PLAN FOR POWER AGE ADVICE OF F. R.

By PAUL MALLON.
Copyright, 1936, by Paul Mallon
WASHINGTON, Sept. 11.—President Roosevelt has his own private straw vote man, Emil Hurja, who assays political certainties mathematically for Chairman Farley.

When Mr. Hurja goes into a rapid calculation and gets the answer, he tells it to Farley and Farley tells it to the president.

There the matter rests. Nobody says a word in the world about it, except the usual thing, that Mr. Roosevelt will carry all states and most of the island possessions which do not vote.

However, one or more of the trio, in possession of the latest, deepest low-down, must have talked in his sleep. Information comes with indisputable reliability that Mr. Hurja figures Mr. Roosevelt's chances at 5 per cent better than the Gallup poll, in which Mr. Roosevelt is making the strongest showing of any.

The partisan nature of the calculation may prevent it from being widely accepted, but it means that Mr. Roosevelt and his counselors are now expecting 60 to 62 per cent of the vote.

All politicians attempt to create what they call a "winning psychology." They have the idea a lot of people want to vote for the winner, whoever he may be. Also, there is the question of morale among the party workers. A pessimistic political report has never been issued.

However, the Hurja calculations and

POLICE ARREST DEPUTY SHERIFF

The odd picture of a state policeman arresting a deputy sheriff, and the deputy sheriff resisting arrest and being taken to the county jail shackled with handcuffs, was revealed today when Charles Marquette, 57, miner and laborer, pleaded guilty to driving a car with a void foreign license in Judge Wm. Coleman's justice court.

A state police officer arrested Marquette yesterday in a valley orchard. Marquette displayed a deputy sheriff's badge and said "It's all right, I'm an officer, too." The state trooper asked him where he got the badge, to which Marquette retorted "Where did you get yours?"

He resisted arrest, was handcuffed, and placed in the county jail, charged with operating a car in Oregon while equipped with California plates. He was fined \$5 and costs this morning and given 10 days in which to pay. Sheriff Syd I. Brown revoked the deputy sheriff's commission, which was issued to Marquette while he was missing a short time ago in a district in which the Brits brothers were believed to be.

SIDE GLANCES

by TRIBUNE REPORTERS

Thirty Miles recalling the time he was cured of his affinity for high powered and flashy roadsters, after driving a new robin's egg blue Chrysler to Klamath Falls in the late fall, and eating dust for 11 miles between Keno and the Pelican stronghold, driving in a high wind.

Shorty Morris showing the proper technique for cracking open a watermelon, spinning a butcher knife dropping the melon on its nose on the counter, pummeling it a bit and finally opening it to leave the entire heart exposed, and then almost getting the same treatment from a most anxious to grab the first fruit.

Stew Good, who turned his coupe over into a bunch of rocks near the Chateau the other day, appearing back at work and manfully refusing from quizzing the old cliché that reports of his death had been exaggerated.

Mrs. Elmer Hayes displaying a Greek coin slightly smaller than a four-bit piece that someone had given her in change and a group placing the coin all the way from an English two-shilling piece to a Macedonian ten, all being wrong.

PRESIDENT STARTS TURBINES TURNING AT BOULDER DAM

Executive Tells World Power Conference Half of Population Will Be Able to Produce Machine Needs

WASHINGTON, Sept. 11.—(AP)—President Roosevelt today advocated advance preparation for a future day when, through the conversion and application of energy, "half of the population can provide the basic machine-made products necessary for the welfare" of all.

Standing before the third world power conference, with representatives of 32 nations in his audience, the president said in an address that preceded his starting of the turbines of the great Boulder dam:

"We can conceive that this would mean that the people between 20 and 50 years of age will be able to produce the basic commodities for themselves and also for all others below and above those ages."

Should that condition arise, he asserted, it would be the duty of the power experts to "think what would be the effect on our leisure, our culture and our way of life."

"It would suggest," he added, "that the answer should not be left solely in the hands of bankers, government officials or demagogues."

Speaking in the marble Constitution Hall a few blocks from the White House, the president, just back from a two-day whirlwind tour into the south, raised the question whether enough attention was being paid to "human engineering."

He also asked whether engineering genius, having "destroyed" the world of relative scarcity, had yet "undertaken to create the new world of abundance which is potential in your command over natural energies."

PEAR SHIPMENTS TOTAL 1270 CARS

The Rogue River valley pear crop is moving to market at the average rate of fifty cars per day. Southern Pacific railroad freight representatives said today.

Thursday shipments totaled 51 cars, including 16 cars to Portland for export. The total pear shipments to date are 1,270 cars.

Barilett pears were removed extensively from cold storage the past week for Willamette valley and California canneries shipments, it was reported.

The total packing house "back-out" up to last Saturday, according to the Rogue River Traffic association figures, was:

Bartlett	417,000 boxes
Howells	7,371 boxes
Boaca	156,893 boxes
Comice	19,694 boxes
D'Anjou	249,615 boxes

Princess Engaged

The engagement of Princess Juliana (above), heir to the throne of the Netherlands, to Prince Bernhard Zu Lippe-Biesterfeld of Germany was announced officially at The Hague.

WASHINGTON, Sept. 11.—(AP)—The engagement of Princess Juliana (above), heir to the throne of the Netherlands, to Prince Bernhard Zu Lippe-Biesterfeld of Germany was announced officially at The Hague.

HAMMER ELECTED STATE PRESIDENT ASSESSOR GROUP

W. E. Hammer of Bend, assessor of Deschutes county, was named president of the Oregon State Assessors' association at the closing session of the three-day annual meet underway here since Wednesday.

George M. Knox of Hood River, Hood River county assessor, was chosen vice-president, and Charles Mack, Klamath county assessor, named secretary-treasurer.

Bend, Ore., was selected as the 1937 meeting place.

The meeting approved the appointment of a committee to confer with the state tax commission on plans for the standardization of salaries for Oregon assessors, which show a wide variance. Some assessors are paid at the rate of \$4 per day, when they work, and some officials receive \$108 per month. Adjustments in these brackets are desired.

Some of the assessors expressed themselves as satisfied with their present pay, conditions being what they are, but approved of the lower paid assessors receiving more equitable salaries.

A banquet, with Jackson county as host, was given at the Hotel Medford last night for the visiting assessors.

Charles V. Galloway of Salem, chairman of the state tax commission, was the main speaker, and discussed the Oregon tax system from a general viewpoint.

LITTLE GIRL BURNED WHILE FIGHTING FIRE

REDMOND, Ore., Sept. 11.—(AP)—Nine-year-old Carrie Shanks battled for life in a hospital here today after creaking a fire which threatened to destroy the home of her parents, Mr. and Mrs. George Shanks of Terrebonne. The little girl's right arm was burned to the shoulder. The blaze broke out when the girl, alone in the house, attempted to start a fire in a stove.

Cuban commoner he married, the former Edelmira Sampedro, who is now suing him for divorce.

The sons often have been attended by Victoria and her daughter, who trained as a nurse. But they arrived too late two years ago when Gonzalo, the youngest, died to death after an automobile accident in Austria.

FIRE ON CRUISER DUE TO SABOTAGE, OFFICER REVEALS

Nails Found in Cables Carrying Auxiliary Power—No One Under Suspicion at Present Time, Is Word

BROOKLYN, N. Y., Sept. 11.—(AP)—A small fire, "undoubtedly deliberate," was discovered aboard the U. S. Indianapolis on August 25 while it was undergoing routine overhaul in the Brooklyn navy yard. Capt. G. A. Dunn, manager of the yard, said today.

Capt. Dunn was in a statement that the fire was due to a short circuit in some of the auxiliary power cables and that damage was confined to the cables.

"This action was undoubtedly deliberate," he said. "The navy yard has no one under suspicion at the present time."

Dunn, industrial manager of the navy yard, issued the statement in response to queries about a story of attempted sabotage aboard the cruiser, carried by the Los Angeles Times and credited to "a high naval official" in Washington.

Naval officials here said no report (Continued on Page Three.)

ITALIANS EXPEL UNITED PRESSER

ROME, Sept. 11.—(AP)—The Italian government today handed Henry Gorrell, acting chief of bureau of the United Press in Rome, a written order of expulsion.

The order was the result of a story which said arrests had been made among high fascist officials on accusations of communist activities.

(On September 8 the Associated Press learned that some 20 persons had been arrested at Terni following the discovery of pamphlets, considered subversive, on the walls of munitions factory rest-rooms. Disturbed townspeople, at the time, were inclined to view the arrests as of little importance, and there was no indication any of those held were connected with the fascist party.)

Gorrell applied to the American embassy, which obtained a 24-hour stay in the expulsion order. The United Press bureau was appealing to the government to revoke the order.

GALLI-CURCI TO RENEW SINGING

CHICAGO, Sept. 11.—(AP)—Amalia Galli-Curci will win her great fame. She's going to sing again.

A year ago the golden voice of the renowned coloratura soprano was stilled by an operation to remove a polyp.

Special Low Rate For Mail Tribune Is Nearing Close

Mail Tribune annual bargain days will end positively at 9:30 Monday night. After that hour usual subscription rates will go into effect again.

Bargain days are an annual Mail Tribune event. It is the only time of the year that reductions are made on annual subscriptions. There is never any extension of the bargain period.

New and renewal subscriptions are exceeding those at the same time a year ago. But to those who have not yet subscribed, a word of counsel: Do not delay; subscribe now and save money.

To accommodate subscribers the Mail Tribune office will be open to 9:30 Saturday night and from 8 to 12 Sunday morning.

MOSS WILL ENTER RACE FOR MAYOR, HEATH NOT TO RUN

The city political kettle began to simmer today when Ira C. Moss made definite acknowledgement of his intention to run for mayor.

"Yes," Mr. Moss stated, "you may say that I'll be in the race. The boys have been after me for a long time to run and I have made up my mind to do so."

Asked who the "boys" were he said they were friends, acquaintances and business associates. Mr. Moss is owner of Unique Cleaners.

Mr. Moss is a Democrat but city elections are non-partisan, candidates not being designated with any party tag. He said he would announce some policy later.

Mayor George W. Porter was in Pendleton today and could not be reached for his views. Friends, however, said Mr. Porter would run again if it involved no contest. His attitude (Continued on Page Eleven)

PEAR PRODUCTION OVER LAST YEAR

SAN FRANCISCO, Sept. 11.—(AP)—Pacific coast production of pears will exceed last year's output some 3 1/2 million bushels, latest department of agriculture estimates indicate.

Federal estimates give the California-Oregon-Washington crop some 18,717,000 bushels out of the total national crop of 23,914,000 bushels. Last year the coast crop was 15,212,000 bushels out of the national total of 22,955,000.

Crop by states (thousands of bushels):

California	1936	1935
California	9,822	6,792
Oregon	3,760	3,360
Washington	5,135	5,099

The Pacific coast output dominates the field. Next to the coast states, New York stands best with 776,000 bushels estimated as of September 1 for the 1936 crop.

2000 LOYALISTS SLAUGHTERED IN ISLAND ATTACK

New and Violent Battle for Possession of Besieged City of Oviedo—San Sebastian Again Attacked

By the Associated Press.
The rebel junta which claims it is the "real" national government of Spain today announced 2000 government troops had been slaughtered in an abortive attack on the island of Mallorca.

At the same time, fascist rebels and socialist government sources reported a new and violent engagement at the besieged rebel city of Oviedo in the northern mining country.

The rebels at Burgos, seat of the Junta, declared a final attack on the northern resort city of San Sebastian was under way, and said an unofficial truce there, involving negotiations for the city's surrender had been broken because the defenders wanted safe conduct for militiamen whom they desired to send to the defense of nearby Bilbao.

Cruiser Abandoned.
Another rebel announcement asserted the government cruiser, Miguel (Continued on Page Eleven)

GILLETTE, EX-JUDGE JOSEPHINE COUNTY, IS TAKEN BY DEATH

GRANTS PASS, Sept. 11.—(AP)—C. G. Gillette, 78, Josephine county judge from 1912 to 1920 and from 1926 to 1932, died at his home here yesterday after a long illness. Funeral arrangements have not yet been made.

Mr. Gillette was judge during the "building" era of the county. During his administration the present courthouse was constructed, miles of road built, road oiling started, fairgrounds buildings and county hospital erected, airport laid out, and Cavean bridge across Rogie river here built.

He was once a resident of Umatilla county, coming here in 1908.

He is survived by his widow here and four children: Linwood of Detroit, Mich.; Carroll of Monroe; Burns of Salem, and Hazel Slade of Eureka, Calif.

LIBERAL LEADERS FAVOR ROOSEVELT

CHICAGO, Sept. 11.—(AP)—The national conference of progressive leaders today adopted a resolution endorsing the candidacy of President Roosevelt.

A spokesman for Senator Robert M. LaFollette, chairman of the conference, said the vote was unanimous.

OTTAWA, Ont., Sept. 11.—(AP)—Between \$40,000,000 and \$50,000,000 of new money will be set into circulation as a result of the Canadian government's decision to extend its housing plan to include financing of low cost dwellings and remodeling of old ones. It was estimated today. The amount is about one-tenth of the sum put into circulation by a similar plan in the United States.

Ex-Magnate Shot

Harry E. Byram (above), 72, former president of the Chicago, Milwaukee, St. Paul and Pacific railroad, was mysteriously shot in the head at his home at Westport, Conn. His son-in-law, Donald Burdick, was held. (Associated Press Photo)

WALLA WALLA, Wash., Sept. 11.—(AP)—A prison warden's answer to a mother's tearful prayers gave 21 extra hours of life today to Leo Bernard Hall, condemned to hang for murder in the Erlands Point sextuple killings.

It was the second delay within a few hours, resulting from the applications of Hall's mother, Mrs. Elizabeth Hall of Seattle, that she be allowed to see him before he paid for the murder of Eugene A. Chenevert, one of the six slaughtered at Erlands Point March 28, 1934.

Warden J. M. McCauley postponed the hanging once from 12:10 a. m. to 2 a. m., upon instructions from Gov. Clarence D. Martin at Olympia, who said Mrs. Hall was flying to the prison.

Everett O. Butts, Seattle, Hall's attorney, made a dramatic appearance at the prison and begged the warden to wait until Mrs. Hall had seen the prisoner.

"The execution will be postponed until 11 o'clock tonight," the warden (Continued on Page Four.)

State Baking Act Enjoiner Refused

PORTLAND, Sept. 11.—(AP)—An injunction suit, asking that the 1935 state baking act, which was dismissed by Circuit Judge Kanzer.

C. N. Nombell, the plaintiff, contended the law, which requires him to be licensed by the state and subjects his bakery to regulations of the bakery board, unlawfully confers legislative powers to a non-elective body.

Income Shares
Maryland fund, bid 9.88; asked 10.69.
Quarterly income, bid 1.75; asked 1.92.

Visit to San Sebastian Reveals Heavy Tension

By HAROLD ETLINGER
(Copyright, 1936, by United Press.)
SAINT JEAN DE LUZ, France, Sept. 11.—(UP)—I went to San Sebastian this afternoon on the French warship Alcyon, and five minutes after landing was arrested and held for three and a half hours before I was allowed to return to the ship.

Other reporters with me also were arrested. Maurice Leroy of the Paris Soir, was charged with being a fascist spy. He was released after being questioned and after French authorities had interrogated with Governor Antonio Ortega.

EXHIBITS, SPORTS WILL DRAW HUGE THROG FOR DAY

Annual Parade Set for 10 A. M., Sports Program Starts 1 P. M.—Barbecue and Dancing in Evening

Saturday Morning
10:00—Parade of floats, pets, etc.
12:00—Benches available for picnickers; bunch stands on grounds.

Saturday Afternoon
1:00—Races and sports program.
2:30—Donkey ball game at ball grounds.
5:00 to 8:00—Free barbecue at city hall grounds.
9:00—Dance at Gold Hill pavilion. Music by Silva's dance orchestra.

Registrations started today for the Northwest Jackson County Fair, which will be held in Gold Hill starting at 10 o'clock tomorrow morning. With the fair to be the only one in the county this year, and with special features added to what was considered an excellent program last year, a crowd of several thousand from all parts of the county is expected.

Every man, woman and child in Gold Hill is cooperating. The annual fair, now in its fourth year, has come to be recognized as the major civic project of the little town, and this year they hope to show their hospitality to an even greater throng than attended last season.

Tomorrow's program will start off with a parade at 10 o'clock, with floats, bands, marching units, costume marchers, decorated automobiles, decorated bicycles, clowns and other features. One feature of particular interest last year that will again be held is the pet parade for children. Animals ranging from tiny kittens to full grown goats will be marched through the town.

Craters To March
The Medford Crater club will march in the parade, and a representation will be on hand from the Grants Pass Cavemen.

Exhibits will be open all day, and (Continued on Page Eleven)

DUNNE ORGANIZES AUTO ASSOCIATION

PORTLAND, Ore., Sept. 11.—(AP)—Joe E. Dunne, former president of the Oregon State Motor association, said today he and his associates had formed a new automobile organization known as "The Motor Club," with Charles Gunther, formerly connected with the Oregon unit of the AAA, in charge of sales.

Dunne said the club would publish a magazine. One feature of particular interest last year that will again be held is the pet parade for children. Animals ranging from tiny kittens to full grown goats will be marched through the town.

He said the club's papers already had been approved by the state insurance department at Salem and that as soon as 6,000 members are obtained a state charter would be granted.
