CHICAGO, Sept. 11.—(AP)—Gov. Alf M. Landon of Kansas arrived today for a few hours' visit with Illinois Republican leaders, en route to Portland, Me., where he will close the Maine state campaign with an address tomorrow night.

The Republican presidential nominee's special train was an hour late. A trainload of cheering fans and he waved to it from the rear platform before joining Raymond Benjamin, assistant to national chairman John Hamilton, and George F. Harding, Illinois Republican national committeeman, for a drive to Harding's home. There he had luncheon and conferred with city and state leaders.

The presidential candidate shook hands with a large number of persons who cheered him.

One of his admirers identified himself as "an old Bull Mooseer."

"That's right," said Gov. Landon. "We Bull Mooseers have got to stick together."

"I am very glad to be on my way to contribute to the state campaign which I believe will end in the repudiation of the present national administration by the voters of Maine next Monday," the Republican nominee told newsmen.

### D'MASSEY FACING TILLAMOOK QUIZ

PORTLAND, Ore., Sept. 11.—(AP)—One of Oregon's two major searches for men wanted for questioning ended here with the capture of Frank DeMassey, 21, owner of the car which figured in an attempted robbery of a safe at Tillamook two weeks ago.

Robert Russell, driver of the car, was shot to death in a highway battle with police a few hours after the incident.

Lieutenant Dick Williams of the state police said DeMassey admitted he was Russell's companion. A man riding with Russell escaped into the woods.

DeMassey was returned to Tillamook today. He was booked here as a fugitive from that city.

The other search recently occupying Oregon peace officers involved the Brito brothers, wanted at Yreka, in northern California in connection with a triple slaying.

### EPITAPHS ANNOY ENGLISH CLERIC; CENSOR SOUGHT

LONDON.—(UP)—The Rev. J. W. Huxley-Williams, vicar of Christ Church, Fulham—a London suburb—spent his time while in the cemetery waiting for funerals to arrive reading the epitaphs and they shocked him.

He was so moved that he wrote in his parish magazine protesting against the "collection of nonsensical doggerel on the headstones."

"How some of the inscriptions passed the censorship of the local authorities I cannot imagine," he continued. He added that they appeared to have been taken from the undertaker's stock book of sentimental quotations and were without any pretension to good English or correct representation of Christian teaching.

To save the cemetery from the "ridicule of posterity" he suggests that in the future inscriptions should be culled from the Scriptures or else the local clergy should be consulted.
