SECOND CHARGE OF THEFT FACED BY EUGENE MAN

Richard Sherrill Doty's alleged penchant for taking other people's property landed him in city jail yesterday morning on the second "burglary not in a dwelling" charge he has faced since Labor Day, city police reported. The 24-year-old barber, who gave his home as Eugene, was arrested at 2:45 a.m. yesterday as he was emerging from the rear door of Fredette's card room, 116 East Main street.

In his possession was found \$19.88 in silver money and \$40 in paper money allegedly taken from the card room, police reported. He was held in jail, appeared before Peace Justice William R. Coleman this morning, waived preliminary hearing and was bound over to the grand jury on \$1000 bail.

Doty, who is no relation to the Medford family of the same name, signed a confession stating that on Labor Day, while in Klamath Falls, he entered a beer parlor during the night, broke open two pin-ball machines, and left with about \$20 in nickels, police stated. The next day, his reputed confession was quoted as saying, he was spending the nickels freely when arrested by Klamath Falls police. He waived preliminary hearing there, appeared before Judge Asturist, and was sentenced to two years in the Oregon penitentiary, records show. He was paroled to District Attorney Hardin Blackmer, he said.

Saturday he left Klamath Falls for Eugene, arriving here on a stage about 9 p.m. He said he entered Fredette's played cards, drank beer and conceived the notion of hiding under a card table until after the store was locked up for the night, police quoted him as saying.

He admitted coming out from under the table after the place was closed, and searching for the keys to the pin-ball machine, police said. A city officer saw him through the window, summoned another officer, and the two met him as he came out the back door, the police record shows. After the silver money had been found in his possession, he did not reveal that he had the \$40 in paper money, he said, because "I knew the jig was up and if I could save the money I was that much to the good," according to police.

City police said that he admitted taking \$10 from the till of the Klamath Falls hotel in which he had been staying, but that he had been caught. He was released when he returned the money to the hotel keeper, officers here quoted him as saying.

Redecorating of Multnomah Hotel Is Now Underway

PORTLAND, Ore., Sept. 21.—(Spl.)—Building permits in Portland show an increase of 142 per cent over the same period a year ago, according to a recent survey by the chamber of commerce. Included in major projects is a remodeling and redecorating program for the Hotel Multnomah which in-

cludes complete redecoration and refurbishing of the famous Arabian room for the winter season of the Hotel Multnomah Supper club, as well as general redecoration and new plumbing installations throughout the hotel.

The objective is to keep the hotel's famous architectural and decorative motifs in step with modernistic trends being followed by the nation's larger hotels.

"Increased travel over the entire country this year has been reflected in a very gratifying patronage for the Hotel Multnomah," said Earl McInnes, managing director.

"We believe that materially improved business conditions justify a major improvement program on our part at this time."
