to be launched in this county, involving

two applications for \$88,568 from Oregon State college for moving and rebuilding pig and dairy barns on the college farm came to college officials today from the state WPA office in Portland.

Progress Made In Oil Burning Heat Units Is Outlined

Whenever an oil heater is mentioned, some people still think of the old-fashioned kerosene heater of grandpa's day. These people would get a rather startling surprise if they saw the modern Spark oil burning circulating heaters now being shown by the People's Electric company.

The new Spark oil heaters are a splendid example of the progress that has been made in recent years in home heating equipment. They are scientifically designed and as beautiful as a fine piece of furniture. And they are made with heating capacities ranging from two to six rooms.

According to the manufacturers, the Spark is the only oil burning circulating heater designed especially to meet western heating problems. It not only provides an abundance of

clean, healthful, circulating heat, but it also gives bright, cheerful, radiant heat. And particular stress is laid on its economy of operation, according to O. O. Alenderfer.

APPELGADE RESIDENT SAYS LYNCHING SURE

BIG APPELGADE Sept. 3.—(Sp.)—That residents of Treka and Fort Jones and vicinity will lynch without any ceremony is the word brought here by Fred Law, who made

a trip to northern California early in the week. Residents are well wrought up over the triple murder allegedly committed on Horse creek Saturday by John and Coke Britte, Mr. Law said. He noted two men carrying ropes.
