HOSPITAL CONVERSION FOR MENTAL CASES IS OPPOSED IN ROSEBURG

ROSEBURG, Ore., Oct. 22.—(AP)—State Senator Walter S. Fisher of Douglas county announced this morning that he is communicating with Governor Charles Martin urging the governor to make immediate protest on behalf of the veterans of the state of Oregon against the ordered conversion of the U. S. veterans administration facility here into an institution for neuro-psychiatric cases, now planned to start about Jan. 15.

The governor will be asked to request the veterans administration to modify its order and provide additional facilities, rather than make a conversion of present units.

Senator Fisher's plan is based on the fact that veterans of southern Oregon and northern California, now provided with hospital and domiciliary service by the institution at Roseburg will be left without needed care or resources in emergencies.

Fisher is preparing, he said, to provide briefs, setting forth data, relative to the need for continuation of hospital and domiciliary care at the veterans facility here, for the use of Senators Charles L. McNary and Frederick Steiwer, who will be asked to join in the appeal to the veterans administration for a modification of the order.

Resolutions protesting the conversion and urging additional facilities to handle N-P cases have previously been adopted by the American Legion, Veterans of Foreign Wars, Spanish War Veterans and other groups of ex-service men in Roseburg. Fisher points out:

FEW POLIO CASES FOUND IN OREGON

PORTLAND, Oct. 22.—(AP)—The Oregon state board of health in commenting on recent inquiries concerning infantile paralysis, said today Oregon had experienced no epidemic of the disease since 1927 and that "it would seem probable that the chances for infection in Oregon are less than in any other state."

In 1927, a total of 800 cases resulted in 80 deaths. Last year, 52 cases led to 19 deaths—the highest mortality since 1928. Thus far in 1936, 29 cases and six deaths have been reported. Two fatalities occurred in Portland and one each in Klamath, Lane, Marion and Washington counties.

The health board, in reporting that "the number of cases occurring annually in Oregon is less per capita than in any other western state if not in the United States," said the statistics were issued today "in order that there should be no unnecessary alarm."

NEW JERSEY, DELAWARE SEEN FOR ROOSEVELT

NEW YORK, Oct. 22.—(AP)—Democratic Chairman James A. Farley, who has predicted President Roosevelt's re-election by a landslide said today he would carry the normally Republican states of New Jersey and Delaware.

The chairman has never before in this campaign included either state in any of his claims of victory.
