MEDFORD MAN KILLED WHILE HUNTING

News Behind The News
 Copyright, 1936, By Paul Mallon
 WASHINGTON, Sept. 22.—Certain administration agencies are growing in an undertone about not being able to get enough money in the budget for next year, which is now being prepared. One independent commission has had its estimates thrown back twice now for reductions. Another has been told to cut its estimate 10 per cent.

In fact, all departmental budget officers expect those of the army and navy are complaining, although not officially, of course, because they dare not speak their minds. (The army and navy are going to be allowed further increases over this year's record allowance of \$920,000,000.)

This inner bickering is a natural part of budget making, but what makes it appear important this year is that the complaints have been stirred by inside word that President Roosevelt has issued general cutting orders to his budget-maker, Dan Bell.

Lamentations among the spenders seem to be too sincere to justify suspicions that they are putting on an act for campaign purposes. At the same time, they know as well as anyone that such a situation is commonplace under Mr. Roosevelt's administration, and that their grief may be premature.

A skeptical non-partisan outlook on the prospects must note these following factors up front in the fiscal foreground:

(1) The size of the budget will be determined largely by relief needs and appropriations. No one now can have the slightest idea what these will be for the next budget year, which begins next July 1. The assumption is general that the need will be less, but nobody knows how much.

(2) The cuts now being made in confidential negotiations affect only the regular departmental expenses, which amounted to only about 3 per cent of this year's total expenditures, excluding the army and navy. Thus, they cannot be considerable, and may not show a net reduction when balanced with the increases for national defense.

Significant in this respect was the announcement last week by Treasury Secretary Mudgett that no news about the budget will be given out officially before election.

SIDE GLANCES

by TRIBUNE REPORTERS

Lee Williams mounting a meat scale in front of a sporting goods store, then hoisting himself up on it 50 feet in efficacy, and glad to report he doesn't weigh 400 pounds.

Barbara Drury flashing her book larnin' this morning by opining that the "empti" of the country must be filled up with rubes about now, and the reporter, fumbling for a counter attack, finally producing the weak-need observation that the "rads" of the colleges would also be filling.

Bill Hulen, Ashland sports scribe, telling about a football player: "He's a swell guy, really. Of course, he's always getting sore in a game and punching someone in the nose, but he's as nice a kid as you'd want to know."

HANKOW, China, Sept. 22.—(AP)—Two hundred Japanese marines landed here today.

The detachment, reported to be part of a permanent patrol, came from Japan aboard destroyers because of the slaying Saturday of a Japanese consular policeman.

By GLENN RABB Associated Press Foreign Staff
TOKYO, Sept. 22.—(AP)—Detachments of Japanese marines, specially trained as landing parties, sailed today for China to protect Japanese residents and interests against demonstrations by hostile Chinese.

Emperor Hirohito and Foreign Minister Mochiro Arita conferred together at the imperial palace on alleged "anti-Japanese terrorism, which yesterday resulted in official orders for the expedition to China.

Officials and the Japanese press guarded carefully the name of the port from which the marines embarked. It was understood, however, the detachments left from Sasebo on Kyushu island, 24 hours sailing from Shanghai.

High Japanese officials, moved to action by what they termed "rampant" attacks on their nationals in China, ordered the expedition.

MUSSOLINI ORDERS ITALIANS TO BOLT GENEVA CONCLAVE

Withdrawal From International Parley on Broadcasting Seen Due to Anger Over Ethiopian Question

By Joseph E. Sharkey Associated Press Foreign Staff
GENEVA, Sept. 22.—(AP)—Premier Benito Mussolini, in what Geneva considered a gesture of defiance, ordered the Italian delegation to bolt the international conference on broadcasting here today.

M. Dimechis, head of the Italian delegation, wrote to the president of the congress, expressing regret he was no longer able to participate in its work.

Italian circles said the withdrawal was a manifestation of Italy's displeasure over the way the assembly is handling the Ethiopian question.

The development came after belittled league statesmen, impressed by a smaller power revolt against encroachment of Ethiopia, had decided to ask the world court if that former African kingdom now is Italian.

Agreement to take this historic step was unanimous by the credentials committee of the league assembly. The assembly itself must act on the recommendation.

ROOSEVELT APPOINTS COMMITTEE TO STUDY VOCATION EDUCATION

HYDE PARK, N. Y., Sept. 22.—(AP)—President Roosevelt named today a committee of 18—headed by Dr. Floyd Reeves of the University of Chicago—to study the need for an "expanded program" of federal aid for vocational education.

Serving with Dr. Reeves, professor of education at Chicago, will be representatives of four government departments and the Tennessee valley authority, and private authorities from the fields of labor, agriculture, home economics, industry, education and vocational rehabilitation.

The study is an outgrowth of passage by the last congress of the bill of Senator George (D. Ga.) authorizing an increase over the next few years of more than \$10,000,000 in federal contributions to the states for vocational education. The act will become operative next July 1, but congress will have to appropriate the additional funds first.

In a letter to the committee membership made public today, the president pointed out that when he signed the bill he indicated a belief that before it took effect the "whole subject should be reviewed by a distinguished group."

Ward Beene, popular young Medford banker who has been chief clerk of the Medford branch of the First National bank of Portland since last December 1, has been promoted to the auditor's department of the Portland headquarters. It was announced today by Eugene Thorndike, manager of the local branch.

"Beene planned to leave this afternoon. He has been with the First National here since 1932 and prior to that was connected with the Jackson County bank. He has been prominent in the Rogue Valley Golf club and is considered one of the better players in that organization.

Thorndike said today: "Beene has been one of our best men. We regret to see him go but realize that he is stepping into greater advancement." Beene will probably be sent all over the state to do auditing work in the various branches, Thorndike said.

Screaming Woman Creates Scene At Frank Knox Meet

LOS ANGELES, Sept. 22.—(UP)—A woman was taken screaming from the Shrine auditorium during a political speech by Frank Knox, Republican vice-presidential candidate, after she jumped to her feet and shouted:

"He's a liar! He's a liar!" Police said she attempted to drink iodine. She was apparently unconscious when she was dragged into the aisle and taken out in a stretcher. At the Georgia street receiving hospital she gave her name as Matel West, 39. She said she was on her way from San Diego to her home in Philadelphia. Hospital attendants said she would be held for observation.

DART GAME HELD LOTTERY IN HIGH COURT'S OPINION

SALEM, Sept. 22.—(AP)—A dart game is a lottery in violation of the state constitution and the legislature has no power to authorize such a game, the state supreme court held here today.

The opinion was written by Justice Rand and upheld the conviction of M. Schreiber of Marshfield for the operation of such a game.

A special concurring opinion was written by Justice Rosman. "The question of what does or does not constitute a lottery has been before this court in numerous cases and the law upon the question is well settled by the decision of this and other courts," the opinion read.

"It is settled that the word 'lottery' as used in the constitution of this state, has no technical, legal significance different from the popular one and the word is to be given the meaning generally accepted and in popular use at the time when the constitution was adopted.

"The whole evidence shows that the game was played for money or merchandise offered as a prize in consideration of money paid by each player of the game and that the result of the game, in so far as the winner is concerned, was wholly a matter of chance and not the result of any skill, knowledge or foresight upon his part and, as such, constituted a lottery within the prohibition of the constitution.

Hitler Will Become Merely 'Der Fuehrer' Is Word in Germany

BERLIN, Sept. 22.—Germany pondered today a widely-circulated report Adolf Hitler may resign as Nazi chancellor and retain the simple title of "Der Fuehrer" (the leader).

The same report mentioned Col. Gen. Hermann Wilhelm Goerring as Hitler's possible successor.

Persons in authoritative circles refused to comment on the predictions, confining their expressions to an evasive "we have not heard of it."

However, the persistency with which the report has cropped up again and again and the divers and cautious quarters from which it emanates has led some observers to believe there might be an actual basis for the forecast.

Before assuming power, the reichschancellor often told his supporters: "I am merely your torch bearer. You must close in behind me and attend to the details."

GULLS FEAST ROYALLY AFTER TROPIC STORM

COHASSET, Mass., Sept. 22.—(AP)—South shore seagulls were concluding today one of the most extensive banquets ever to fall to their lot. Thanks to a hurricane.

Hundreds of lobster pots were destroyed by the week's hurricane. The pots were driven up and smashed upon the shore to provide a succulent feast for the gulls as lobsters mourned the loss of \$25,000 worth of equipment.

MARTIN PLEDGES STATE'S AID FOR RAILWAY PROJECT

Banwell Made Permanent Chairman of Organization to Push Southern Oregon Railroad Line to Pacific

By CLAYTON V. BERNHARD Associated Press Staff Writer
SALEM, Sept. 22.—(AP)—Spurred by Governor Martin's pledge he would throw the power of the state back of the development of southern Oregon 34 representatives of that section and others interested in projecting railroad construction moved to effect a permanent organization at the executive's called session here today.

Immediately upon the unanimous selection of A. H. Banwell of Medford as permanent chairman, he appointed an organization committee of five to report back at the afternoon session its final plans for a thorough study of the several building proposals for which attention of the interstate commerce commission will be requested.

Urges All Co-operate.
 Governor Martin opened the meeting with a short address in which he urged that if the railroad plans were found feasible the support of the entire section, without prejudice, must be put behind the development.

"Far-seeing men such as the sponsors of these four railroad proposals should have the support of the communities," Governor Martin declared. "We should rush out to meet them enthusiastically and show them Oregon has the spirit."

"I am going to do everything in my power to aid the development of central and southern Oregon. And I am the best salesman you ever saw."

Major Farm Address On Landon Program Tonight

ABOARD LANDON TRAIN IN MISSOURI EN ROUTE TO DES MOINES, Sept. 22.—(AP)—Gov. Alf Landon told Missouri crowds today that the nation's voters "demand that the political exploiters who are attempting to buy political support by swapping relief for votes shall themselves be removed from the public payrolls."

The Republican candidate for president traveled across northwestern Missouri on his way to Des Moines for a major farm address tonight.

"Our people . . ." he said, "want the needy unemployed among our citizens to have the helping hand of government extended to them until they can get real work again at the best of good wages. But they want the administration of relief to be made honest and effective. They want it purged of waste, incompetence and absurdity. And they de-

DEATH CAR DRIVER IS HELD TO FACE SERIOUS CHARGE

Maurice J. (Jimmy) French, driver of the auto in which Mrs. Edith Barry, 23, of Adel, Ore., was killed last Saturday night in an accident on the Pacific highway near Jackson Hot Springs, is held in the county jail, and according to the district attorney's office, faces a manslaughter charge.

Deputy District Attorney George W. Nelson said he would recommend this action and that a formal charge would probably be filed today. The deputy district attorney said the findings of the coroner jury would be filed and bonds in the sum of \$2500 sought.

A coroner's jury sitting at Ashland yesterday afternoon, returned the following verdict:

"We, the coroner's jury . . . find that Edith Barry met death by an automobile accident on the Pacific highway north of the Jackson Hot Springs, Saturday, September 19, 1935, the said automobile being driven by a driver who had been drinking too much liquor and was traveling at an

Janouch, supervisor of the Rogue River national forest service. Mr. Janouch said there were nearly 50 hunters' camps along the divide.

The forest service issued a stern warning about the careless handling of fires on the forest. It was stated that fire hazards are now at their peak, the weather yesterday being described as the worst for the year to date so far as fire dangers were concerned.

ENVOY'S SISTERS REPORTED KILLED BY LOYAL FORCE

Montevideo Takes Quick Action On Reported Execution of Three in Madrid — Missing Eight Days

MONTEVIDEO, Uruguay, Sept. 22.—(AP)—Uruguay, angered by the reported execution of three sisters of a Uruguayan diplomat in Madrid, severed relations with Spain today. The diplomatic break was announced following a cabinet meeting which considered dispatches describing the alleged killing of Dolores, Consuelo and Maria Aguilar, sisters of Montevideo's consul in the Spanish capital.

The reported killings, government sources said, demonstrated the Madrid administration could not control the actions of its militia.

Reports to the foreign ministry stated the sisters were executed by government militiamen. Their brother now is in Hondaya, France.

The reports to Montevideo indicated the sisters disappeared eight days ago. Their fate was a mystery until yesterday, when, a Uruguayan official statement said, their bodies were found with those of other persons executed by the militia.

GOLF, COUNTRY CLUB CONSOLIDATION PLAN TOPIC FOR MEETING

Members of the Rogue Valley Golf and Country club and the Medford Town club will meet tonight in the Medford Hotel basement at 7:30 to work out plans for consolidation of the two organizations and construction of a club house at the Rogue Valley Golf club.

It is felt that the consolidation of these two organizations will give Medford entertainment facilities comparable with other cities of this size on the coast. There has been a long felt need for an up-to-date club house at the local golf course, sponsors of the move point out. Much interest has been expressed in the venture and the way is now open for final development of the plans and program.

Medford is widely known for its fine golf course, many people making it a point to stop in Medford over week-ends in order to enjoy playing at the local club. There has been an average of approximately 1200 out-of-town visitors a year taking advantage of the local course. It is an asset that Medford cannot afford to overlook. The new plans will make possible a reduction in dues, as well as offer more facilities to visitors and local members.

All members of the two organizations are urged to attend this meeting.
