GIANTS WIN 5 TO 4 IN EXTRA INNING

By PAUL MALLON
WASHINGTON, Oct. 5.—Mortality prospects of the reconvening supreme court are not encouraging to those who expect it to be reorganized by deaths and new appointments during the next four years.

In words, this means the oldest justice has an insurance expectancy of outliving the New Deal even if it gets a lease of four more years. This justice, furthermore, happens to be the leading advocate for some of President Roosevelt's constitutional interpretations.

Equally pointed, is the inside news that the only two justices ailing during the recess are among the so-called minority. Their passing would be of no help to Mr. Roosevelt.

Note.—The table also shows five justices have passed the retirement age of 70, and a sixth has reached it. However, all expectancy of voluntary retirements has long ago been abandoned.

Dope books of court rail birds indicate that at least one more New Deal move may be overturned by the court during the session. Odds are against the government in the Wagner labor case.

The old question of whether manu-

RAIN WRITES FINISH IN COAST FIRE PERIL
PORTLAND, Ore., Oct. 5.—(AP)—Cloud-swept skies of western Oregon dumped buckets of rain on a thirsty country over the week end, bringing almost definite end to the fire peril.

Sluggers Sought. ROSEBURG, Oct. 5.—(AP)—State police and sheriff's officers are conducting a county-wide search today for three women and a man, traveling in a blue sedan, bearing a Washington license, who are reported from the office of Sheriff Percy Webb to have slugged and beaten Frank Hathaway, farmer, who resides near Cougar creek in the Tye district, west of Roseburg.

WOBBLING GIANTS SAVE CHANCE FOR SERIES LAURELS

Long Fly by Terry in Tenth Frame Scores Moore With Winning Run—Crowd Is Tense As 'Clutch' Comes

By EDWARD J. NEIL
Associated Press Sports Editor
YANKEE STADIUM, NEW YORK, Oct. 5.—(AP)—Bill Terry's long outfield fly scored Joe Moore from third in the tenth inning of the fifth game today to give the Giants and Hal Schumacher a dramatic, trouble-plagued 5-to-4 victory, prolonging the world series. The Yankees lead in games, 3 to 2, as the scene shifts tomorrow to the Polo Grounds.

The wobbling Giants saved their chances for the world's championship after first losing opportunities to end the game and then vainly staving off a Yankee rally in the ninth.

Rally Falls Short
With the score tied, 4 and 4, Pat Malone, who replaced Red Ruffing for the Yankees on the mound in the seventh, led off with a single past Travis Jackson, Giant third baseman, but he was forced at second by Crosetti's bunt, the batter being safe.

Rofe scored Crosetti but beat the relay to first and Di Maggio walked. With two out and two on base, Columbia Lou Gehrig came to the plate. Schumacher got strikes past him on the first two pitches and then threw three balls.

With the crowd so tense one almost (Continued on Page Eight.)

FASCISTS IN TOLEDO DIRECT NEW BARRAGE AGAINST LOYAL ARMY

By RICHARD G. MASSOCK
(COPYRIGHT, 1936, by the Associated Press)
TOLEDO, Spain, Oct. 5.—(AP)—Victorious fascists holding Toledo began a new barrage on socialist Milan today, shelling a government encampment east of the Alcazar city.

Fresh fighting broke out after week-end skirmishes between insurgent patrols and government troops at the field training quarters of the former military school two and one-half miles from the city's eastern boundary.

Insurgent artillery poured shells into the camp where 200 socialists were estimated to have congregated. Moorish legionnaires added machine gun and rifle snugs to the barrage.

CURB FOR FASCISTS EXPECTED RESULT OF BATTING IN PARIS

PARIS, Oct. 5.—(AP)—Speedy suppression of French fascist groups by the socialist government was predicted today after belligerent political foes battled through the city's streets.

"Organized combat" by fascists attempting to break up a communist meeting, informed sources declared, had shown the new social party to be a military league rather than a political organization.

Street rioting—characterized as "the worst in many years"—transformed the area near the Parc des Princes into a shambles yesterday and brought 12,000 policemen and mobile guards into action as the political battlers surged in attacks and counter-attacks.

Fifteen hundred persons were jailed temporarily, although all but a few were released later after the fighting had been halted by energetic and strong armed guards.

The series of running fights—in which heads were cracked, property damaged and Sunday peace shattered completely—started when communists took over the park for a rally.

Fascists previously had declared they would hold a session in the same location, but the communists got up early and got there first.

FEDERAL OFFICERS COMING FOR COURT

Federal officials headed by Federal Judge James A. Fee of Portland are scheduled to arrive late this afternoon by auto for opening of the annual term of the federal court for the southern Oregon district here tomorrow at 10 a. m.

Besides Judge Fee, the official party includes United States Attorney Carl G. Donagh, United States Marshal John T. Summerville, and Clerk of Court Arthur S. Kenyon.

DEVALUED LIRA AND NEW TAXES EDICT OF DUCE

Sweeping Financial Decree Sets Capital Levy On Property Owners—Taxes Stock Dividends, Profits

NEW YORK, Oct. 5.—(AP)—Financial circles, welcoming the lira into the family of readjusted monies, said today devaluation of the currency was another step in Europe's progress toward monetary and world trade recovery.

By Andrew Herding
Associated Press Foreign Staff
ROME, Oct. 5.—(AP) Premier Mussolini reduced the value of the Italian lira 41 per cent today in a sweeping financial decree approved by the cabinet.

The new value of the Italian monetary unit was set officially at 19 to the United States dollar and 90 to the British pound although the lira's gold content was registered at 92.46 to the pound.

The cabinet also approved a capital levy on property owners who were required to subscribe to a loan to the extent of 5 per cent of the valuation of their property.

Dividends Taxed
In addition, ordered new taxes on stock dividends and company profits, prohibited price rises or increases in public service rates and decreed a 65 per cent reduction in customs duties for grain and cereals.

(The premier's action fixed the value of the lira at approximately 22 cents as compared to 7.6 cents, the closing quotation on the New York foreign exchange market Saturday.)

(Mussolini, in effect, has restored the ratio which existed between the lira and the dollar before the United States set the dollar to approximately \$.59 in exchange.)

(Thus, the Italian currency, meeting the 41 per cent devaluation of the United States currency, was devalued 41 per cent.)

Currency Increased
Devaluation gave the government and the bank of Italy an estimated 2,000,000,000 lire increase in paper currency to add to estimated gold and foreign currency holdings of 3,000,000,000 lire.

"If Duce examined the Anglo-French-American declaration preceding the alignment of the franc and declared he agreed with the conception that economic recovery of the world is one necessary condition for collaboration among peoples looking toward peace," the communique declared.

HUGO BEZDEK OUSTED AS PHYSICAL DIRECTOR

STATE COLLEGE, Pa., Oct. 5.—(AP)—The athletic policies of Hugo Bezdek, director of the school of physical education at Pennsylvania State college, led to his removal Saturday.

Bezdek, connected with the University of Oregon in 1905 and again from 1912 to 1918, was given a leave of absence for a year with salary after a special committee of trustees said a "want of confidence" had developed in his leadership.

His Hit Helps

LEGION DELIVERS 12 TONS PRODUCE TO BANDON FOLK

Approximately twelve tons of produce, assembled from Rogue valley people for the fire stricken city of Bandon, has been delivered to the city and is now being canned to aid in the feeding of hundreds of people through the winter, according to Lee Garlock of Medford who, with Earl Foy, George Gates and several others, accompanied the three trucks which took the offering to the burned city.

Shortly after the first plea for offerings had been sent out by the American Legion here, apples, pears, onions, potatoes, carrots, cabbage, turnips, A half-ton of tomatoes and a ton of squash had been brought to the supply depot established here.

The 12 tons of stuff was hauled in trucks donated by the C. E. Gates Auto company, the Foster-Kleiser Sign company, and the Southern Oregon Sales, fruit company. An extra 1500 pounds that could not be crowded onto the three vehicles was carried free of charge by the Pierce Auto Freight company.

One ton was dropped at Coquille, where many Bandon refugees have taken up shelter. The Coquille Legionnaires and other officials are feeding everyone in need free of charge. At Bandon the produce is being canned in favor of using food now on hand that can not be preserved.

A hearty word of thanks was sent back to Rogue valley residents who made the offering, according to Garlock, who said that the gutted town would be faced by horrible privation throughout the winter unless similar offerings are made by other sections of the state. The citizens of Oregon have come splendidly to the aid of the victims, he said.

Rehearing Requested on Women's Minimum Wage

WASHINGTON, Oct. 5.—(AP)—Contending that the law should "meet changing economic conditions," Massachusetts asked the supreme court today to reconsider its decision of last June 1 holding unconstitutional the New York law establishing minimum wages for women.

The court probably will announce next Monday whether it will grant a rehearing requested by New York state. Reconsideration seldom is granted.

In a brief filed as "friend of the court," Attorney General Paul A. Dever said that "probably no decision in recent years has so affected the entire working population of America and the millions of their dependents by depriving them of \$60,000,000 pro-

4 CCC COMPANIES ADDED FOR WINTER DUTY IN DISTRICT

24 Companies, in Addition to Headquarters, Will Make Up District—Some Men Returning to Midwest

Twenty-four companies, in addition to Headquarters detachment, will make up the Medford CCC district during the winter period, according to Major George H. Owens, district commander.

This will represent a gain of four companies over the summer period. Definite plans for most of the camps have been announced, but the final disposition of one or two is still in doubt.

Although there will be a change in companies, Camp Prescott on Roxy Anne will be continued as a full-strength camp.

Disband Five Companies. Five companies from the sixth corps area are being disbanded and the men returned to the midwest to be assigned to other companies, but their places will be taken by new companies being formed in the seventh and eighth corps areas. The companies being disbanded are Co. 1822, Sitkum, Co. 1634, Annie Springs, Co. 1642, South Fork, Co.

NINE INJURED IN AUTO COLLISION MAKING RECOVERY

The nine persons injured in an auto crash four miles north of Central Point on the Pacific highway Saturday evening were reported recovering today. C. C. Robbins, of Gold Hill, driver of one of the cars, was the most seriously injured, suffering a fractured pelvis and numerous cuts and bruises. He is at the Community hospital but his condition is not considered critical by Dr. R. W. Stearns, physician. Mrs. Robbins, who sustained serious cuts on head, arms and legs, is also confined in the hospital.

Mark Atwell, of Grants Pass, driver of the other machine, incurred a fractured knee and minor cuts and abrasions. He has been transferred to a Grants Pass hospital. June Robbins, 13, daughter of Mr. and Mrs. Robbins, sustained a broken ankle but is recuperating at home.

Other Robbins children riding in the car at the time of the accident, Stanley, 11, Joyce, 9, Winston, 4, and Neil, 2, received minor injuries but have returned to their homes. Mrs. Rose Hanson also of Gou Hill, mother of Mrs. Robbins, who was also an occupant of the car, was bruised and suffering from shock but is recovering at home.

Mrs. Ora Niedermeyer, who was knocked down by a car driven by Harvey Stump as she was crossing Sixth street Saturday afternoon, was resting comfortably at the Community hospital today. Dr. R. W. Clancy, attending physician, stated she sustained no bone breaks or fractures but that serious internal injuries will necessitate her confinement in the hospital for an indefinite period. She is suffering considerably from shock. Dr. Clancy said.

90 PER CENT OF WORKERS FOR F. R.

HYDE PARK, N. Y., Oct. 5.—(AP)—William Green, president of the American Federation of Labor, said today he had informed President Roosevelt that 90 per cent of both organized and unorganized labor throughout the nation was for Roosevelt's re-election.

Green, a luncheon guest at the summer White House with Frank Murphy, Democratic candidate for governor of Michigan, said he also discussed the industrial-craft union controversy with the president and reported prospects for labor peace were "better."

ROSEBURG, Ore., Oct. 5.—(AP)—Darwin Miller, wanted in Grants Pass on a charge of non-support, was taken into custody here today, according to a report from state police headquarters, and is being held for Sheriff E. H. Lester of Josephine county.

REGISTRATION OVER 1934 PREDICTED BY JACKSON CO. CLERK

Registration for the general election November 3 will show an increase over the 1934 figures when it was 18,864 for all parties, according to County Clerk George Carter, and will probably pass the 20,000 mark, the official said this morning.

County Clerk Carter estimates there are close to 30 new voters in Jackson county, now registered. The majority of these registrants are from North Dakota, South Dakota, Oklahoma, Kansas and Arkansas. Former residents of Arkansas led the newcomers, the clerk said.

Of the newcomer registrants it is estimated that 85 per cent registered as Democrats. Both major parties are predicted to show gains over the 1934 election. In that year the registration totaled 18,864, with 11,162 Republicans and 7,748 Democrats. The remainder were registered to minor parties.

Registration was heavy all last week, particularly in the evenings. Saturday night the applicants filled the clerk's office and overflowed into the hall.

A force of regular clerks and two extra clerks, is busy segregating the registration cards as to party and classification and precincts.

STARVING GIRL IS FOUND IN HOTEL

OAKLAND, Calif., Oct. 5.—(AP)—Pound starving in a hotel room. Miss Alma Hansen, 18, of Salem, Ore., was taken to a hospital today while juvenile authorities communicated with her parents, Mr. and Mrs. Nels Hansen.

Miss Hansen told Dr. Harold Kay she came here three weeks ago with friends to seek employment. She had saved \$25 from her employment as a domestic at Salem after she left high school last fall.

The girl obtained temporary work as a theatre usher. Her money gradually became exhausted and she fainted Friday while seeking employment in a store.

Then she went two days without food and was found in bed by a hotel maid.

HIT RUN DEATH SOLUTION SEEN IN ARREST HERE

Lester J. Messal, Lake Creek Logger Admits Hitting Everett Thompson at Talent Sept. 13, Police Claim

The hit-run death of Everett J. Thompson, 44, of Talent, who was killed by a motorist while walking on the Pacific highway near Talent at 8:15 p. m. Sunday, September 13, was believed solved by police Saturday night upon the arrest by city police here of Lester J. Messal, 28, Lake Creek logger who has been working near Klamath Falls.

Messal was arrested by City Officer Walter Reinking as he drove his 1935 black Chevrolet coach into a local service station at 11 p. m. Saturday. Police had been looking for him following a tip received from state police officers at Klamath Falls that he was headed toward Medford.

Admission Claimed. Messal was taken to the police station and questioned by city and state police. He at first insisted, according to police records, that he had hit a deer near Lake Creek, the impact resulting in the marks found on his car. However, according to the police, he admitted that he was the driver who had hit Thompson.

He told officers that he was driving south on the Pacific highway, headed toward the McCallum mill 15 miles west of Klamath Falls on the Greenspring highway, where he was employed. Just south of Talent, he told police, he met an oncoming car with bright lights which partially blinded him. Thompson, he said, was walking on the highway and in jumping out of the way of the north bound car leaped directly into the path of Messal's machine.

He told officers that he did not stop because at the time of the tragedy he was operating an auto without a driver's permit. The permit had been revoked by the secretary of state upon the recommendation of Justice of the Peace William R. Coleman when Messal was convicted of reckless driving in justice court here on July 6 after he had hit a house on West Main street July 3. He was fined \$75 at that time, and his driver's permit suspended for six months.

Became Flustered. The prisoner told officers that he knew at the impact that he had killed Thompson, and had become flustered when he realized the seriousness of the case in addition to his lack of a permit. He said that he drove to the Jackson Hot Springs before stopping, and that there he had debated with himself as to the course to pursue before driving on.

On the following Tuesday, before his car had been repaired, he received word that his wife had given birth to a boy at a local hospital and drove to Medford in the alleged death car. He told police, He returned the next day and some time that week secured parts to repair the machine in Klamath Falls, he said.

District Attorney Codding today said that a charge of driving an auto without a permit would probably be filed against the man, with the charge that a manslaughter charge would be filed, or that the case would be remanded directly to the grand jury. No preliminary date has been set this afternoon, and Messal was held without bonds.

HUNTERS ALLOWED RE-ENTER FORESTS

SALEM, Oct. 5.—(AP)—Governor Martin lifted the ban on entry to all forests in Oregon today with the exception of those in Lincoln, Coos and Curry counties, with the announcement the game commission would likewise lift the hunting restrictions with the same exceptions.

The exceptions were listed not due to fire hazards, but as protection for the hundreds of men in that region fighting fire. Entry to hunters, the governor said, might endanger lives of those men.

The executive department stated that the proclamation opened both national and state forests unless national forests had been closed by federal order. The governor's office stated it had no knowledge of any federal order.

LONDON, Oct. 5.—(AP)—Fifty marauders invaded the Jewish colony in London's East End today to raid shops after police had quelled an earlier anti-fascist demonstration.

With bricks and stones, the raucous band smashed windows and plate glass fronts in a renewal of street rioting which forced cancellation of a parade planned by Sir Oswald Mosley, British fascist leader.
