

BUDGET DEMANDS EXCESSIVE, WARNS GOVERNOR MARTIN

(Continued from Page One.)

him, and that he directed his budget director, Wallace S. Wharton, to make necessary reductions to keep expenditures within the revenues available for general fund use.

Demands Doubled

The demands from the direct appropriation departments, exclusive of the money required during the biennium for the construction of the new capitol building and exclusive of self-sustaining departments already filed with the budget department, totaled \$21,900,000 as compared to \$11,152,500 appropriated for the same departments two years ago.

Continuing his warning, the executive said the "people must arouse themselves and realize definitely that money expended by the state comes out of their own pockets and does not grow on bushes."

Analysis of the budget reveals that the major items include \$3,600,000 for the state's share of assistance to the poor, \$2,381,400 for the state's share of old age assistance, both of which must be matched with similar amounts by counties; \$5,054,421 from the 11 state institutions, an increase of \$1,648,753 over the current biennium; \$5,218,850 for the state board of higher education, of which \$1,322,049 is a supplementary appropriation by the legislature in addition to the millage tax; \$310,000 for o-phans and foundlings and \$60,000 for care of wayward girls.

HUNTERS DO WELL ON OPENING DAY

A fusillade of shots this morning ushered in the 1936 upland game bird season as hundreds of bombers took the field for Chinese pheasants and quail. Many hunters reported good luck on the floor of the valley as far as pheasant shooting was concerned, but the reports of successful quail bagging were less frequent.

Some hunters are making a week-end of it, and hit for the foothills and mountains in search of native pheasant and grouse. Reports from these sources will not be made for several days.

Several complaints were made to city and state police against hunters invading private property and shooting inside city limits, but on the whole the army of hunters gave little trouble, it was reported.

AUTOISTS INJURED IN NORTH HIGHWAY CRASH

Bert Lee of Grants Pass is in Medford Community hospital here today following an auto crash on the Pacific highway about eight miles north of Medford last night, and reports from Grants Pass stated that Miss Helen Eitriken was in a Grants Pass hospital as a result of the same crash.

Lee, brought to Medford by a passing motorist, told the attending physician that he had been blinded by approaching headlights and lost control of his car which turned over in a ditch. He was suffering from head cuts that were not considered serious. He will leave the hospital probably tomorrow.

Miss Eitriken was taken to Grants Pass by a motorist. Her injuries were undetermined today, but were believed not serious. The car, a light sedan, was badly damaged. It was towed into this city.

HELP 15 MILES OF KIDNEY TUBES

To Flush out Acids and Other Poisonous Waste

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people have about 3 pints a day or about 3 pounds of waste. Frequent or scanty passages with smarting and burning shows that you are something wrong with your kidneys or bladder.
