

DRASTIC CHANGES CONTEMPLATED IN MARINE SUBSIDIES

System of Direct Help Without Linking Mail Service Under Consideration of Government Leaders

Among changes being considered by the postoffice department are:

1. Elimination of the "time differential."
2. Elimination of the "weight differential."
3. Elimination of the "distance differential."

Current postal regulations give American ships a leeway of 48 hours. For example, an American vessel sailing a day and a half later than a foreign ship is considered eligible, technically, to carry mail which could have been sent on its rival.

Certain ships not under special mail contract are paid so much per pound but there is a wide range now between postage rates allowed foreign vessels (fixed by the Universal Postal Union) and those paid American vessels.

U. S. Ships Get More

Foreign ships, for example, carrying mail from North America to Europe, receive 21 cents per pound for letters and postal cards. For carrying the same mail the same distance American ships receive 64 cents. The higher rate, postal officials said, has been given largely as a government subsidy.

"I anticipate, however," Harlee Branch, second assistant postmaster general, said, "that when the new commission has been able to provide the new direct subsidies there'll be no need for further aid in any form through the postoffice department."

A "very substantial" saving would be reflected on the postoffice department's books should the two differentials be eliminated, Branch said.

Special mail contracts will be terminated and mails will be carried on a poundage basis.

Everyday Cooking Miracles

BY VIRGINIA FRANCIS
Director Hospital Electric Cookery Institute

Ask the man of the family what he'll have for dinner and likely as not he'll say "pie!" Apple pie, peach pie, custard pie—they're all on the list, but come a breeze off the backyard grape arbor this time of year, and he's likely to reminisce—"grandmother used to make a luscious grape pie—thick, pulpy

This grape pie tastes "like grandmother's."

ture-controlled process as pies and cakes are baked; whole complete meals are baked in the electric oven while Mrs. Homemaker may be downtown selecting her new fall outfit; delicious soups may be made in the Thrift Cooker overnight while the family sleeps peacefully on double boilers for surface cooking.

ery have been replaced by ordinary saucepans and accurate heat-controlled surface units; fresh flowers and fruits will even stay fresh when placed in a bowl on the insulated working top of the range. We can enjoy these simple time-saving methods of cooking, and still rival grandmother's taste-telling results!

Now for the recipe for a pie which lives up to everything which has been said about it!

Grape Pie

4 1/2 cups cord grapes
1 1/2 cups sugar
3 tablespoons flour
1/2 teaspoon salt
Dash salt
1/4 teaspoon cinnamon

Remove pulp from grape skins. Reserve skins and summer pulp gently over surface unit until seeds are loosened—about 10 minutes. Rub through a sieve, then combine sieved pulp and grape skins. Mix together all remaining ingredients and stir into the grape mixture. Cook, stirring constantly, until mixture thickens. Cool, and pour into an unbaked pie shell. Top with strips of pastry crossed lattice-like. Place pie in center of cold electric oven. Turn switch for baking. Set temperature control to 375-400° and bake approximately 40 to 60 minutes.

BANKERS IN FAVOR CURB ON SPENDING OF PUBLIC FUNDS

McNARY WILL SPEAK AT HIGHWAY MEETING

SAN FRANCISCO, Sept. 25.—(AP)—Resolutions declaring federal, state and local government expenditures "should be brought more definitely under control," bore approval today of the American Bankers' association as some 3,800 delegates to the organization's 62nd annual convention started homeward.

Expressing confidence in the "fundamental credit of the United States of America," the resolutions called for a return to balanced governmental budgets.

"While unusual circumstances and necessary efforts to relieve human suffering and deprivation, under emergency conditions, may justify unusual expenditures of public funds, they should not be allowed to obscure the vital fact that a definite return to a balanced budget should be the prime consideration of a sound fiscal policy," one resolution stated.

The report of the resolutions committee endorsed immediate steps to coordinate federal, state and municipal taxes, and eliminate "overlapping."

"The uncertainty and hesitation continually created by the flood of new taxes and by frequent changes in the form and effect of old taxes have a serious and destructive effect upon business activity," the report declared. "Taxes should be standardized in form."

PAROLE OFFICER GIVEN HAMILTON CASE FACTS

State Parole Officer E. M. Duffy of Salem spent today in the city on official business and was made acquainted with certain facts and circumstances in the pardon application of LaVerne Hamilton, Jackson county youth, who has served eight years of a 15-year prison sentence for robbery committed in this county.

Hamilton's application for a pardon, accompanied by recommendations to that end from officials, is expected to be presented to the governor tomorrow.

Hamilton was sentenced May 2, 1929.

Meat, Fish Market To Open Saturday In Piggly Wiggly

Piggly Wiggly will celebrate the opening of Roy Guyer's new Economy Meat and Fish market in their store Saturday with a special demonstration and sampling of Laido cheese coffee and wieners. The addition of the new meat department will make Piggly Wiggly a complete feed store, according to Bruce Babb, Piggly Wiggly manager.

Mr. Guyer has been associated with the meat business in Medford since 1910. The new market is just one door east of the old Economy Meat & Fish Co. New Pridaire units have been installed, giving the Economy complete equipment for properly aging and displaying meats. Only the finest quality meats, fish and poultry will be offered, according to Mr. Guyer.

Build Homes in Salem

SALEM, Sept. 25.—(AP)—Five permits for construction of homes brought Salem's home-building program this year to an even 100, city officials reported. Despite the building program, many incoming families are finding desirable homes hard to find in the capital city.
