

### SOUTHERN OREGON TEACHERS TO HOLD MEET IN ASHLAND

October 30-31 Set for Joint Institute and Educational Conference — Able Educators Scheduled to Speak

ASHLAND, Oct. 9.—(Spl.)—A joint county teachers' institute and educational conference, which will probably attract between 500 to 700 teachers from Lake, Klamath, Jackson and Josephine counties, will be held at Southern Oregon Normal school on Friday and Saturday, October 30 and 31. It was announced Thursday by Dr. Walter Redford, Normal school president.

The gathering will be similar to the one held here last spring, except that it has added the teachers' institute phase and will be much larger as a consequence.

**Gifted Men Coming**  
Many able educators and gifted speakers have been engaged to appear at the conference, the purpose of which is to stimulate elementary teachers and to help them keep abreast of progress in education. Dr. Redford said he felt it was the Normal school's duty to take the leadership in this area in promoting such a program. He hopes to make it an annual affair, probably taking the place of the spring conference.

Among the speakers and authorities on education to be here are Dr. F. W. Hart, professor in the school of education at the University of California; E. O. Sisson, professor of philosophy at Reed college in Portland; Dr. O. L. Chambers, professor of psychology at Oregon State college; Dr. C. A. Howard, superintendent of public instruction, for Oregon; Dr. E. F. Carleton, secretary of the Oregon State Teachers association and editor of the Oregon Educational Journal; Frank Branch Riley, Portland attorney, writer, and public speaker; Miss Bertha Kolhagen, state supervisor of home economics education in Oregon; and Miss Grace Forrett, one of Portland's most efficient primary instructors.

**Program is Planned**  
Visiting teachers will register at 8:30 a. m. Friday, October 30, with the morning program opening with music by the Jackson County Teachers' chorus. Speakers for the morning include Mr. Sisson, Dr. Howard, Dr. Hart and Dr. Chambers.

Dr. Hart will open the afternoon sessions with an address on "What Graduating High School Seniors Think of the Teachers They Have Had." Sectional meetings will be held with the teachers divided as follows: High school teachers, primary and rural teachers, learning problems in the elementary grades, and home economics. Addresses by Mr. Carleton and Mr. Riley are also included on the afternoon's program, which will be concluded with county business meetings for the nominations of county and state officers and the election of county officers.

### Meteorological Report

October 9, 1936.  
Forecasts.  
Medford and vicinity: Fair tonight and Saturday; not much change in temperature.  
Oregon: Fair tonight and Saturday, but local fogs on coast; slightly warmer east portion tonight.  
Local Data.  
Temperature a year ago today: Highest, 84; lowest, 43.  
Total monthly precipitation, trace. Deficiency for the month, 0.24 inch.  
Total precipitation since September 1, 1936, 0.35 inch. Deficiency for the season, 0.41 inch.  
Relative humidity at 5 p. m. yesterday, 14%; 5 a. m. today, 65%.  
Sunrise tomorrow, 6:18 a. m.  
Sunset tomorrow, 5:38 p. m.

### CHAPMAN RANCH BUILDINGS BURN IN VALLEY VIEW

ASHLAND, Oct. 9.—(Spl.)—Apparently starting from a spark in the dry ground hay in the mow of the barn, quick, hot flames swept through outbuildings and two dwellings on the C. R. Chapman 40-acre fruit ranch in Valley View, Thursday, and leveled all principal structures.

Only a tall, blackened fireplace and chimney and a small building used as a shop and feed house were left standing an hour after the fire started.

Mr. Chapman was unable to estimate the loss, but said it would amount to at least \$5,000 and might run to twice that figure. He said only about half of the value was protected by insurance.

A. P. Hollingsworth of Ashland was grinding hay when the fire started, and both he and the owner of the ranch believe the spark was caused by rocks going through the grinding machine along with the hay. They think the spark traveled through the blow pipes to the haymow.

The blaze was first noticed by Jack Lister, Mr. Chapman's step-son. All furniture from both houses was saved by the Chapman family and neighbors, who saw the smoke and rushed to help. The state fire patrol sent a truck and crew of men to the scene, but they found only smoking embers.

The burned buildings included a six-room house and a four-room house, a large chicken house, large barn, a machine shop and a four-car garage. The immediate Chapman family lived in the larger house and a daughter and her husband, Mr. and Mrs. Robert Camborn, resided in the four-room dwelling.

Dr. Chambers will speak on "Learning and Behavior Problems," Saturday morning before the group attends more sectional meetings. After an intermission following the section meetings, Mr. Sisson will address the entire group on "Our Profession."

### DECISION DELAYED ON MILK PRICE ADVANCE

PORTLAND, Oct. 9.—(AP)—Although an complaints were filed by consumers, the state milk control board adjourned without a decision on the proposed one-cent jump for grade A milk.

Representatives of producers, grocers and distributors were heard. The commission said it would consider the arguments for an increase in executive session and make an announcement within the next few days.

Producers have urged a boost to make the Portland market more attractive, thus relieving the shortage in this city.

Safeway bought these steers for their fine quality and also to help and encourage 4-H Club work. We hope there will be more entries in the 4-H contest next year. These steers have had the best care and scientific feeding. Medford Safeway markets will feature this prime meat tomorrow—be sure to come in for a roast or steak.

**BILL SAYS:**  
"Come on, have another cup. This is Hills Bros. Coffee. The finest you can get. We've always used it at our house."

**JOE THINKS:**  
By golly he's right... Bill's got the idea about coffee. I'm going to tell the wife tonight to start on Hills Bros. and stick to it... from now on.

Fifty-eight years ago news traveled slowly, by word-of-mouth. Fifty-eight years ago Hills Bros. Coffee was introduced, and by word-of-mouth, one friend recommending it to another, it became known as the finest coffee. Today news travels more quickly. By plane. Wire. Radio. But friends still tell friends about the goodness of Hills Bros. Coffee... unchanged throughout the years.

**GOOD COFFEE DESERVES CARE IN BREWING**  
The Correct Grind of Hills Bros. Coffee is a standard set by a knowledge of coffee acquired through more than half a century of roasting and packing coffee. The Correct Grind is as fine as coffee should be ground. Finer grinding sacrifices flavor and aroma, as well as keeping qualities after the can is opened. Hills Bros. Coffee should not be reground. The Correct Grind is guaranteed to produce the finest-tasting beverages in any type of coffee-maker. Directions for making coffee by the method you use will be sent on request.
