BELLVIEW ROUTE WILL BE OPENED TO TRAFFIC SOON

ASHLAND, Oct. 23.—(Sp)—With the pavement in the Bellview area of the new Sklakyou highway nearly completed, the new road was expected to be open to traffic within two weeks. Engineer P. P. Whitmore said today.

The Mountain States Construction company crew was busy Thursday tearing up about 300 feet of narrow blacktop pavement near the Southern Oregon Normal school to make way for the new material which will join the present widened boulevard with the new highway.

Only approximately 1200 square yards of pavement remain to be laid in the 25,000 square yard job, Mr. Whitmore said. The portion from the Bellview school to the south end of the 180 mile contract will be opened full width tomorrow and the barricades will be moved 1000 feet north each day, about the amount paved in one day.

A contract will probably be let in November for six miles of concrete and asphalt pavement from the present job to Sklakyou station, which will get underway after the first of the year. It will complete the paving of the present graded roadbed, even including the McNutt Brothers contract still in progress.

The next grading contract to be awarded, Mr. Whitmore said, will be for two miles from the California line this way.

- Palace Beauty Shop Permanent Waves Haircuts

Attempted Rescue Results In Death

MARSHFIELD, Oct. 23.—(AP)—A plunge into the cold waters of South Cook river in a heroic effort to save the life of a seven-year old lad brought death to Clarence Woodard, 42, of Idylwood. Physicians said they believed Woodard died of a heart attack.

The child, Clyde Douglas, was taken from the river by Claude Huff, 15-year old Boy Scout. Clyde fell from the riverboat "Favorite."

NEW HEALTH DEPUTY IS INTRODUCED HERE BY DR. F. D. STRICKER

Dr. Frederick D. Stricker, state health officer, was in Medford Wednesday to introduce to physicians and health officers of the city and county Dr. A. E. Bostrom who was recently appointed as assistant to Dr. Stricker.

The two state officers met with the board of the Jackson County Health association at the court house to advise the group of a new children's fund which will be made available to the association after the first of the year. The fund is an outgrowth of the Sheppard-Towner act passed by congress sev-

eral years ago and is for the use of children's general welfare. Dr. Stricker explained the technical details necessary in procuring a share of this fund and introduced Dr. Bostrom to the board.

Dr. Stricker and Dr. Bostrom were also guests at the regular dinner-meeting of the Jackson County Medical association at the Hotel Medford Wednesday night. Dr. Bostrom was introduced to about 30 members and guests. Dr. R. E. Green was host for the session and Dr. Dwight H. Findley presented the paper of the evening.

Dr. L. D. Inskeep conducted Dr. Stricker and Dr. Bostrom on an inspection tour of the city's new sewage disposal plant early yesterday morning, after which the visiting doctors continued to Klamath Falls where they were to meet with doctors and health workers of that section.

VOYAGEURS LEAVING FOR EUGENE FEAST

Several Jackson county members will attend the annual venison dinner of Lane county Volture No. 80, 40 at 8 to be held in Eugene at 7 o'clock tomorrow night.

All state officers are expected to be present as a meeting of the grand cheminots will be held at 5 p.m. in the Del Rey cafe.

All voyageurs of the state are invited. Those attending will have the opportunity of seeing the Oregon-Washington State football game.

Acting Mayor Dies
MARSHFIELD, Oct. 23.—(AP)—Funeral services were to be held this afternoon for George Fourier, 80, acting mayor of Marshfield, who died

Wednesday night. Fourier, serving as head of the city administration in the absence of Mayor Charles Huggins, suffered a heart attack several weeks ago while assisting with rehabilitation plans at Bandon.

Jail Drunk Driver
REDSFORD, Oct. 23.—(AP)—Thirty days in the Douglas county jail at Roseburg and a fine of \$100 was imposed upon Theodore Glenn Pederson, Eugene, by Justice of the Peace Warren Benson. Pederson was arrested by state police on a drunk driving charge.

BAGLEY PLANT READY FOR CANNING APPLES

ASHLAND, Oct. 23.—(Sp)—With the season's tomato pack finished Wednesday, employees at Bagley Canning company in Ashland were today awaiting the beginning of the apple canning season, which will

probably start Monday. No figures are yet available on the total tomato pack, the cannery office reported, but it was considerably larger than last year.

The apple season will be confined entirely to canning. It will be the first time in two years that apples have been handled, the firm announced.
