BAN ON FOREST FIRES CONTINUED IN FORCE

The restriction against fires in Oregon's forests, originally scheduled to be lifted October 15 after being in force since May 15, has been extended until further notice, it was announced today by the state forest patrol.

Dry weather continuing later than usual was given as the reason for continuing the ban. Ordinarily after tomorrow the restriction would be lifted and it would be legal to start fires in the forests without a permit.

The ban is against fires of any nature, whether they be for camping, brush burning, washing burning, or others.

On Rialto Bill

Eddie Quillan and Charlotte Henry are shown above in a love scene from "The Gentleman From Louisiana," which plays at the Rialto theatre today and tomorrow on the double bill program with "Don't Turn 'Em Loose."

Inspired by many such cases now in police records, "Don't Turn 'Em Loose" depicts the activities of a confirmed felon, played by Bruce Cabot. Through the aid of a slick attorney and the credibility of an apathetic parole board, he is freed from prison after a brief sentence, only to return to former habits and occupations.

Lewis Stone portrays the father who is torn between a duty to the state and his parental love. Other notable players in the cast are James Gleason, Betty Grable, Louise Latimer and Grace Bradley.

With Quillan and Miss Henry in the cast of "The Gentleman From Louisiana," are Charles "Chic" Sale, Marjorie Gateson and John Miljon. The story deals with the life of the world's greatest jockey and America's most notorious racing scandal.

"China Clipper" Coming Thursday

Thrill follows thrill in the smashing romance of the air, "China Clipper," which comes to the Craterian theatre tomorrow for a three-day run. Fat O'Brien heads the cast, which also includes Ross Alexander, Beverly Roberts, Humphrey Bogart, Marie Wilson and Henry B. Walthall.

Filed for the most part at Alameda, air base for the clipper ships, the film deals with the men of unbounded enthusiasm and courage, pioneers in establishing a trans-oceanic air line, and the flights of dare-devil pilots who risked their lives in battles with fog and storm to hose their ships into foreign lands.

O'Brien is the war ace who battles against innumerable obstacles with almost fanatical determination to put over his idea of a trans-oceanic aviation line. How he finally succeeds, and the many exciting adventures that he undergoes in his fight, makes the picture replete with thrilling entertainment.
