A Trust
A Monopoly
A Public Gouge!

The group of dentists that lobbied through a bill to prohibit truthful advertising is an outright trust, and their every action smacks of monopoly. Their attitude has always been, "Do as we say—or else!" They want to keep themselves shrouded in super-natural nonsense, with a sort of "God-all-mighty" halo around their dental office—their edifice that sets them apart from other men—THE MOST RIDICULOUS THING IN AMERICAN LIFE TODAY. If you want reasonable priced dentistry, by some of the best educated and experienced dentists in the profession, see that the constitution of Oregon is amended in November to permit truthful advertising—and destroy the sinister power of this dental trust and monopoly.

At a most interesting meeting of the auxiliary held last Monday evening it was decided to hold a home-made cake, cookie and pie sale October 24 at the Reliable grocery on North Central Avenue just north of Sixth street. All proceeds derived from this sale are to be sent to the Bandon relief fund of the American Legion auxiliary. Those participating in the drive are asked to meet at the home of Mrs. Smith on the above date at 9 o'clock to receive instructions, returning to Mrs. Smith's home for luncheon at noon. All who wish to help are asked to phone Mrs. Roland Smith at 934-J.

the children of the community but lack of funds has been our drawback. By recreation center we mean a place to play ball, swim and such things without charge. Our hospital work will never be ended as each year we see more and more of the veterans of the World War enter the hospitals. Our work is to see that they receive the little things of life that are so important when you are ill and to help take care of the families that are so often left destitute when the father of the family has to give up his work. It is true the government allows them a little allowance but it is most often too little to take care of them.
The dues for membership in the American Legion auxiliary are very small and a great deal of worthwhile work is being done by the members, so all eligible—consider it a privilege to belong and help keep up the good work being done. We serve in peace time and are trying to preserve a 100 per cent Americanism among the citizens of our country. Why not help?

Garden Club In Move To Defeat Ad Law Change

The Medford Garden club last week joined forces with the Portland Better Business Bureau and other groups, fighting the amendment to the state constitution, which would repeal the "prevention or regulation of certain advertising if truthful." Miss Jane Snedcor, president of the club, announced yesterday, asking all Garden club members and sympathizers to vote "No" on the amendment.
The amendment will appear on the November ballot and Garden club leaders feel it would vitally affect the aims of the Garden club of Oregon, if passed. A letter from Mrs. H. G. Pearson, chairman of the roadside committee, was received last week by Miss Snedcor. It urges all clubs to oppose the measure and present the negative arguments, prepared by the Better Business Bureau of Portland.
The bureau contends that "this innocent appearing proposal is a vicious amendment to our state constitution and not an ordinary initiative measure. While it is held out by its sponsors as a desirable measure, the fact is that it utterly destroys existing laws, which protect our people from selfish interests, who may wish to promote their own ends through immoral, indecent and fraudulent advertising."
The dissertation ends with these slogans: "Protect our citizens and their children from indecent and fraudulent advertising," and "Keep out the unscrupulous promoter."

Oregon Tax Limitation Situation Explained

(Editor's Note: This is the sixth of a series of articles on the tax situation in Oregon, written for this newspaper by Dr. James H. Gilbert, dean of the college of social science at the University of Oregon. Dr. Gilbert, who is also professor of economics at the university is regarded as an authority on the tax situation in the state of Oregon and is frequently consulted by state officials and others.)

Tax Limitation and Reduction Cities and Port Districts — The Problem of Debt Service
(By James H. Gilbert)

Perhaps no grade of government will be harder hit by the tax limitation amendment than Oregon cities. In addition to enforced reduction of assessments, many municipalities will be confronted with a low levy for 1937 which, the reader will recall, becomes the base for 1937 from which graded annual reductions are made.
The Bureau of Municipal Research and Service has studied the precise effect of the proposed amendment on city finance. Some eight cities, because of a combination of factors may actually raise their levies in spite of tax "reduction."
In sixty Oregon cities the cut by 1942 will amount to more than 40 per cent—in many, as high as 60 per cent and in one (Toledo) as high as 70 per cent.
Moreover, cities are burdened by accumulated debts, and in at least a half dozen cities the levy for debt service exceeds the levy for operation. Since the city can't repudiate its debt and must meet interest and sinking fund obligations, the cut, based on the total levy, must come out of the operating budget entirely.

In Eugene tax levies for debt service are 33 percent of the total. When debt service is taken care of the operating budget must decline by 55 percent before 1942 is reached. With this must come crippled fire departments, inadequate police service, dirty and unkempt streets, neglected parks and public buildings. Real estate is not likely to be in demand where government functions are neglected. These services mean the difference between civilization and barbarism.
Port districts are in a more precarious condition. Practically the entire levy is for interest on bonds and maturing obligations. Mr. Henry Reed has shown that the Port of Portland can levy under the amendment \$126,000 less than interest and maturing require. To make impossible for port districts, irrigation, drainage districts, to meet their contract obligations is clearly in conflict with the federal constitution (Article I, Section 10) where states are forbidden to pass a law "impairing the obligation of contracts."
The amendment, if it passes, must face a test of constitutionality. In the meantime, the credit of cities, port districts and other local governments must suffer.

Queen Mother Marie bestowed the kiss upon her son, King Carol. The occasion was the monarch's 43rd birthday.
Rumania immediately saw in the queen mother's gesture of affection an indication of reconciliation in the long-divided royal house.

MAN CAN NOW TALK WITH GOD

MOSCOW, Idaho. — "A new and revolutionary religious teaching based entirely on the misunderstood sayings of the Gailian Carpenter, and designed to show how we may find, understand and use the same identical power which Jesus used in performing His so-called Miracles." is attracting world-wide attention to its founder, Dr. Frank B. Robinson, noted teacher, author and lecturer.
"Psychiana," this new psychological religion, believes and teaches that it is today possible for every normal human being, understanding spiritual law as Christ understood it, "to duplicate every word that the Carpenter of Galilee ever did"—it believes and teaches that when He said "The things that I do shall ye do also," He meant what He said and meant it literally to all mankind, through all the ages.
Dr. Robinson has prepared a 6000 word treatise on "Psychiana," in which he tells about his long search for the Truth, how he finally came to the full realization of an Unseen Power or force "so dynamic in itself that all other powers and forces fade into insignificance beside it"—how he learned to commune directly with the Living God, using this mighty, never-failing power to demonstrate health, happiness and financial success, and how any normal being may find and use it as Jesus did. He is now offering this treatise free to every reader of this paper who writes him.
If you want to read this "highly interesting, revolutionary and fascinating story of the discovery of a great Truth," just send your name and address to Dr. Frank B. Robinson, 127 Tenth Street, Moscow, Idaho. It will be sent free and postpaid without cost or obligation. Write the Doctor today. — Copyright, 1933, Dr. Frank B. Robinson.—(Advertisement)
